JUNG'S SEED ANNUAL FOR 1945

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

GIANT TENDERGREEN

GREEN POD BUSH BEAN

Giant Tendergreen
Immense Yields. Giant Tender Pods.
Absolutely Stringless.

A new green podded bush bean, very productive, absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green podded bush bean. **Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 75c.**

SWEET CORN

Jung's Extra Early Golden Bantam

This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth averaging 4 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted closely together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. **Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.**

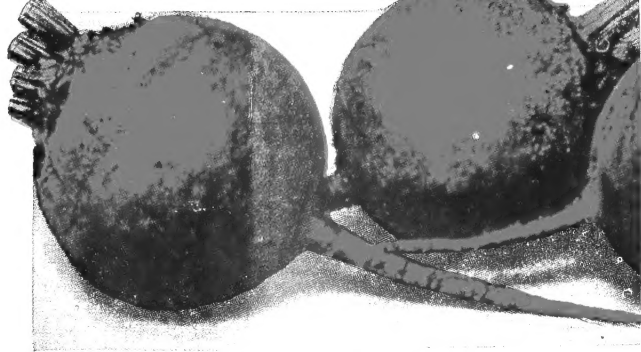

BLUE BANTAM

Sweet Luscious Peas Blue Bantam

A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4 1/2 in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying them out. **Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.**

"Quality Seeds"

From good seeds only can good crops be grown. The cost of the best seeds is very small when compared to the resulting crop. With Jung's it's "Quality First."

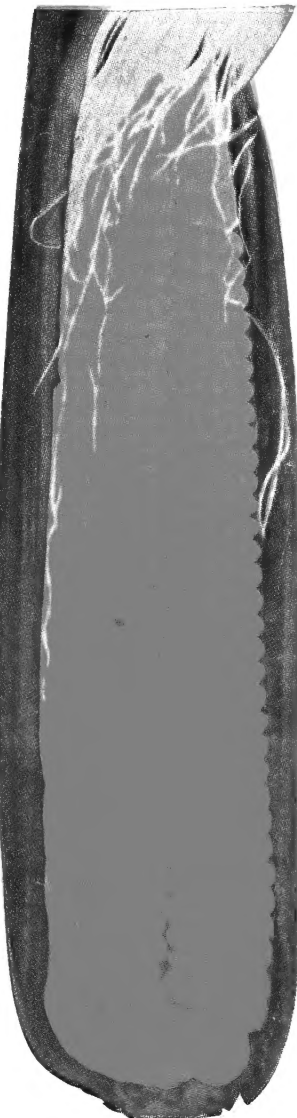

EARLY WONDER

Eight Garden Leaders

The eight excellent vegetables offered below are of varieties we highly recommend. You should have them in your garden.

Early Wonder Beet

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. **Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 60c.**

GOLDEN BANTAM

STRAIGHT-EIGHT

Straight Eight Cucumber

Unexcelled for Shipping, Slicing or Pickling - This fine new cucumber received the All American Gold Medal as one of the most outstanding vegetables of the year. It is one of the finest shipping cucumbers as the fruits are deep green, free from objectionable light striping and is very productive. The cucumbers run very uniform in size, usually about 8 in. long, 1 1/2 in. in diameter, well rounded but not tapered ends. A fine cucumber for either home or market garden as it yields heavily and can be used for shipping, pickling or slicing. **Pkt. 10c.; cz. 20c.; 1/4 lb. 70c.; lb. \$2.50.**

PLANT A GARDEN

It is surprising how much food can be grown in a well cared for garden at small expense, and vegetables fresh from the garden are crisp, tender and full of health building vitamins. Please do not order more seeds than are necessary and do not sow them too thick.

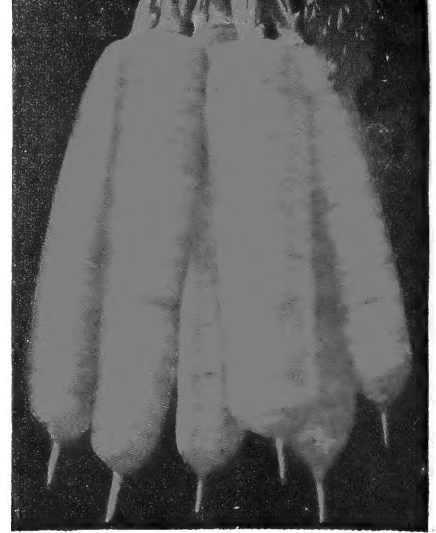

TOMATO

Jung's Select "John Baer"

John Baer Tomato has always been a popular favorite with our customers ranking as one of our best main-crop varieties. Much selection has been done to improve its good qualities, especially for earliness and yield. Fruits are large in size, globe shaped, deep red color, very smooth and solid. **Select Seed of our own growing: Pkt. 10c.; 1/2 oz. 35c.; oz. 60c.; 1/4 lb. \$1.75.**

Making a Garden

We have prepared a booklet of valuable information on growing Vegetables and Flowers. You may have a copy free with your order. Ask for it.

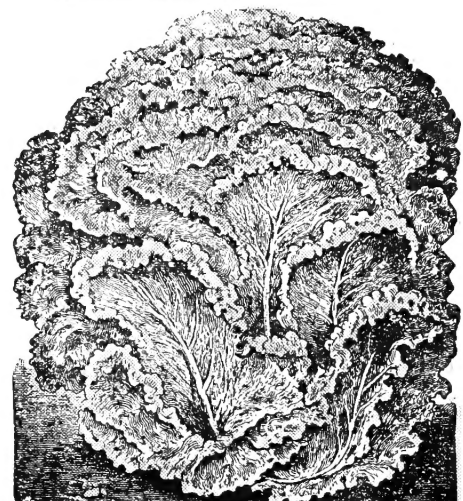

CORELESS

Coreless Carrot

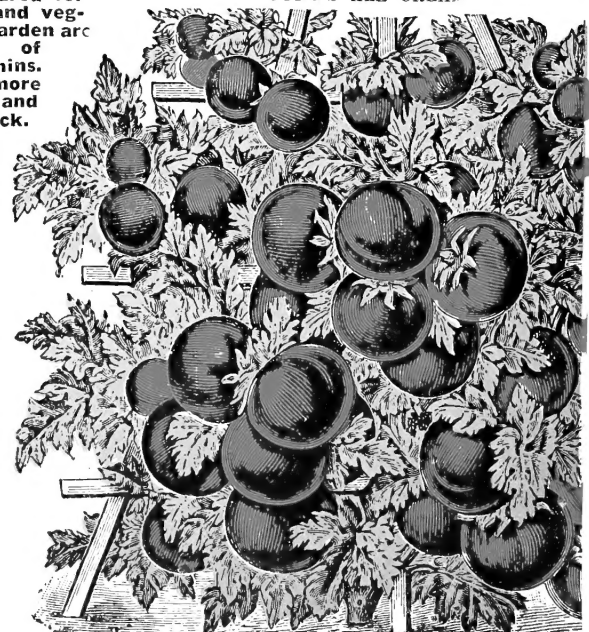

A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1 1/2 in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. **Pkt. 10c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.00; lb. \$3.00.**

Jung's All Cream Lettuce

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. **Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 85c.**

When You Think of Gardens and Flowers Think of "JUNG'S"

We are an institution that has been built by fair and honest dealing, reasonable prices and supplying to our customers Seeds, Shrubs, Plants and Bulbs of superior quality.

To many thousands of gardeners in all parts of the United States we need no introduction, but to those who receive this catalog for the first time a few words about ourselves may not be amiss, or out of place.

From a very small beginning in 1907 our business has grown to its present size, our satisfied customers are numbered in thousands and are located in all parts of the United States as well as foreign countries.

With us "Quality" has always been the first consideration and in growing our seeds and plants every effort is made to produce a superior product, in other words seeds and plants which will please you so that you will keep on ordering year after year.

Here in one of the finest farming sections of Wisconsin we own and operate over 800 acres of fertile soil devoted mostly to the growing of Hybrid Seed Corn, Certified Seed Grain, Garden and Flower Seeds, Bulbs, Shrubs and Plants.

The operation of our farms and growing crops is

under the care of able experienced men who have had many years of experience in this work, they are all honest, conscientious men and their aim is always to produce something that is "just a little better."

Selection and improvement of seed stocks is done from year to year so that you will receive seeds that will produce high grade yields and uniform products.

We always were believers of the old saying:

"A Satisfied Customer is the Best Advertisement"

and a large part of our business has been built up by the kind words spoken to their friends and acquaintances, to you we wish to extend our thanks and appreciation.

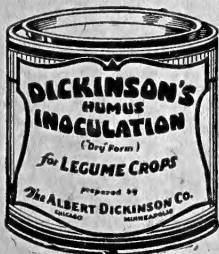

May we especially stress that you will be doing both yourselves and us a great favor by sending your orders early, you will then be sure of having your seeds on hand when planting time arrives and we will be in much better position to give your orders special attention.

Our thanks are expressed for your orders the past season and you may rest assured that we will spare no effort to give your orders our most careful attention again this coming season.

J. W. JUNG SEED CO.

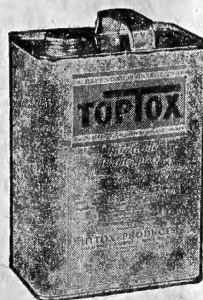

Dickinson's Humus Inoculation Will Increase Your Crops of BEANS, PEAS and SWEET PEAS

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. **Garden size Pkt.** (enough for 5 lbs. of seed) 10c; 3 for 25c. **Bu. size for Beans or Peas** 50c.

Protects Your Shrubs and Plants

This new repellent is guaranteed to be the most effective and efficient spray on the market. Especially prepared for use in gardens where one is bothered by dogs and other animals. It is non-poisonous and guaranteed not to injure dogs, plants or others coming in contact with it. Only a solution having a disagreeable odor offensive to animals with a keen sense of smell. Applied with a small hand sprayer and lasts several weeks. Indispensable around the home garden. **3 oz. bottle** 70c; 3 for \$2.00. Money refunded if not satisfactory.

TOPTOX Plant Spray

On our Seed Farms and Nursery we have tried out many different Plant Sprays and we find Top Tox has given us by far the best results, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves or tender flowers.

Easy to use as all that is necessary is to add water. Full instructions with each bottle or can.

Top Tox costs a little more than many other sprays but you will find it the cheapest when results are compared.

1 Oz. Bottle (makes 3 gals. Spray)\$.35
6 Oz. Can (makes 18 gals. Spray) 1.00
1 Pt. Can (makes 40 gals. Spray) 1.75
1 Qt. Can (makes 80 gals. Spray) 3.00

The New Hormone Seed Treatment

This is a powder to be applied by dusting on seed before sowing and has given splendid results on Garden, Farm and Flower Seeds. It makes more and stronger roots, helps germination and plants thus treated will produce better and larger crops. Easy to apply, use 1½ to 2 oz. per bu. of seed. **Pkt.** (enough for the average garden) 25c; 1 lb. \$2.75; 5 lbs. \$12.00. Detailed information on its use for different crops sent free.

INSTRUCTIONS ON ORDERING

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

Please Use Order Sheet On Last Page

PREPAID DELIVERY CHARGES AS FOLLOWS

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart; also on all bulbs and plants offered in quantities up to 200. On plants in lots of 200 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds in quantities of over 3 pounds we do not pay charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

OUR RESPONSIBILITY

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

DISCLAIMER

"The J. W. Jung Seed Co. gives no warranty, express or implied, as to productiveness of any seeds, bulbs or plants it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed."

C. O. D. ORDERS

We do not advise shipping orders C. O. D., as there is an extra charge of 24c on each order. However, if wanted we will ship orders C. O. D. if 25 per cent of the amount is enclosed when goods are ordered.

ORDERS PROMPTLY FILLED

Under normal conditions we will fill orders for seeds within 48 to 72 hours after they are received. If your order includes potatoes, bulbs, plants, etc., which cannot be safely sent in cold weather, these items will be sent when safe to ship or at proper time for planting.

ERRORS OR MISTAKES

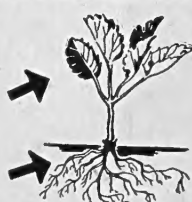

We are only human and will make errors; however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some items which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

SPECIAL PRICES

If you are a market gardener or gardener who requires a large quantity of seeds write for a free copy of our market gardeners price list.

Order Early

Transportation, including parcel post, express and freight, are overburdened and service is not as prompt as formerly. For this reason order early, you may not get the seeds and plants you want and not get them in time if you delay ordering until spring. Play safe by ordering early.

Treated

TRANSPANTONE
Reg. U. S. Pat. Off.

**Increases Root Growth
Makes Strong Vigorous
Plants**

Larger and Better Yields

Not Treated

This is a preparation of root forming hormones and Vitamin B₁ and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make 10 gallons of solution, simple instructions will be found on every package. 1/2 oz. (enough for small gardens) 25c; 3 oz. \$1.00; lb. \$4.00.

FREE SEEDS!

It has always been our policy to include some new and choice Garden and Flower Seeds with orders of 50 cents or more. Owing to the scarcity of many seeds we cannot specify what we can send you, however, you may rest assured that they will be something of high quality and that you will be delighted to have in your garden.

Make Your Cut Flowers Last 5 to 10 Days Longer

FLORALIFE

This preparation more than doubles the life of florist or home grown bouquet flowers, it makes buds open wide and expands size of blossoms. It retards wilting, maintains fragrance and there is no need to change water or clip ends of stems. Pkt. (enough for 2 qts. water) 10c; 3 pkts. 25c; 30 qt. size pkg. \$1.00.

HYPONEX PLANT FOOD

Combined with Vitamin B₁

This startling

CONTRAST

tonishing results
in soil, sand or
barren earth**

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can makes 18 gal. 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

WHY YOU SHOULD MAKE A GARDEN

There is no comparison in quality between vegetables fresh from your own garden and those purchased on the market. Vegetables fresh from the garden are crisp and tender and retain all of the vitamins and food elements so essential to good health. A well tended garden pays big dividends in health, wealth and happiness.

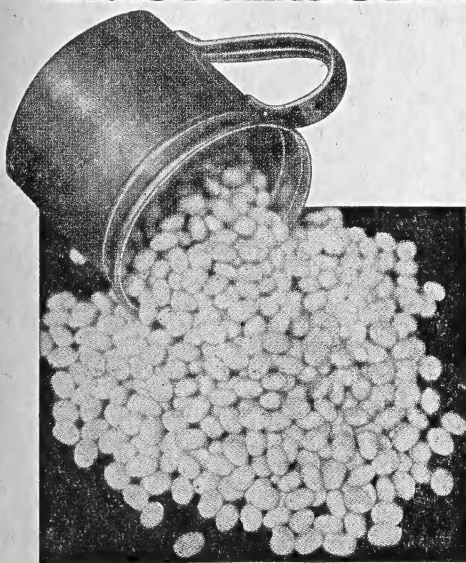

GIANT FANCY IRIS

JUNG'S GIANT FANCY IRIS

This assortment of Iris is made up for those who want something really good at a low cost. It is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. Whether you order three or a dozen no two will be alike. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time. **Strong select plants: 3 for 35c; 6 for 65c; doz. \$1.25; 25 for \$2.00.**

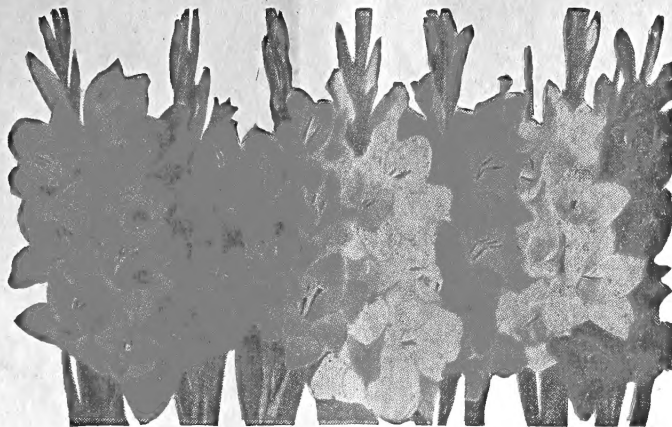

You may also have some of these fine Iris as a Premium. See offer above.

MICHELITE

MICHELITE FIELD BEAN

This is a new white navy or field bean that was developed at the Michigan State College Experiment Station and is rapidly gaining in popular favor. It is a vigorous grower, resists disease, yields heavy and the quality is the best of all navy beans. It ripens early and evenly, beans are uniform in size and the whitest of all. In trials conducted by the Wis. Experiment Station at Hancock it outyielded Great Northern and other field varieties by 2 to 6 bu. per acre. **Pkt. 8c; 1/2 pt. 20c; pt. 35c; qt. 55c. Not prepaid: Pk. \$1.80; bu. \$6.75.**

RAINBOW GLADIOLI

SPECIAL PREMIUMS

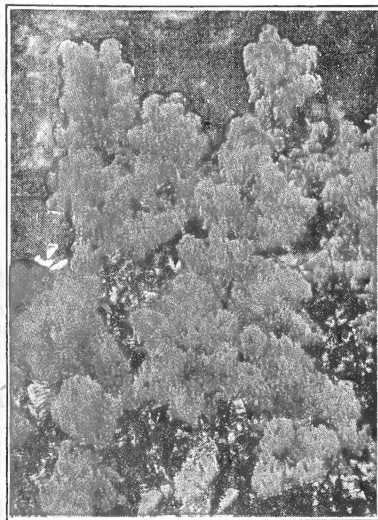

As a special inducement to have you order from Jung's again this year we offer as a Special Premium some choice bulbs and shrubs.

If your order amounts to \$5.00 or over you may have 3 Rainbow Gladioli; if it amounts to \$8.00 or more you may have 6 Rainbow Gladioli; while if it amounts to \$10.00 or more you may have your choice of 12 Gladioli, a Chinese Lilac or 3 Giant Fancy Iris.

NOTICE—Only one Premium will be allowed on an order and Premium must be selected when order is sent in. You will find Coupon on back of order sheet.

GIANT RAINBOW GLADIOLI

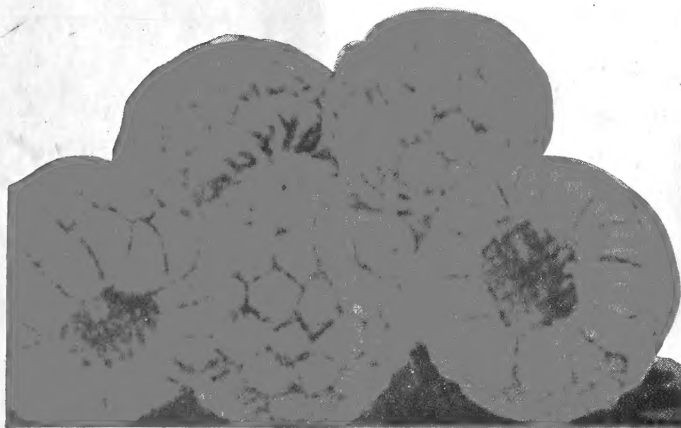

Easy to Grow. Sure to Bloom. Giant Flowers. Brilliant Colors. We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous colors of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. **You may have some of these beautiful Gladioli as a Premium. See offer above.**

CHINESE LILAC

CHINESE LILAC

You will be highly delighted with this fine Lilac as it is very hardy and usually comes into bloom the second year after being set out, also it will not spread like the common variety. Flowers are large graceful heads, rich purplish red in color, delightfully fragrant and produced in great abundance. You may have one as a Premium. See offer above.

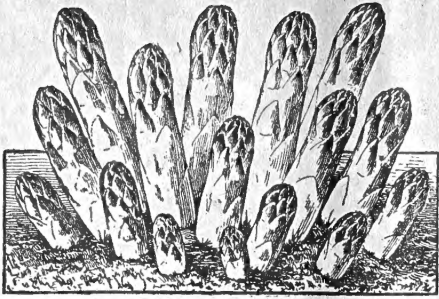

LATHAM

SPECIAL LATHAM RASPBERRY

In our fields of Raspberries there are always some plants that are not quite large enough for regular trade; while these will not bear the first year they will make you just as good a berry patch the second year as larger plants and they cost you much less. They are clean healthy plants, free from insects and disease. Only a limited quantity of these plants are available. **Order early. 12 for 65c; 25 for \$1.25; 100 for \$3.75, postpaid.**

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

WASHINGTON ASPARAGUS

GIANT WASHINGTON ASPARAGUS

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; 1/4 lb. 65c; lb. \$2.00.

PEANUTS

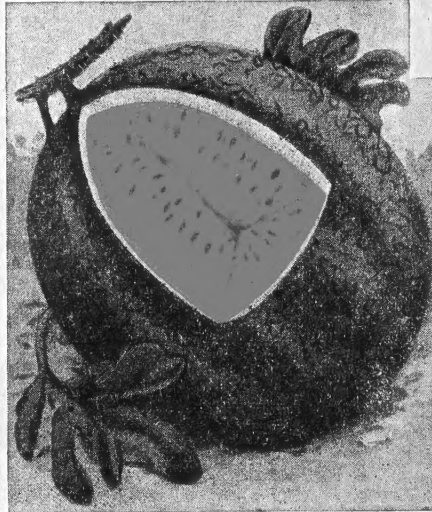

EARLY VIRGINIA—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

MUSTARD

GIANT CURLED—The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 7c; oz. 15c.

"Quality First"

You will find Jung's Seeds to be of the highest quality. Utmost care is used to see that you will get seeds that will grow and produce profitable crops. Our packets are liberally filled with "full of life" seeds.

CLIMBING WATER MELON

EXTRA EARLY WATER MELON

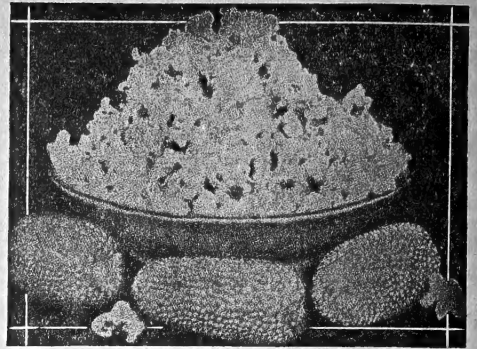

BABY DELIGHT or CLIMBING—Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until the end of the season. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 8c; oz. 20c.

MUSTARD

MOSS CURLED PARSLEY

HYBRID BABY RICE POP CORN

POP CORN

Hybrid Baby Rice

Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Pkt. 10c; 1/2 pt. 30c; pt. 50c; qt. 85c; 5 qts. \$4.00, postpaid.

OKRA

OKRA

WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c; oz. 15c.

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c; oz. 20c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 20c.

VEGETABLE SPECIALTIES

Extra Early Golden Acre Cabbage

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every-one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. **We offer an extra select stock of this finest extra early cabbage.** Pkt. 10c.; 1/2 oz. 20c.; oz. 35c.; lb. \$1.35.

Great Tendersweet Peas

Immense Pods. Heavy Yielder.

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to 5 1/2 in. in length and contain 8 to 12 large bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the size, yield and quality of this splendid new Pea. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 65c.

HONEY ROCK

BEEF

Select Detroit Dark Red

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c.; oz. 20c.; 1/4 lb. 60c.; lb. \$2.00.

MUSK MELON

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock. Heavy Yielder. Handsome Appearance. Rapid Seller. Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is a main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. **Extra select seed saved only from hand selected melons.** Pkt. 10c.; oz. 20c.; 1/4 lb. 50c.; lb. \$1.75.

C. H. Shafer, Ind.—Due to the fact that I have never found any seed that compares with JUNG'S you will find my order enclosed.

Mrs. W. H. Wohlers, Mich.—I have planted your seed 15 years and have never been disappointed.

JUNG'S Wayahead THE EARLIEST OF IMPROVED ALL TOMATOES

FIRST TO PRODUCE RIPE TOMATOES. GOOD SIZED FRUIT, SMOOTH AND SOLID. BRIGHT RED COLOR. FINE QUALITY

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant; selections and is highly improved. Pkt. 15c.; 2 pkts. 25c.; 1/2 oz. 60c.; oz. \$1.00

Jung's Super Select Wayahead Tomato

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. **Price of this super-select seed:** Pkt. 25c.; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

F. R. Bailey, Miss.—Your Wayahead Tomato is the earliest we have been able to get. Have tried several others but find none to compare with "Wayahead."

ONION

Giant Sweet Spanish (Utah Strain)

Giant in Size. Heavy Yielder. Sweet Mild Flavor. Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. **We offer our special select strain of seed which was grown from only carefully selected bulbs.** Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.65; lb. \$5.90; 5 lbs. \$28.00.

GIANT SWEET SPANISH ONION

DETROIT DARK RED

RED GIANT TOMATO

"Buttercup" The Quality Squash
Superb Quality. Excellent Keeper.
Heavy Yielder.

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. **The highest Quality Winter Squash. Pkt. 10c.; oz. 20c.; 1/4 lb. 65c.**

SWEET CORN

Extra Early Honey Cream

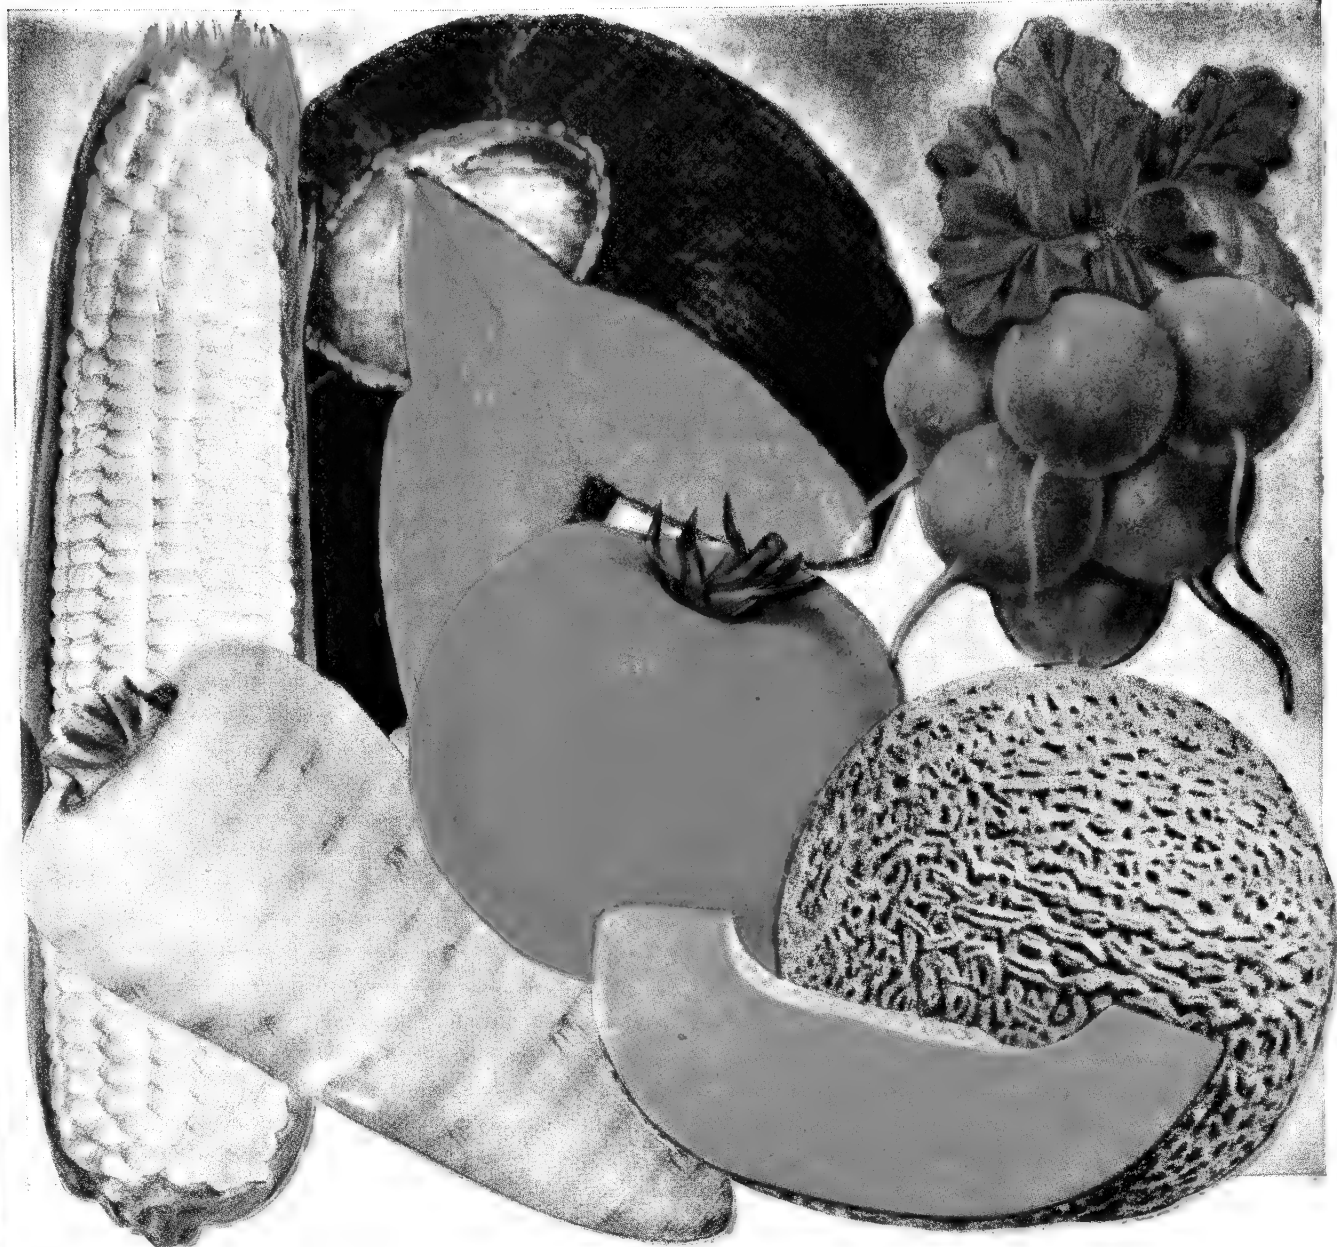

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender. By far the most tender and delicious of all Sweet Corns. Make a planting of this fine corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. **Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 75c.**

PARSNIP

Improved Stump Rooted

A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. **Pkt. 8c.; oz. 13c.; 1/4 lb. 45c.; lb. \$1.75.**

C. W. Goss, R. I.—I have always found your seeds to be "tops".

Jung's Supreme Early Tomato

Extra Early. Resistant to Rust and Wilt.

A wonderful new extra early tomato which we are pleased to offer to our customers. The vines are of medium growth, free from disease and bear over a long period. Fruits are of good size, globe shaped, very smooth and bright scarlet in color, ripening well to the stems. Fruits are very solid, making it an excellent shipper. **Select Seed of our own growing: Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.75.**

Extra Early Radish "Fireball Scarlet Globe"

A superb strain of extra early radish and if not sown too thick practically every plant makes a fine radish. The radishes are globe shaped, bright red, very uniform and have but few leaves. Flesh is pure white, crisp, solid and of delicious flavor. Well adapted for both garden and greenhouse. **Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.**

Disease Resistant Cabbage "Wisconsin Ballhead"

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety of shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. **Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.50.**

BUSH BEAN

Best of All Golden Wax

One of the heaviest yielding wax. Many times when other varieties were a failure Best of All yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 in. long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. **Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.**

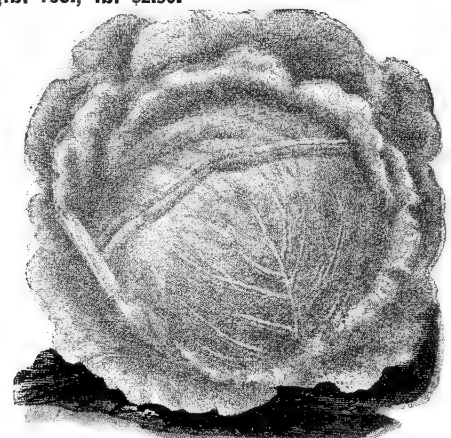

Early Surehead Lettuce

Crisp, Tender, Easy to Grow. Sure to Head.

A specially selected strain of Lettuce that is ready to use early and sure to form heads, being one of the best varieties for the home garden. Outer leaves much crumpled, heads are solid with well blanched creamy white heart. By planting this variety you can grow head lettuce as easily as radishes. Sow this seed early and thin out plants to stand 4 to 5 in. apart. **Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.**

Pride of Wisconsin Musk Melon

A splendid new Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold and will ship well for long distances. The melons are oval in shape, weighing 3 to 4 lbs. The flesh is unusually thick, firm, deep orange colored, fine grained and remarkably sweet and sugary. The rind is very hard, of a pearly gray color and heavily covered with a distinct netting. **Extra Select Seed: Pkt. 10c.; oz. 25c.; 1/4 lb. 75c.; lb. \$2.50.**

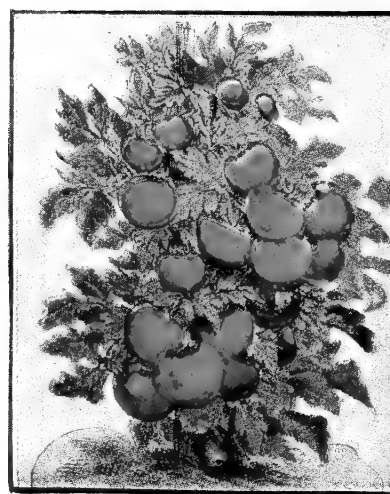

WISCONSIN BALLHEAD

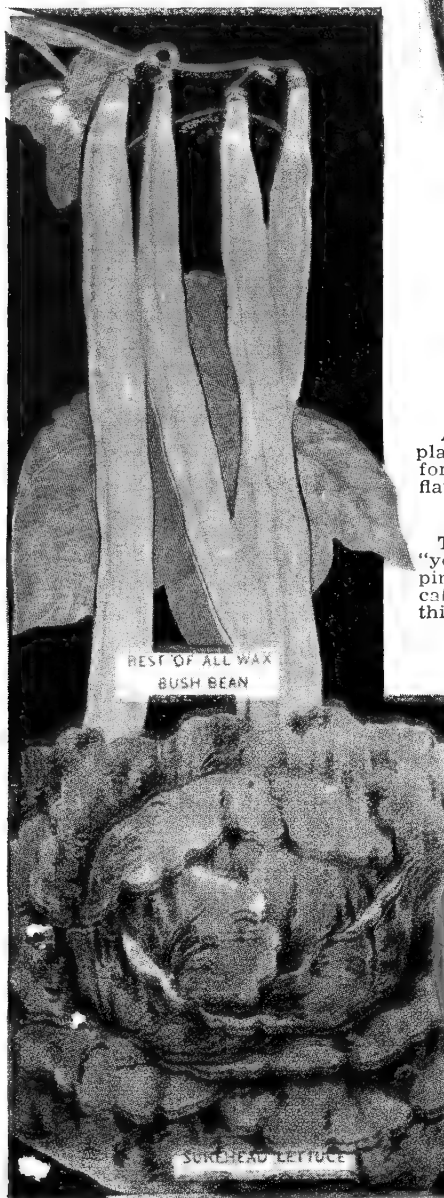

TOMATO

Jung's Earliest Tree

Enormous Yielder. Bright Red, Early and Large. A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about two feet and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of three to five and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid, meaty center and no hard core and produces but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. **Pkt. 8c.; 1/2 oz. 30c.; oz. 50c.**

Jung's Earliest Tree Tomato

LATHAM

"Latham" The Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily, together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. **Price of strong disease-free plants: 6 for 70c.; 12 for \$1.25; 25 for \$2.40; 100 for \$7.75.**

Mrs. D. T. Bowman, Okla.—Plants received from you were very satisfactory.

Wonderful Everbearing Raspberry "Indian Summer"

From trials on our own farms we found this new Everbearing Raspberry so much better than we have discontinued all other varieties. It is a heavy yielder both in early summer and fall, the berries are of large size and excellent quality. Bushes are very vigorous and hardy. **Extra Select plants: 6 for 85c.; doz. \$1.50; 25 for \$2.75; 100 for \$9.50, postpaid.**

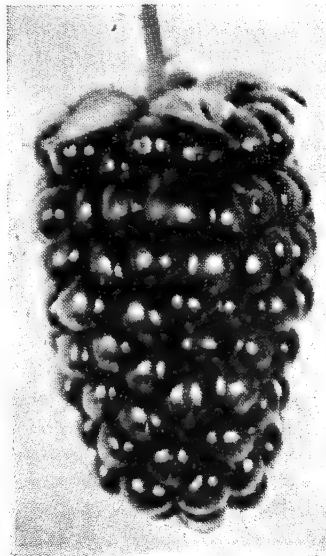

New Giant Boysenberry

This is the berry that has created a sensation all over our country. A tremendous bearer of giant sized berries, many 1½ in. long and of the finest quality whether used fresh, canned or in pies or jelly. **We offer heavy 2-yr. plants as the 1-yr. plants are very fragile and hard to get started. Please bear this in mind when comparing prices. Each 35c.; 3 for \$1.00; 12 for \$3.00, postpaid.**

Nanking Bush Cherry

A beauty shrub for your yard or garden, bushes are a mass of bluish blossoms in the spring and bear an abundant crop of fruit in the summer; especially fine for pies and jelly. Bushes grow 6 to 7 ft. tall and start bearing the second year. To insure pollination you should plant 2 or more. **Strong 2-yr. 18-24 in. plants: Each 60c.; 2 for \$1.10; 6 for \$3.00 postpaid.**

BOYSENBERRY

Fredonia Grape

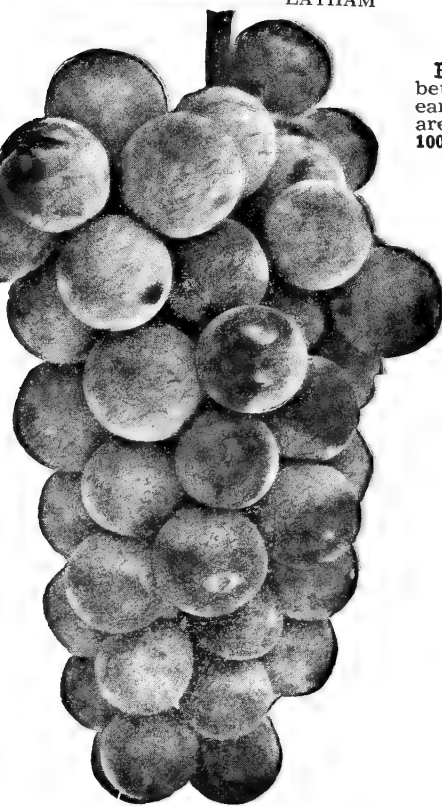

Considered the best grape for the northern states as it grows a vigorous hardy vine and ripens almost 2 weeks earlier than Concord. Clusters are good sized and compact, berries are large in size and of very fine quality. **Select 2-yr. plants: Each 35c.; 3 for \$1.00; doz. \$3.00.**

FREDONIA

Our Berry Plants are Certified

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

CONCORD GRAPE

The Great Concord Grape

Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black overspread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. **Strong 2-yr. plants: Each 30c.; 3 for 80c.; doz. \$2.75.**

Always found your seeds very reliable and am always pleased with them.—Mrs. K. Gambel, Ohio.

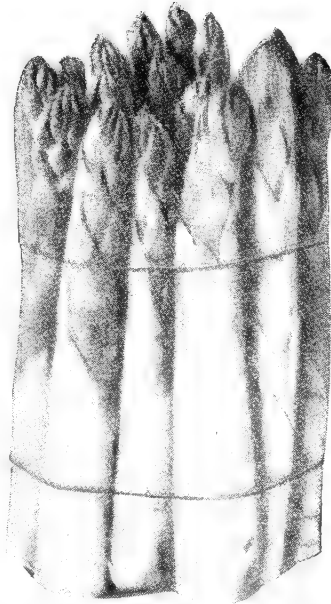

Last year we were very satisfied with your plants.—Mrs. P. Ohl, N. Y.

Giant Red Rhubarb "MacDonald"

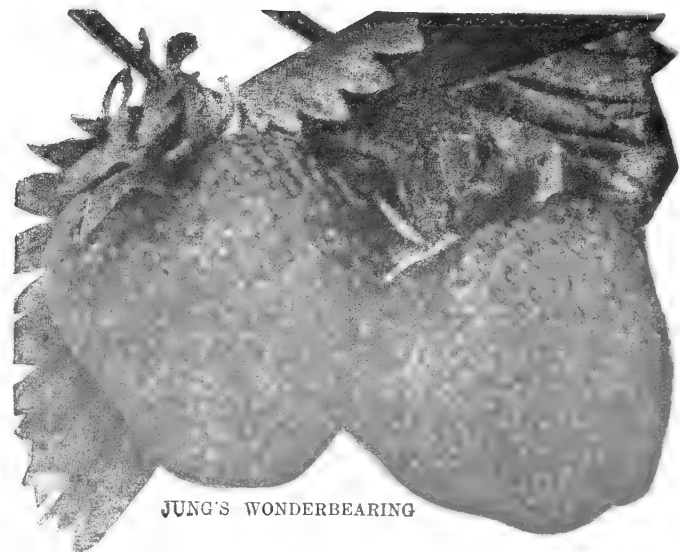

A few rhubarb plants should be in every garden as it is the first plant in the spring to produce material for pies, sauce and canning. You will be delighted with the fine large deep red stalks of this variety. Stalks have a thin skin, are very tender and do not require as much sugar as ordinary kinds. **Strong divisions: Each 40c.; 3 for \$1.10; doz. \$4.00.**

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some very choice strong 1 yr. old roots of our own growing but advise early orders. **25 for 65c.; 50 for \$1.25; 100 for \$2.10.**

WASHINGTON ASPARAGUS

JUNG'S WONDERBEARING

Spring Bearing Strawberry

JUNG'S WONDERBEARING—A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. **25 for 75c.; 50 for \$1.35; 100 for \$2.50, postpaid.**

RHUBARB

E. Michel, Ill.—Was well satisfied with your seeds and plants so am ordering again.

EVERBLOOMING
WONDER LILY

RED RUSSIAN LILY

SUNSET LILY

Hardy Lilies

New Everblooming Wonder Lily

Easy to Grow. Sure to Bloom. Rivals Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 2 to 3 ft. tall and carry from 4 to 8 long, trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. **The bulbs we offer are extra strong and will bloom this summer. Each 35c.; 3 for \$1.00; doz. \$3.50. May also be grown from seed. Pkt. 10c.; 3 pkts. 25c. Growing instructions on each pkt.**

Red Russian Lily

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall, blossoms in June. One of the most easily grown lilies and is very hardy. **Each 30c.; 3 for 75c.; doz. \$2.75.**

Hardy Yellow Day Lily

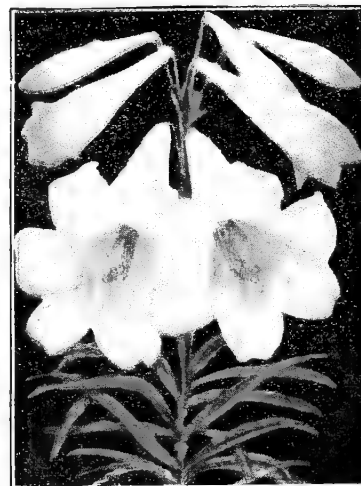

THE GEM—A perfectly hardy yellow lily that needs no protection and thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies makes a fine show in any garden or border with their many tall stems of fragrant wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. **Each 25c.; 3 for 70c.; doz. \$2.50.**

Pardalinum Giant or Sunset Lily

One of our most hardy and easiest grown Lilies. Very vigorous and robust, growing to a height of 5 to 6 ft., and flowers profusely. The petals are a fiery red shading to a beautiful yellow inside and are dotted with dark brown spots. Does well in either full sun or partial shade. This lily will add rare brilliance to your garden, its wonderful beauty must be seen to be appreciated. **Large blooming size bulb: Each 25c.; 3 for 95c.; doz. \$3.25.**

Special Lily Offer

One strong bulb of each of the five fine Lilies on this page for \$1.20; 3 of each for \$3.50.

REGAL LILY

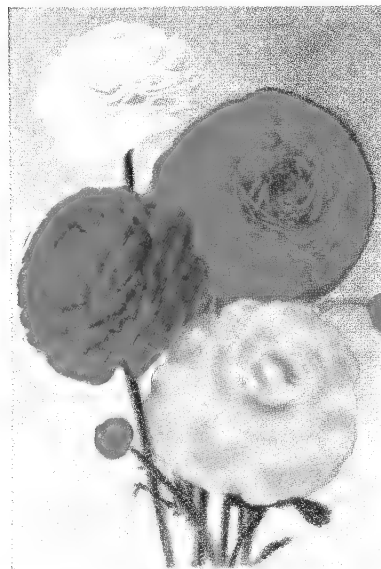

The Beautiful Regal Lily

A magnificent new lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. **We offer large, 3-yr. blooming bulbs which should not be confused with small sizes often offered at low prices. Each 25c.; 3 for 65c.; doz. \$2.50.**

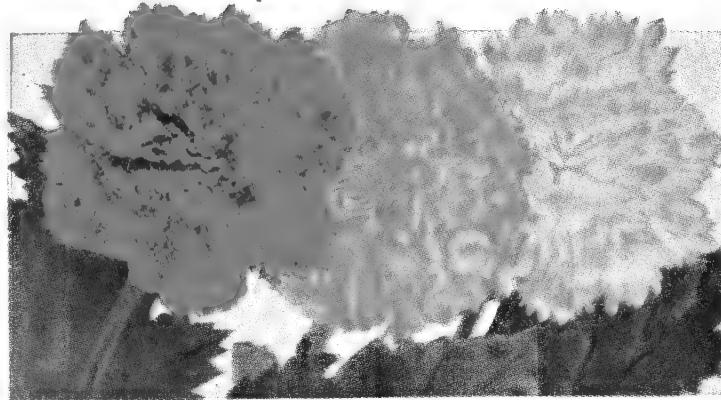

YELLOW DAY LILY

Do not confuse our Lilies with some that are offered at "bargain" prices which usually are small inferior stock.

All of the Lilies we send out are strong select bulbs which are sure to bloom this summer.

RANUNCULUS

TUBEROUS BEGONIAS

Summer Flowering Bulbs

Giant Hybrid Ranunculus

The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. **Extra select bulbs, in mixed colors: 6 for 40c.; 12 for 75c.; 100 for \$4.90.**

Double Flowering Tuberoses

One of the most beautiful and delightfully fragrant summer flowering bulbs, flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. **Select bulbs: 3 for 35c.; 12 for \$1.25. 80c.; 3 for 85c.; 12 for \$3.25.**

Fancy Tuberous Begonias

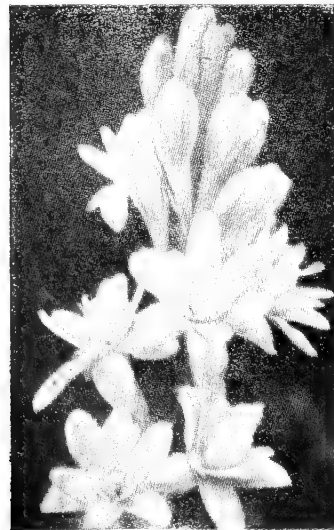

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. **Each 30c.; 3 for 75c.; 12 for \$2.75.**

Mexican Lily or Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. **3 for 30c.; 6 for 50c.; doz. 95c.**

MEXICAN LILY

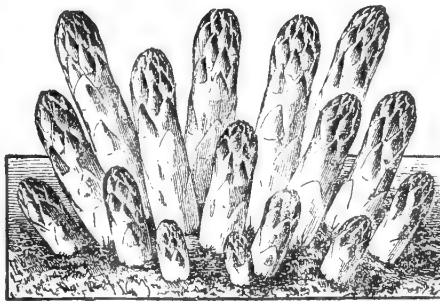

TUBEROSES

JUNG'S QUALITY GARDEN SEEDS

In the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered you will find our prices very reasonable.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c.; oz. 20c.; 1/4 lb. 65c lb. \$2.00.

WASHINGTON ASPARAGUS

Jung's Northern Grown Bush Beans

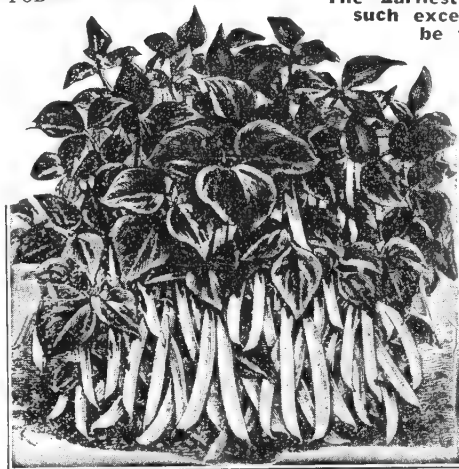

The Seed Beans we offer are practically all of our own growing. They were produced from select stock seed, were thoroughly regued and hand picked. You will find that our Northern Grown Beans will be ready for use earlier and also bear heavier crops of pods than the ordinary commercial stocks.

GIANT STRINGLESS GREEN POD

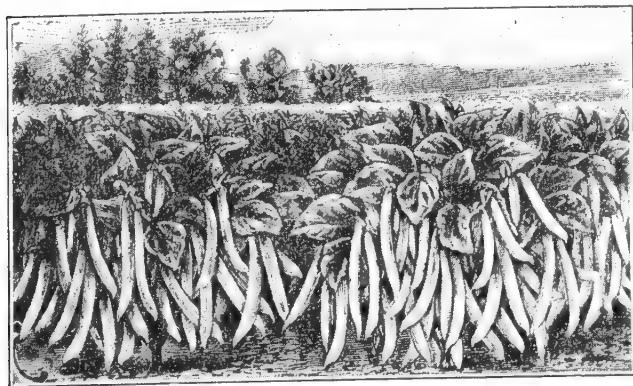

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardiness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c.; 1/2 pt. 20c.; pt. 40c.; qt. 60c.

PENCIL POD WAX — We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

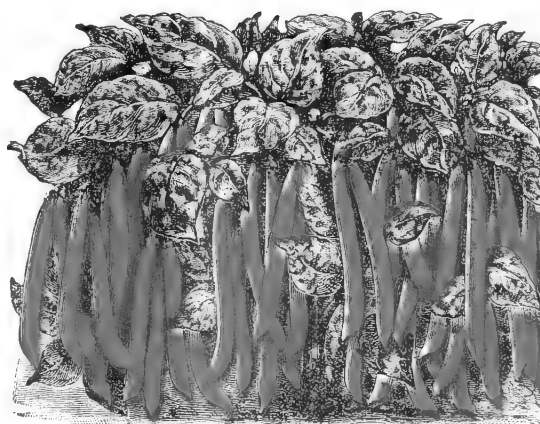

PENCIL POD WAX

JUNG'S FAIRFIELD WONDER WAX—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please those most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, one-half inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

TOP NOTCH GOLDEN WAX

FAIRFIELD WONDER WAX

TOP NOTCH GOLDEN WAX—A great improvement on the old Golden Wax as it produces pods that are larger and also of better quality. It is one of the earliest varieties. Bushes grow 12 to 15 in. tall, very robust and free from disease; a sure cropper even under unfavorable conditions. Pods 4 1/2 to 5 in. long, one-half inch broad, very fleshy, tender and stringless. It combines earliness, hardiness and productiveness. Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

BRUSSELS SPROUTS

Brussels Sprouts

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.

Bush Lima Beans

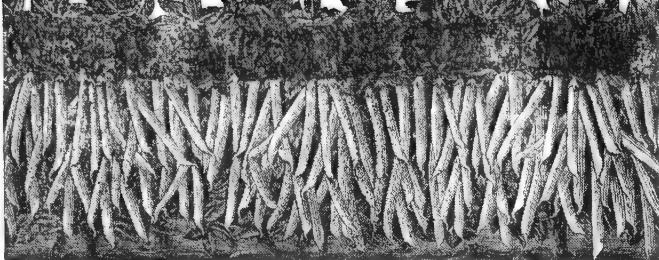

WONDER BUSH LIMA

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

EARLY POTATO LIMA

EARLY POTATO BUSH LIMA—The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost; they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 65c.

SNOWFLAKE FIELD BEANS

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yields. Handsome Appearance. Unequalled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. **Pkt. 7c.; ½ pt. 20c.; pt. 35c.; qt. 60c. Not prepaid: Pk. \$1.75; Bu. \$6.50.**

POLE BEANS

IMPROVED KENTUCKY WONDER—One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. **Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 75c.**

KY. WONDER WAX

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. **Pkt. 10c.; ½ pt. 25c.; pt. 45c.; qt. 80c.**

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. **Pkt. 8c.; ½ pt. 25c.; pt. 45c.; qt. 80c.**

Cress or Pepper Grass

An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. **Pkt. 7c.; oz. 20c.**

Mangels

MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. **Oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; lb. \$1.25.**

SUGAR BEET

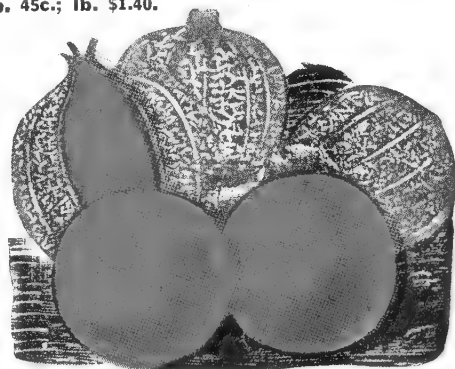

KLEIN WENZLEBEN—This Beet is the result of years of methodical and perserving selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analysis showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated to be 15 to 16 tons per acre but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. **Pkt. 7c.; oz. 15c.; ¼ lb. 45c.; lb. \$1.40.**

True Yellow Ground Cherry

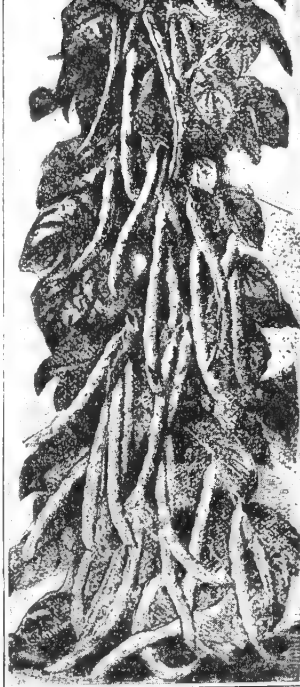

These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. **Pkt. 7c.**

Book on Gardening

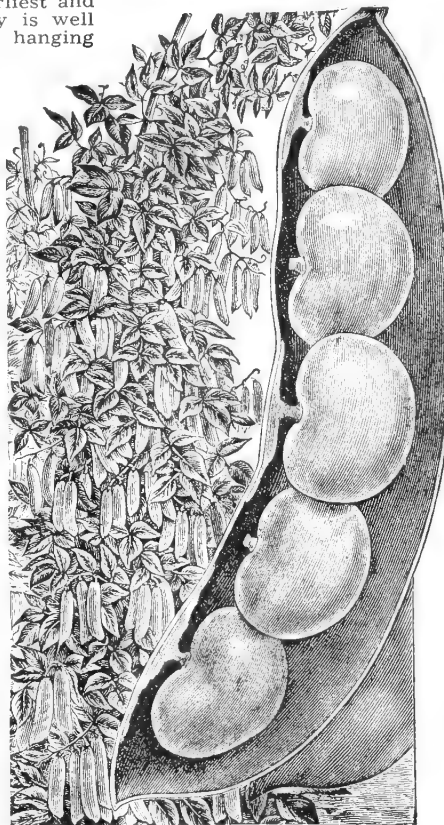

At considerable expense we have prepared a booklet of complete planting instructions on Vegetables and Flowers. A copy will be sent free when requested, with every order of 25c or more.

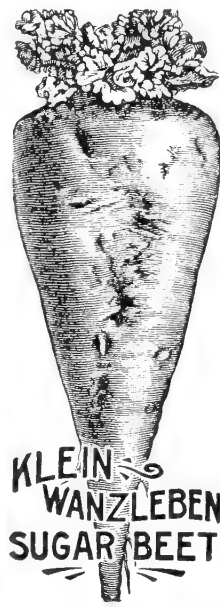

GROUND CHERRY

IMP. KEN. WONDER

HENDERSON'S LEVIATHAN

KLEIN WENZLEBEN SUGAR BEET

FIREBALL BEET

Fireball Garden Beet

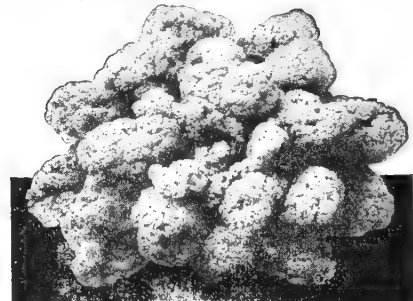

This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. **Pkt. 8c.; oz. 20c.; ¼ lb. 60c.; lb. \$2.00.**

BEST OF ALL BEET

Best of All Beet

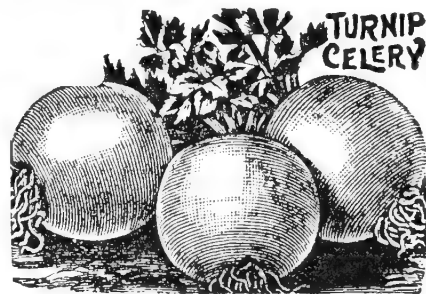

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones. A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. **Pkt. 8c.; oz. 20c.; ¼ lb. 65c.; lb. \$2.35.**

BORECOLE or KALE

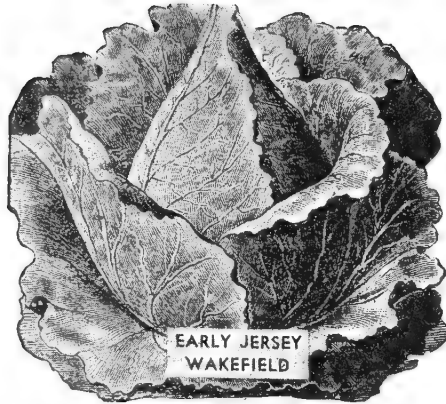

Borecole or Kale

DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.**

Turnip Celery

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. **Pkt. 8c.; ½ oz. 20c.; oz. 35c.**

EARLY JERSEY
WAKEFIELD

EARLY JERSEY WAKEFIELD—The standard pointed-headed cabbage throughout the United States. The heads are uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. Having but few outside leaves it may be planted close together so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and as a cropper no early cabbage can approach it. Size is ideal for marketing. **Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.**

Jung's Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage
This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. **Pkt. 10c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.25.**

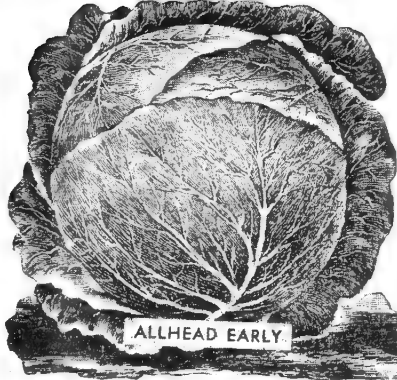

"Quality First"

You will find Jung's Seeds to be of the highest quality. Utmost care is used to see that you will get seeds that will grow and produce profitable crops. Our packets are liberally filled with "full of life" seeds.

JUNG'S SELECT CABBAGE

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

Protect your Cabbage from worms, bugs and plant lice by using 'Hi-tox.' See page 1.

ALLHEAD EARLY

ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully one thousand more than is usual with large cabbage can be grown to the acre. **Pkt. 7c.; 1/2 oz. 18c.; oz. 30c.**

SELECT FLAT DUTCH

SELECT FLAT DUTCH—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. **Pkt. 7c.; 1/2 oz. 18c.; oz. 30c.; 1/4 lb. 95c.**

DANISH BALL HEAD

PERFECTION SAVOY

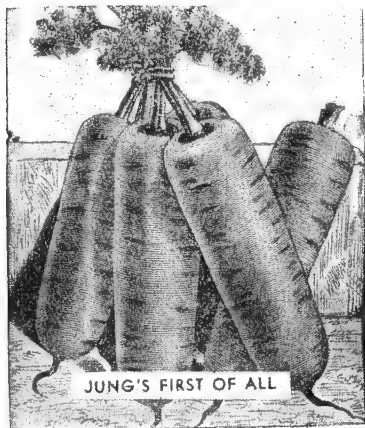

RED DRUMHEAD

RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. **Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.**

PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanching and of the finest flavor. **Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.**

CARROTS

JUNG'S FIRST OF ALL—A remarkable handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. **Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 90c.; lb. \$3.25.**

JUNG'S FIRST OF ALL

John Babjar, N. Y.—We have used your seeds for years with very good results.

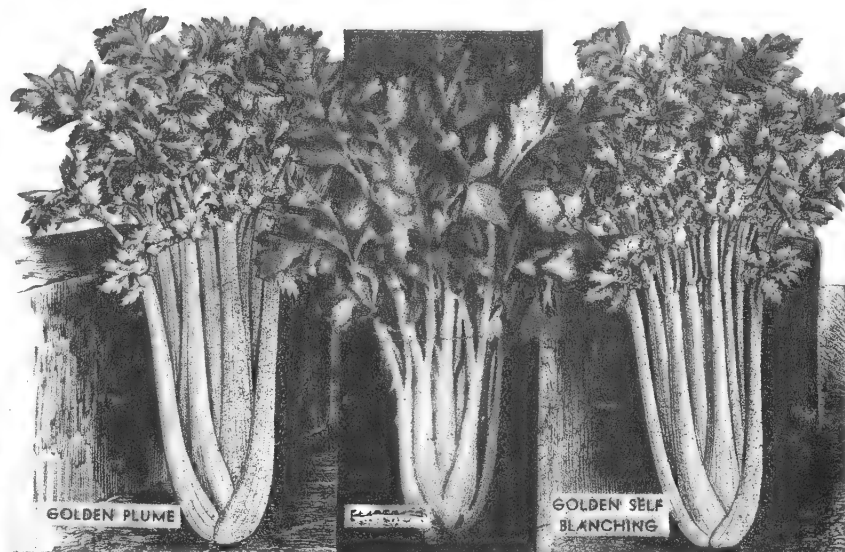

DANVERS HALF LONG

JUNG'S SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens; especially for hard or stiff soils where longer varieties will not thrive. **Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 75c.; lb. \$2.50.**

RED CORED CHANTENAY—A very desirable Carrot in every way, it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5 1/2 to 6 in. long 2 1/4 in. thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield makes this one of the best carrots for either the home or market garden. **Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 75c.; lb. \$2.65.**

RED CORED CHANTENAY

GOLDEN PLUME

GOLDEN SELF
BLANCHING

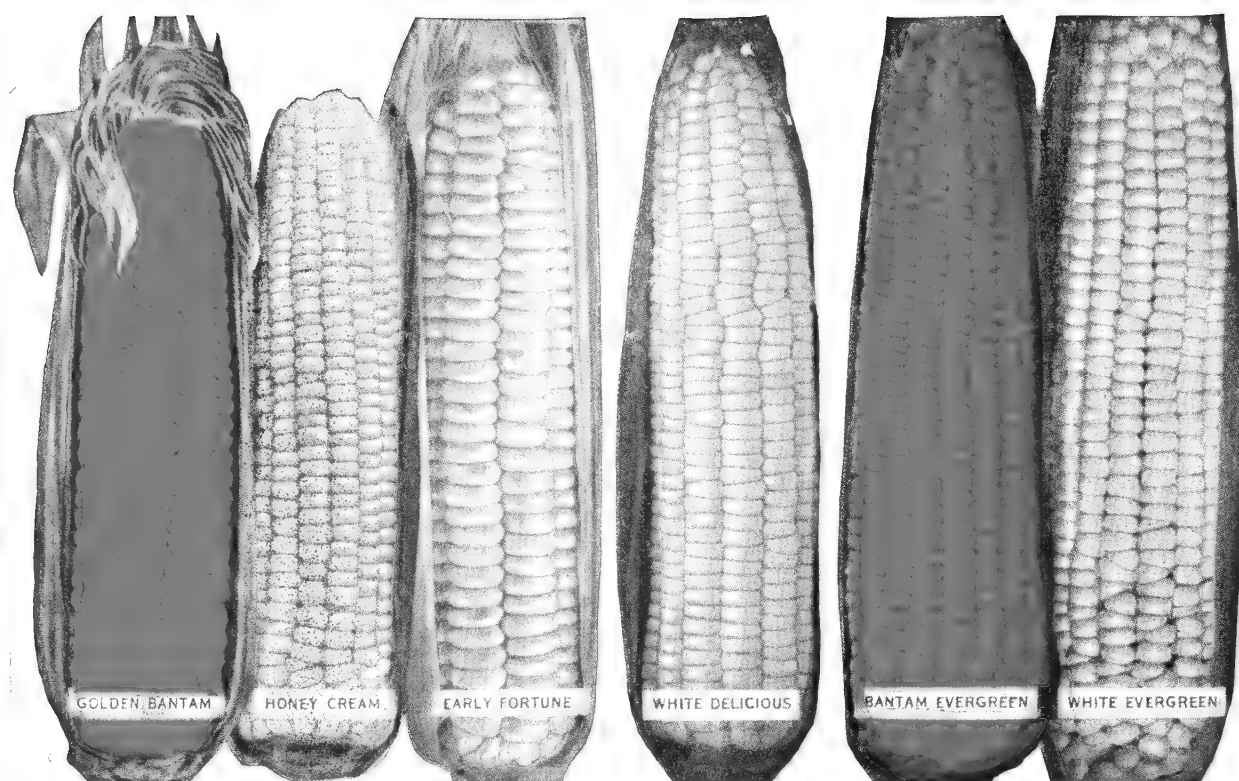

UTAH

CELERY

GOLDEN SELF BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. **Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.**

UTAH NO. 99—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. **Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.90.**

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4 1/4 in. thick. Has been blanched in the remarkably short period of 5 days. **Select Seed: Pkt. 10c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.95.**

Luscious Tender Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and are extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be first on the market with Sweet Corn of quality plant some of this seed. Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

JUNG'S EXTRA EARLY GOLDEN BANTAM—The Best, the Largest of all Early Sweet Corns. Retaining its Delicate Tenderness Even When a Little Old. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth, averaging four feet in height. The ears are from 5 to 7 inches long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

JUNG'S EXTRA EARLY HONEY CREAM—Requires Little Space. Deliciously Sweet and Tender. By far the most tender and delicious of all Sweet Corns. Make a planting of this corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 75c.

JUNG'S EXTRA EARLY FORTUNE—This variety originally came from Canada and at our Fairfield Farm trials it was the earliest of all. There is no product of the garden variety so eagerly waited for as the first sweet corn of the season. Early Fortune in the real tender, juicy sweet corn for use before the summer has really commenced. On account of its extreme earliness,

Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other varieties fail entirely. The stalks do not grow very large have two and often three unusually large ears. Ears are about seven inches long and well filled with sweet and tender grains. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 70c.

EARLY WHITE DELICIOUS—Large Ears. Early Maturity. Superb Quality.

One of the largest eared, sweetest flavored early varieties. Grows a strong, vigorous stalk, many producing two ears. Ears are 7 to 9 in. long and contain 12 to 14 rows of pearly white grains which are remarkably sweet and tender. Pkt. 8c.; 1/2 pt. 22c.; pt. 35c.; qt. 65c.

GOLDEN OR BANTAM EVERGREEN—This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

WHITE EVERGREEN—The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 65c.

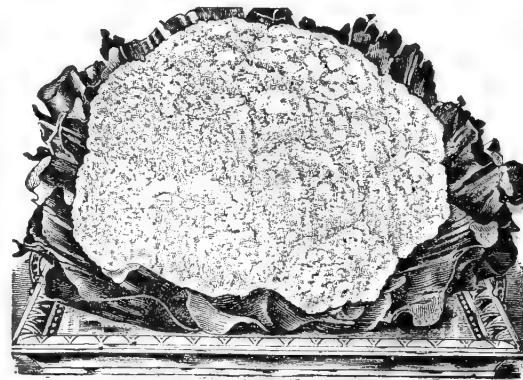

SUPER SNOWBALL

CAULIFLOWER

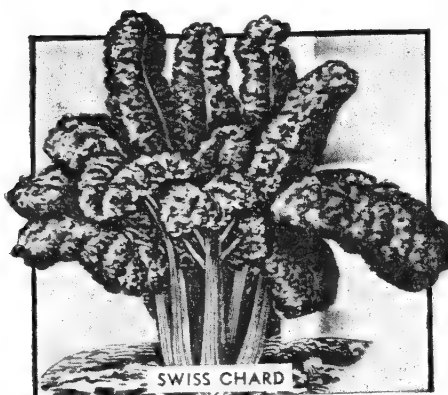

No effort is spared in the growing and breeding of our cauliflower seed. Regardless of what price you pay you cannot get seed that is more uniform in growth and surer to produce large, white solid heads. Give seed a trial, you will not be disappointed.

SUPER SNOWBALL—The Leading Early Cauliflower. Very Early. Sure to Head. Growers wishing a Cauliflower that is early and sure to produce large, white solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed which is very scarce this year. Pkt. 20c.; 1/4 oz. \$1.25; 1/2 oz. \$2.00; oz. \$3.75.

PEDIGREE EARLY SNOWBALL

PEDIGREE EARLY SNOWBALL — For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, six to ten inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for fall use, being more certain to head when conditions are ordinarily favorable, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 15c.; 1/4 oz. \$1.00; 1/2 oz. \$1.90; oz. \$3.50.

SWISS CHARD

"Quality First"

You will find Jung's Seeds to be of the highest quality. Utmost care is used to see that you will get seeds that will grow and produce profitable crops. Our packets are liberally filled with "full of life" seeds.

Broccoli

ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 day after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.

Celery Cabbage

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stands 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks, beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.

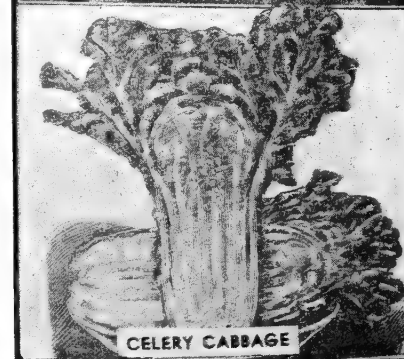

Swiss Chard

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 7c.; oz. 15; 1/4 lb. 50c.

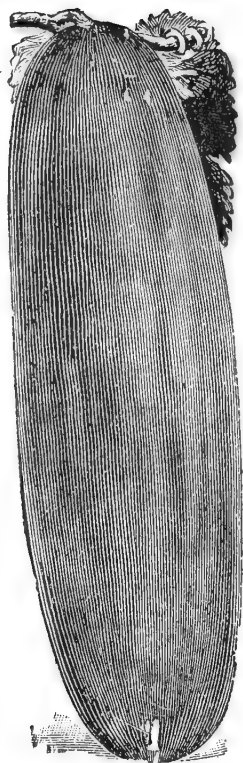

Jung's Seeds are Northern Grown and Unexcelled for Earliness, Hardiness and Productiveness. From Good Seeds only can Good Crops be Grown.

BROCCOLI

CELERY CABBAGE

IMP. LONG GREEN

EARLIEST OF ALL—By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. **Pkt. 8c.; oz. 20c.; 1/4 lb. 65c.**

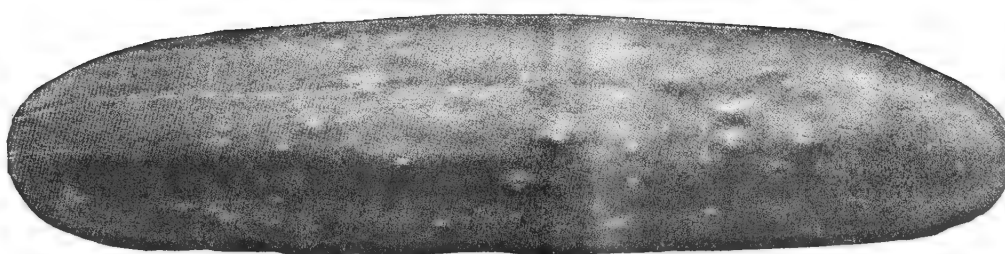

EVERBEARING—This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing throughout the season. The fruits are of a rich, dark green color, averaging 4 to 5 inches in length. Owing to its productiveness it is a fine variety to plant for producing small pickles. **Pkt. 7c.; oz. 20c.; 1/4 lb. 60c.**

EVERBEARING

Fight Cucumber Bugs with Toptox
See Page 1

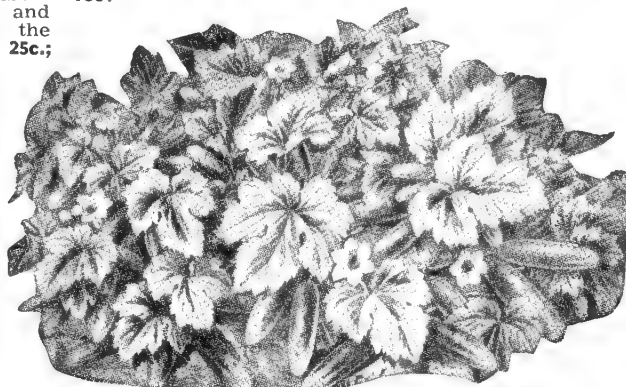

IMPROVED LONG GREEN
Deep Green Color. Fine for Pickling or Slicing. This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. **Pkt. 8c.; oz. 25c.; 1/4 lb. 75c.**

JUNG'S FAIRFIELD GIANT

Jung's Select Cucumbers

JUNG'S FAIRFIELD GIANT or LONGFELLOW—The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color some of the cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and grow from 12 to 18 inches long, being one of the handsomest and of the finest flavor. The fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. **Pkt. 10c.; oz. 25c.; 1/4 lb. 75c.**

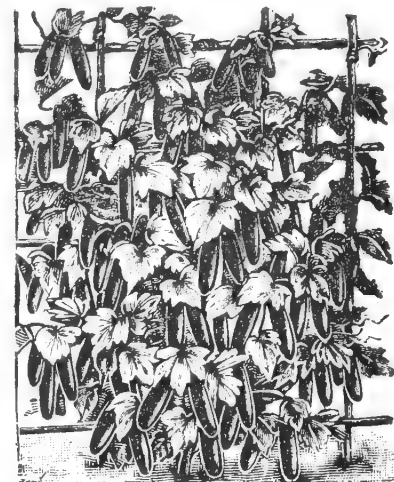

EARLIEST OF ALL

WHITE WONDER

WHITE WONDER—A wonderful good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 in. long and is very uniform. Its smooth clear surface makes this an ideal pickle. The firm, crisp flesh with its pleasing flavor is just right for slicing or in salads. A package of seeds yield Cucumbers in abundance for pickling and slicing. **Pkt. 8c.; oz. 25c.; 1/4 lb. 75c.**

DILL This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. **Pkt. 7c.; oz. 25c.**

AMERICAN CLIMBING

AMERICAN CLIMBING—A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific, as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. **Pkt. 7c.; oz. 18c.; 1/4 lb. 60c.**

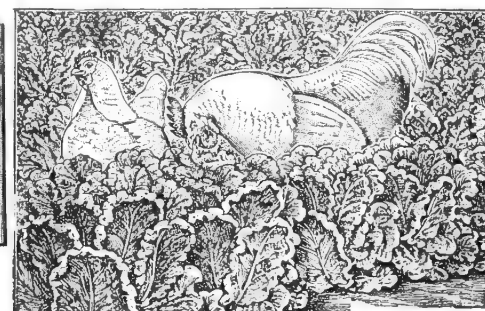

Chicago Pickling

The Most Popular and Widely Grown Pickling Variety.

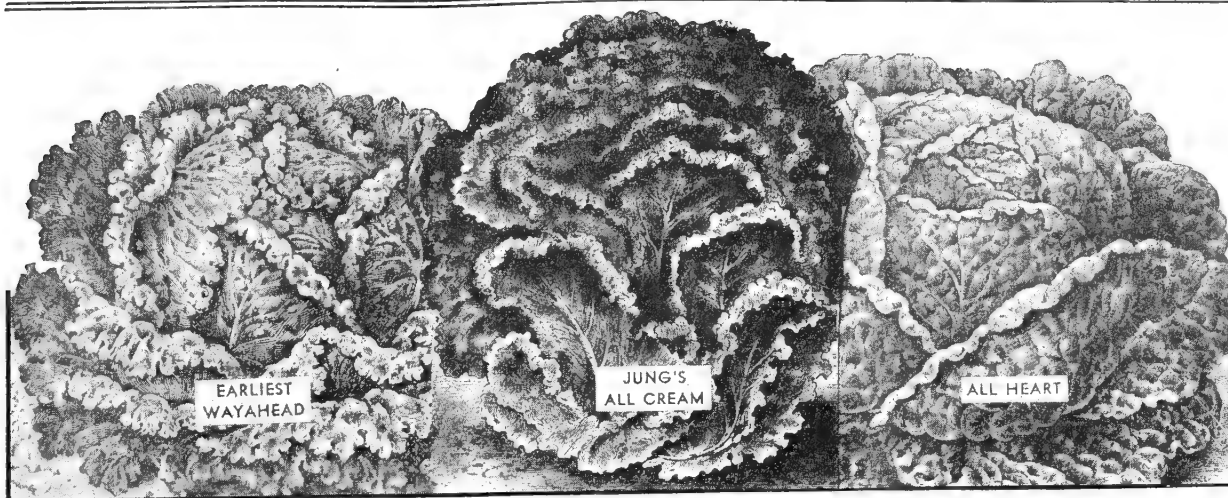

The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. **Pkt. 8c.; oz. 20c.; 1/4 lb. 60c.**

James Renwick, N. Y.—Sure was proud of my garden which was grown from your seeds.

CHICKEN OR RABBIT LETTUCE

CHICKEN OR RABBIT LETTUCE
Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. **Pkt. 7c.; oz. 15c.; 1/4 lb. 50c.**

EARLIEST WAYHEAD

JUNG'S ALL CREAM

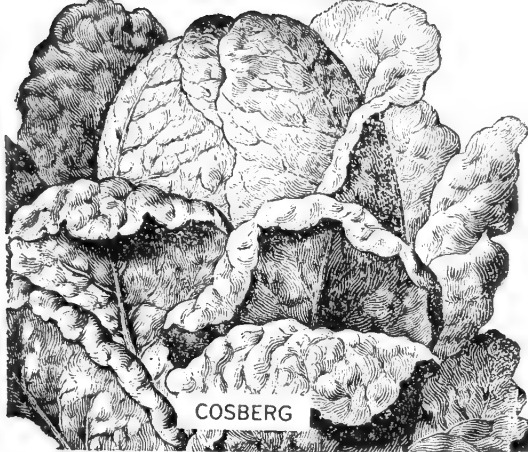

ALL HEART

Crisp Tender Lettuce

EARLIEST WAYHEAD—This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the heads is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequaled among the early sorts. **Pkt. 7c.; oz. 20c.; 1/4 lb. 60c.**

JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. **Pkt. 8c.; oz. 25c.; 1/4 lb. 65c.**

CABBAGE LETTUCE - Allheart
—This magnificent lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside while the inner blanched portion is creamy yellow and of a delicious rich buttery flavor. **Pkt. 7c.; oz. 20c.; 1/4 lb. 60c.**

COSBERG

Cosberg Head Lettuce

A new Lettuce of superb quality that has the ability of forming heads, especially in warm weather where other varieties fail. It forms heads 4 to 5 in. long which bleach to a rich creamy white, crisp, tender, and rich flavor. Give the plants room to head by planting thin. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 75c.**

JUNG'S BEST OF ALL—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. **Pkt. 7c.; oz. 18c.; ¼ lb. 50c.**

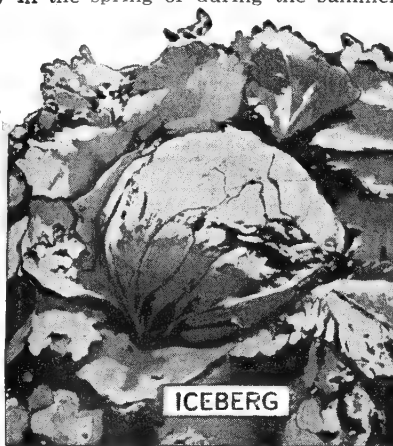

JUNG'S BEST OF ALL

SELECT GRAND RAPIDS

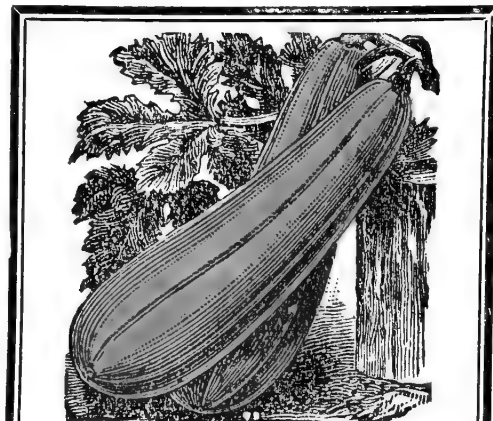

SELECT GRAND RAPIDS — A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. **Pkt. 8c.; oz. 20c.; ¼ lb. 60c.**

ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick drying and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. **Pkt. 7c.; oz. 25c.; ¼ lb. 65c.**

ICEBERG

You should grow Lettuce large-ly for your table! Nothing is more wholesome, and if you once acquire the habit you will wonder how you ever enjoyed a dinner without this delightful salad.

BANANA MUSK MELON

Banana Musk Melon

A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. **Pkt. 8c.; oz. 20c.; ¼ lb. 50c.**

Musk Melons

EARLIEST RIPE—A new extra early Musk Melon which is especially suitable for sections where seasons are short. Melons are slightly oval, 5x6 in., distinctly ribbed, well netted and run remarkably uniform in size and shape. The thick flesh is deep orange salmon in color, very fine grained, and of very high quality. This fine new melon combines earliness, superb quality and fine appearance. Seed scarce, order early. **Pkt. 10c.; oz. 25c.; ¼ lb. 80c.**

JUNG'S BIG PROFIT — An excellent growth, the foliage is of such firm texture that vines resist the attacks of insects and blight. The melons are slightly oval and of uniformly large size, very fine in appearance as they are distinctly ribbed and well covered with a coarse gray netting. Flesh is a rich orange salmon color, very thick, fine grained and of delicious quality. The seed cavity is so small that there is little tendency towards cracking open at the stem end. **Extra select seed: Pkt. 8c.; oz. 25c.; ¼ lb. 60c.; lb. \$2.00.**

FIGHT MELON BUGS WITH TOPTOX
See Page 1

N. H. Cramer, Pa.—I have used your seeds for a good many years and I know of no better seeds than JUNG'S, they are fine growers.

I have found that no seeds come up to Jung's. More power to you!—Hugo A. Wettstein, Wis.

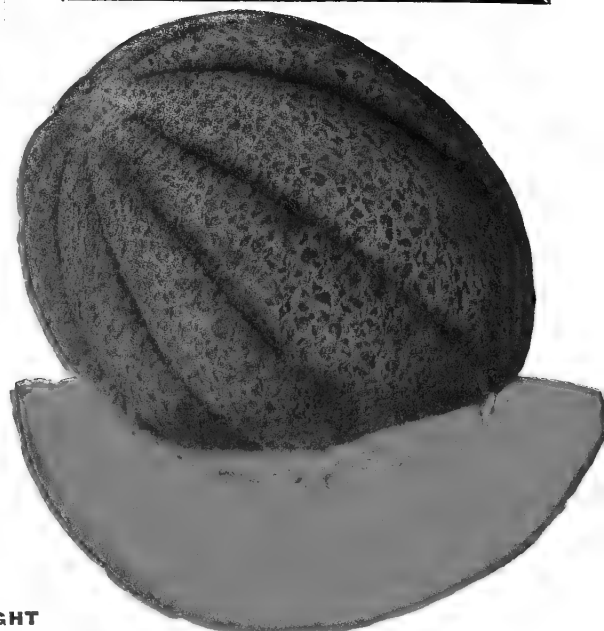

JUNG'S SPECIAL EXTRA EARLY KNIGHT

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. **Pkt. 8c.; oz. 15c.; ¼ lb. 45c.; lb. \$1.60.**

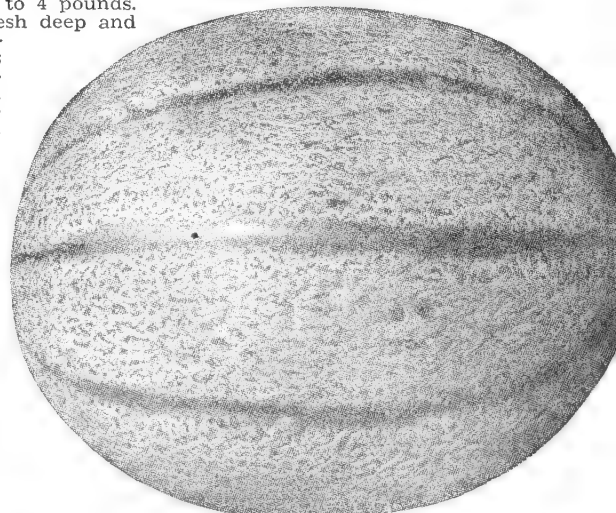

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

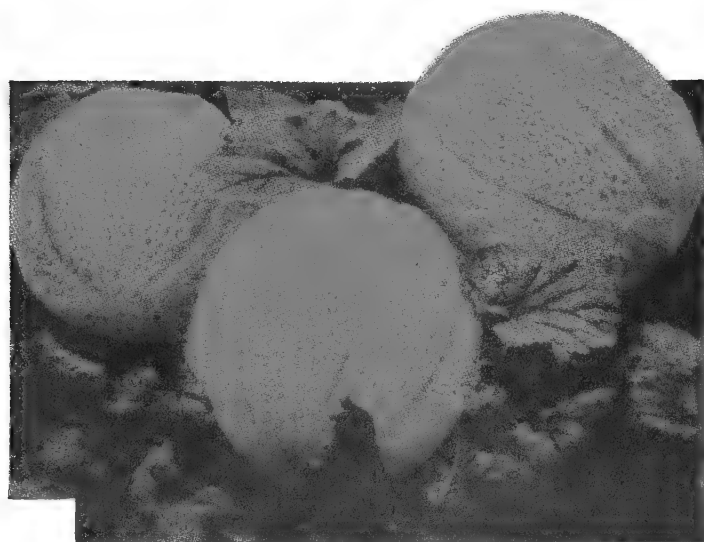

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. **Extra Select Seed: Pkt. 10c.; oz. 25c.; ¼ lb. 60c.; lb. \$2.00.**

JUNG'S BIG PROFIT

EXTRA EARLY KNIGHT

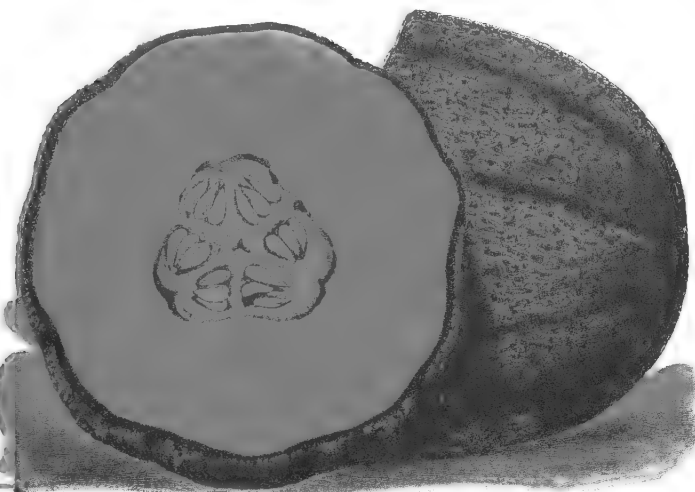

EARLIEST RIPE

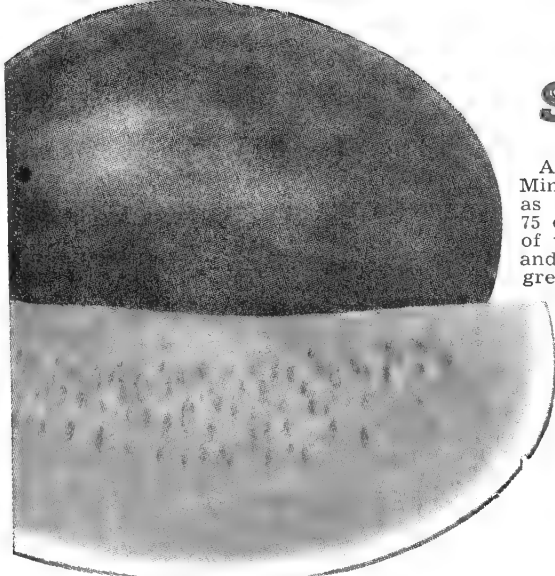

You will find our melon seeds to be unusually fine and true to type. All of the melons are hand selected from crown set fruits and we are confident that better seed cannot be had at any price.

This seed will produce a very superior crop of melons that ripen evenly and are uniform in size and appearance. Try this seed, we know you will be more than pleased; our sales of this select seed are increasing every year.

I must commend your garden seed. Every package came out satisfactory. —I. C. Stockner, Ill.

GIANT EARLY WONDER

NORTHERN SWEET

Select Water Melons

EXTRA EARLY NORTHERN SWEET

A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Can., has been grown to maturity in 75 days. Not only is it the earliest variety but is also of very good quality; flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. **Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.25.**

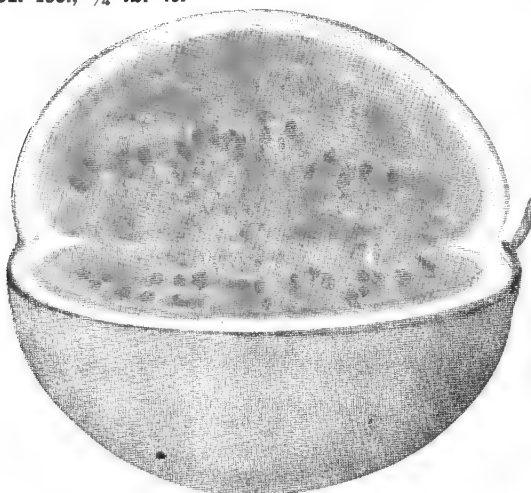

GOLDEN HONEY SWEET

Golden Honey Sweet

A Delicious Yellow-Fleshed Water Melon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. **Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.**

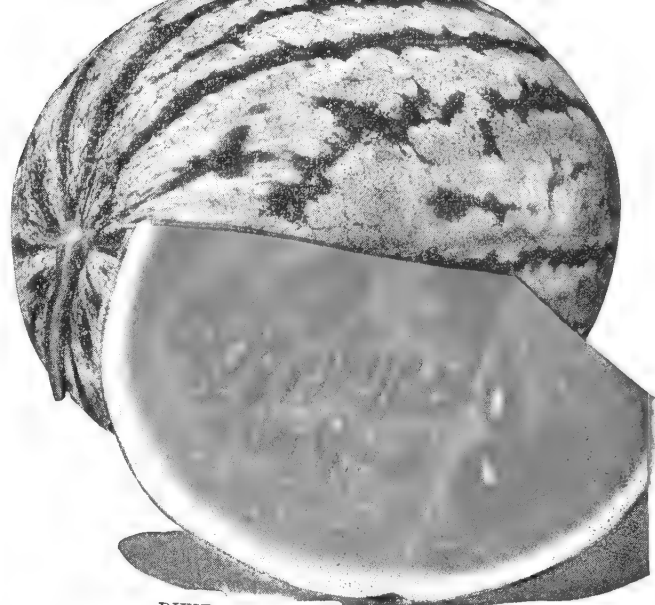

KING WINTER MELON

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. **Pkt. 7c.; oz. 15c.; 1/4 lb. 45c.**

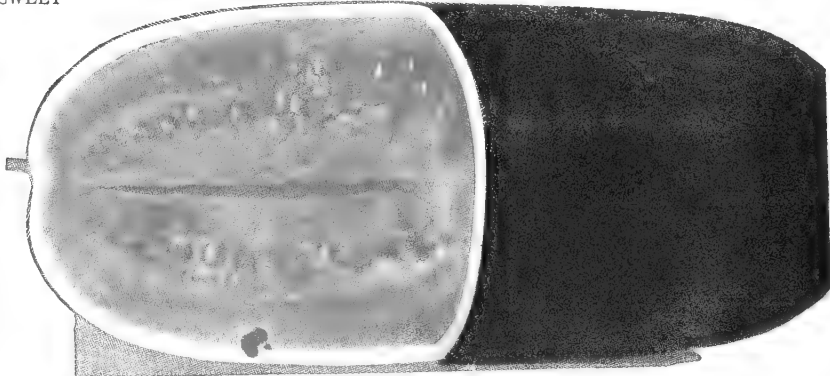

I take this means of telling you that it pays to plant Jung's seeds if you want dividends off of your garden.
—John F. Deckard, Ill.

DIXIE QUEEN

Dixie Queen

Large in Size, Superb in Quality, Handsome in Appearance.—A superb new Water Melon that will delight the most critical grower, has been one of the most popular shipping melons for the past few years. The fruits are almost round in shape, of good size (30 to 40 lbs.), rind is tough which makes it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart as the seeds are small. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. **Pkt. 8c.; oz. 15c.; 1/4 lb. 45c.; lb. \$1.50.**

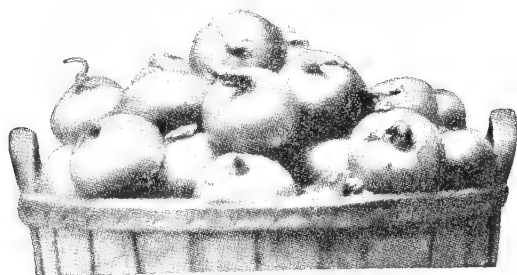

IMP. KLECKLEY SWEETS NO. 6

IMPROVED KLECKLEY SWEETS NO. 6 (Wilt Resistant)—A great improvement on the old Pride of Muscatine. It has the resistant quality of the Pride of Muscatine and the quality of the best strains of Kleckley Sweets. In addition it is also a splendid shipper as the rind is tough. The Melons are oblong in shape, about 22 inches long and 10 to 12 inches in diameter. **Pkt. 8c.; oz. 15c.; 1/4 lb. 45c.; lb. \$1.50.**

Wilt Resistant Water Melon

In many sections of our country ordinary strains of Water Melons often fail due to fusarium wilt. This destructive plant disease may be present in the soil for many years and so far as is known cannot be successfully controlled. To combat this disease State Colleges have developed strains that are resistant to this ailment.

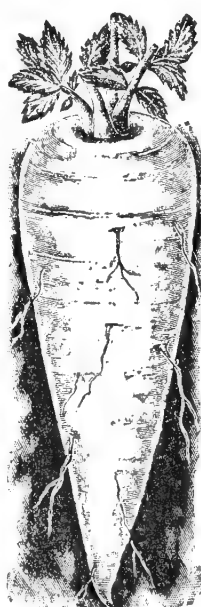

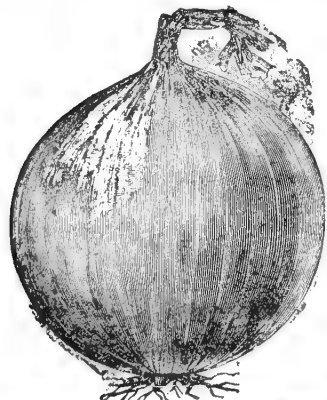

VICTOR ONION

Victor Onion Sets

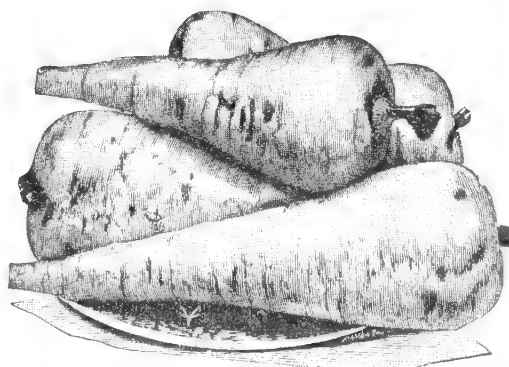

The finest thing ever offered in Onion sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed, these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. **Pt. 25c.; qt. 45c.; 3 qts. \$1.25, postpaid.**

Golden Globe Onion Sets

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers, planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. **Our stock of these new onion sets is limited, order early. Pt. 25c.; qt. 45c.; 3 qts. \$1.30.**

PRIVATE STOCK

IMPROVED HALF LONG

Jung's Select Parsnips

IMPROVED HALF LONG—This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. **Pkt. 7c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.50.**

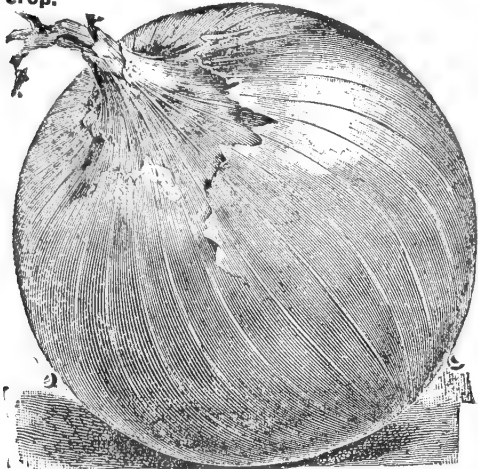

IMP. STUMP ROOTED

IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained sweet and tender. The earliest of all Parsnips. **Pkt. 8c.; oz. 18c.; 1/4 lb. 45c.; lb. \$2.00.**

JUNG'S PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. **Pkt 8c.; oz. 18c.; 1/4 lb 45c.; lb. \$1.65.**

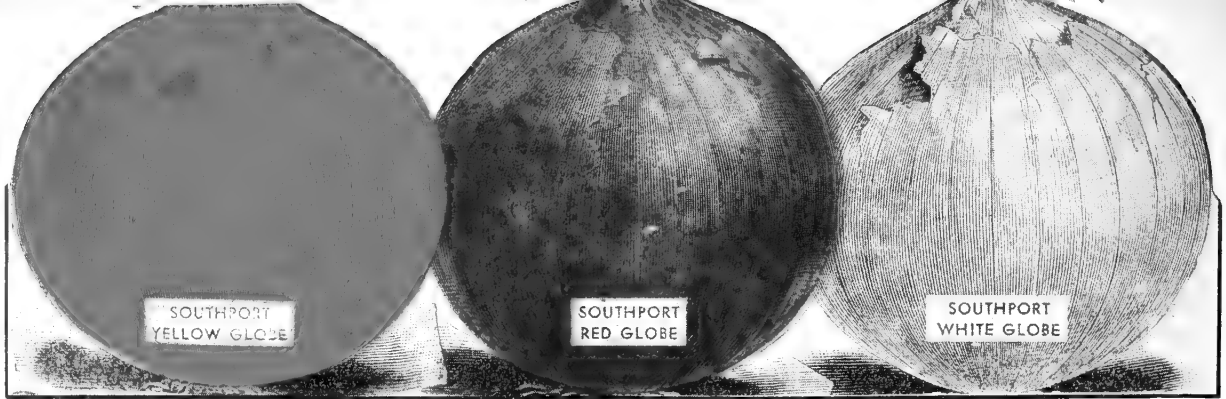

Jung's Select Onion Seed

We make a specialty of **HIGH GRADE ONION SEED**. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheapest when you compare the resulting crop.

EARLY YELLOW GLOBE

EARLY YELLOW GLOBE—An excellent globe shaped, early maturing onion, also a good yielder and splendid keeper and often produces a good crop when other varieties fail. Bulbs grow 2½ in. in diameter; skin deep yellow; flesh pure white, solid and of excellent quality. **Pkt. 8c.; ½ oz. 20c.; oz. 35c.; ¼ lb. \$1.10; lb. \$4.25.**

THREE TRUE GLOBE ONIONS

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

SELECT SOUTHPORT YELLOW GLOBE

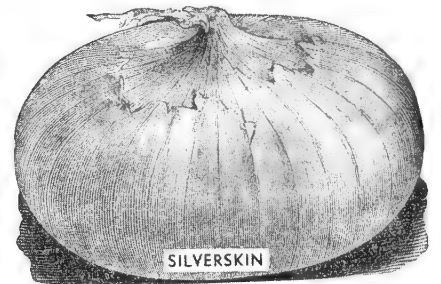

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging nine or ten inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. **Pkt. 8c.; ½ oz. 25c.; oz. 45c.; ¼ lb. \$1.35; lb. \$4.90.**

SELECT SOUTHPORT WHITE GLOBE

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silver-skin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. **Pkt. 12c.; ½ oz. 30c.; oz. 55c.; ¼ lb. \$2.00.**

SELECT SOUTHPORT RED GLOBE

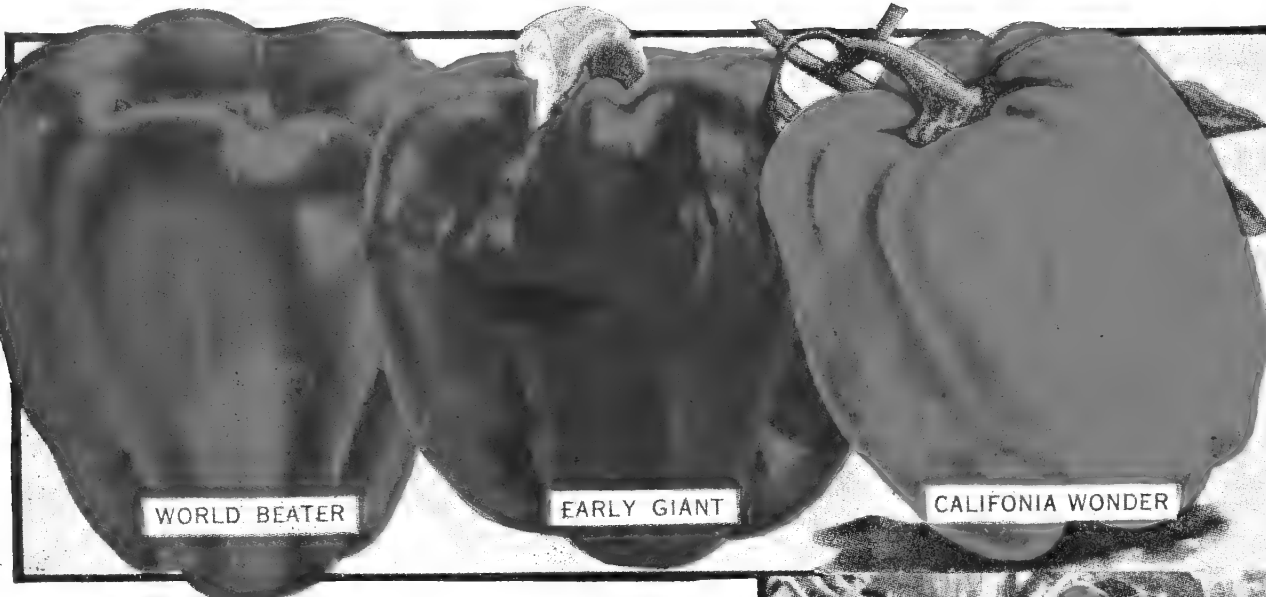

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. **Pkt. 10c.; ½ oz. 20c.; oz. 35c.; ¼ lb. \$1.35.**

SILVERSKIN

SILVERSKIN OR WHITE PORTUGAL

A leading white, flat onion. The bulbs attain a good size, ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. **Pkt. 12c.; ½ oz. 30c.; oz. 50c.; ¼ lb. \$1.90.**

WORLD BEATER

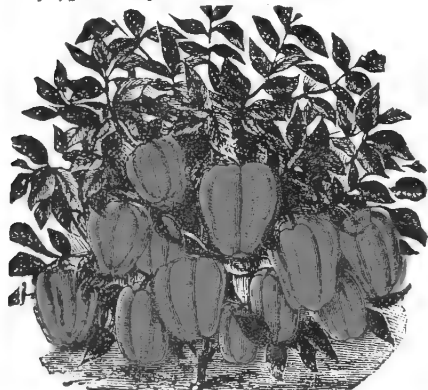

EARLY GIANT

CALIFORNIA WONDER

Select Peppers

EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. It ripens fruits average 5 in. long by 3½ in. in diameter, of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of pleasant flavor. Probably one of the most profitable varieties to grow for market. **Pkt. 8c.; ½ oz. 20c.; oz. 35c.**

WORLD BEATER—The very best extra large pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 inches long by 3½ to 4 inches in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. **Pkt. 7c.; ½ oz. 5c.; oz. 45c.**

OSHKOSH

CALIFORNIA WONDER

—A magnificent pepper resembling Chinese Giant in its large size and "blocky" form of fruits, full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. **Pkt. 8c.; ½ oz. 30c.; oz. 50c.**

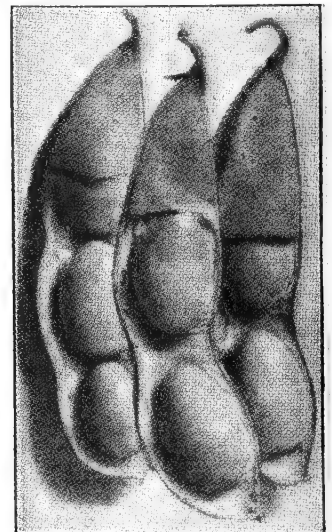

OSHKOSH—The Best Yellow Pepper. A very distinct and desirable large fruited pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½ in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. **Pkt. 10c.; ½ oz. 30c.; oz. 50c.**

PIMIENTO—This variety grows peppers that are of large size and is largely used for mangoes, salads and stuffing. Flesh is very thick, mild and sweet, color bright red when ripe. **Pkt. 8c.; ½ oz. 30c.; oz. 50c.**

LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. **Pkt. 8c.; ½ oz. 25c.; oz. 45c.**

PIMIENTO

The New Vitamin Rich Vegetable Edible Soybean "Mendota"

This new variety was originated at the University of Wis., and may be classed as one of the best early edible varieties and well suited for shelling like limas, freezing or baking like dry navy beans. Plants grow 24 to 30 in. tall and produce an abundance of pods containing 2 to 3 seeds. Plants grow upright and require no support; first pods are ready for picking in 90 to 95 days. Soy Beans are rich in Vitamins A, B and G. **Pkt. 7c.; ½ lb. 25c.; lb. 45c.; 5 lbs. \$1.90.**

Inoculate Your Soy Beans with Nod-
O-Gen. See Page 1.

Jung's Hardy Shrubs

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1 yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Send Your Orders Early. Plants will be sent out at proper time for planting.

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. **Strong 2-yr. plants: Each 45c.; 3 for \$1.25.**

Forsythia

GOLDEN BELL FORSYTHIA—A handsome hardy shrub that grows 5 to 6 ft. tall. Few if any of the early flowering shrubs can surpass the splendor and brilliancy of a Forsythia in full bloom. Flowers are a bright golden yellow and completely cover the bush. One of the first shrubs to blossom, after the first few days of spring they break forth in full flower which remain for weeks. **Strong 2-yr. plants: Each 35c.; 3 for \$1.00; doz. \$3.00.**

New Butterfly Bush

ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bears a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. **Strong plants that will bloom this year: Each 40c.; 3 for \$1.00.**

RED LEAVED BARBERRY A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. **Select 2-yr. plants: Each 30c.; 3 for 80c.; 12 for \$3.00.**

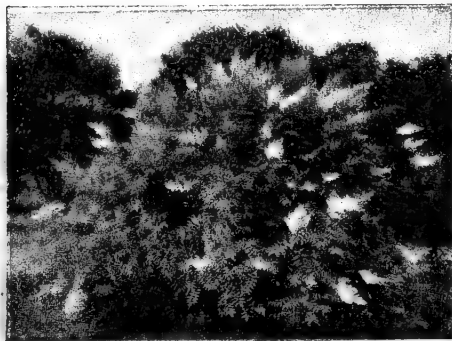

Beautiful Flowering Shrubs

(Shown above in natural colors)

SCARLET FLOWERING QUINCE A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. **2-yr. field grown plants: Each 35c.; 3 for \$1.00; doz. \$3.50.**

PERSIAN LILAC—One of our most popular and beautiful Lilacs. Bushes make a rapid, graceful growth and are excellent for use either as a shrub or for a hedge. Flower heads very large, beautifully formed, bright lilac color and very fragrant. A very profuse bloomer, very hardy. **Strong 2-yr. plants: Each 35c.; 3 for \$1.00; doz. \$3.25.**

SNOW GARLAND DUETZIA—A valuable and beautiful shrub which grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. **Each 40c.; 3 for \$1.10; doz. \$4.00.**

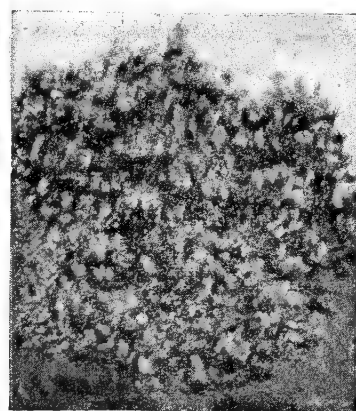

FERN LEAVED SPIREA

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flower similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendid. **Each 35c.; 3 for \$1.00; doz. \$3.75.**

ROSY PLUME SPIREA

BUSH BITTERSWEET

Bush Bittersweet

A beautiful hardy shrub which will grow 6 to 8 ft. tall. In spring it is covered with a mass of bright yellow flowers, followed by brilliant rose colored berries (like bittersweet) which remain on the plants until mid-winter. Leaves color up beautifully in the fall. **Strong 2-yr. plants: Each 35c.; 3 for \$1.00.**

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. **Strong 2-yr. plants: Each 30c.; 3 for 75c.; 12 for \$2.75.**

GOLDEN ELDER

Philadelphus Virginialis

This may be classed as one of our most beautiful hardy shrubs, if you can have but one shrub let it be one of these. Grows to a height of 4 to 5 ft., they come into full bloom in June and when in full flower resemble a huge bouquet being completely covered with clusters of large, double, pure white, sweet scented flowers and remain in flower for 3 to 4 weeks. **Extra strong 2 yr. plants: Each 40c.; 3 for \$1.00.**

Esther Doll, Pa.—Received my order of shrubs and am very much pleased with them

Clyde Ford, Mich.—We have had very good luck with your seeds and shrubs. Your premiums and free seeds are very generous.

ISLE DE FRANCE

Golden Elder

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. **Extra strong 2 yr. plants: Each 35c.; 3 for \$1.00.**

PHILADELPHUS

JAPANESE BARBERRY

Japanese Barberry

Colors wonderful in the Fall.

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. **Strong bushy 2 yr. plants: Each 25c.; 3 for 60c.; 12 for \$2.25; 25 for \$4.25.**

PRICES!

In comparing prices please bear in mind that, except where noted, we pay the postage; also all our shrubs are 2 and 3 yr. field grown plants, not 1 yr. rooted cuttings as are often offered at bargain prices.

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

Mrs. W. L. Upton, La.—Your other shrubs arrived and are indeed fine specimens. Many thanks for promptness.

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

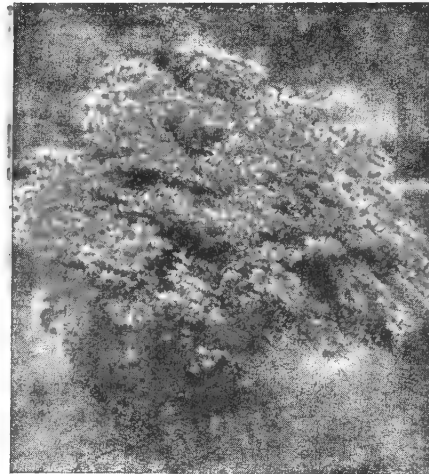

RED BRANCHED.—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED.—Very similar to the above except that the branches are bright yellow.

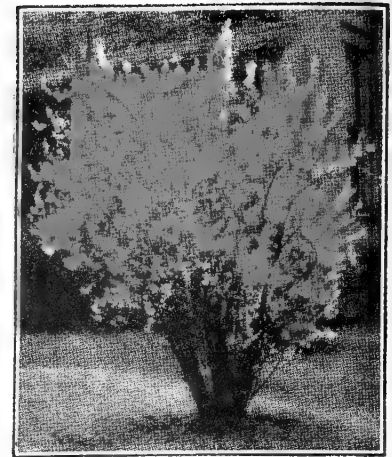

Price of above: Strong 2 yr 18-24 in. plants: Each 35c.; 3 for \$1.00. State color wanted.

DOGWOOD

GOLDEN MOCK ORANGE

HARDY FORSYTHIA

Hardy Forsythia

OVATA.—This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall, excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. **2 yr. field grown plants: Each 35c.; 3 for \$1.00.**

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs. It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy and grows to a height of 4 to 5 ft. **Each 45c.; 3 for \$1.25.**

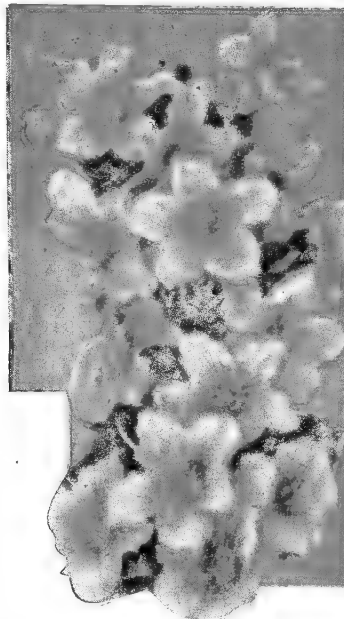

Anthony Waterer Spirea

The Best Everblooming Red Shrub.

A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads of clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. **2 yr. plants: Each 35c.; 3 for 85c.; 12 for \$3.25.**

Hardy Wiegela

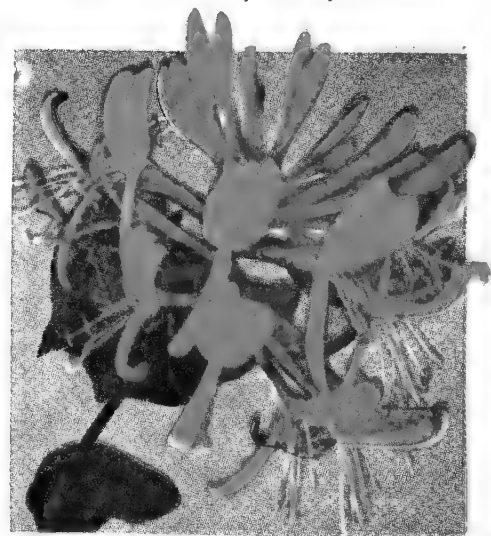

ROSALIE.—This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants: Each 35c.; 3 for \$1.00.**

HARDY WIEGELA

Our Best Hardy Climber

Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June to Oct. Will Bloom Same Year Planted. No Insects or Disease.

We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year: Each 40c.; 3 for \$1.10.**

Hibiscus

HIBISCUS OR MALLOW MARVEL.—The beautiful perennials bloom in late summer when flowers are scarce. The plants grow 3 to 4 ft. tall and may be planted among shrubs or used as a background. Flowers are large and showy, 4 to 5 in. across, most of them bright red. **Strong Plants: 3 for 50c.; doz. \$1.75.** We can also offer select seed in mixed colors at 10c per pkt.

Mrs. H. E. Johnson, Minn.—It is always a pleasure to looking forward to receiving your strong vigorous plants.

HIBISCUS

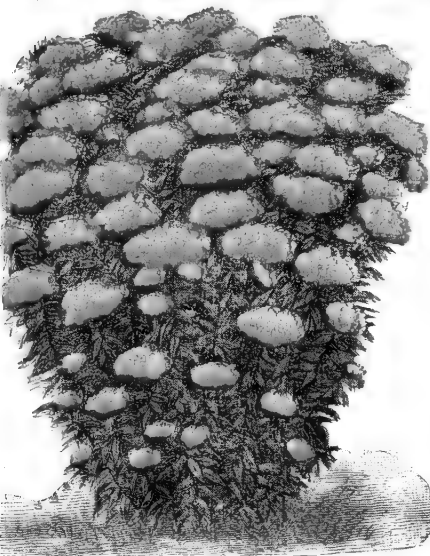

Giant Red Berried Viburnum

AMERICANUM.—One of our hardy useful and beautiful shrubs, growing to a height of 5 to 6 ft. They have handsome brilliant green foliage which forms a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. **Extra Strong 3 yr. Plants: Each 35c.; 3 for 90c.; doz. \$3.25.**

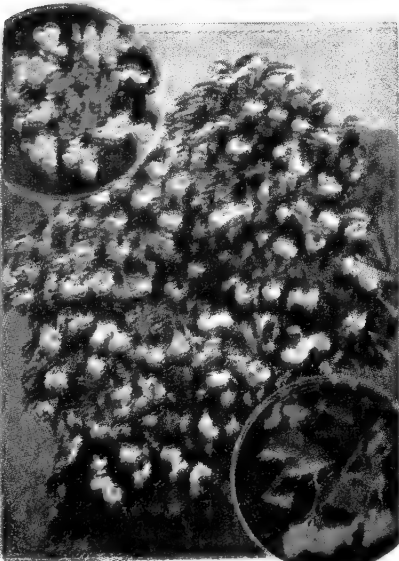

Mrs. I. Huglen, Minn.—Received my shrubs in fine shape and all seem to be growing.

Mrs. John Hoff, Wis.—The shrubs ordered from you are dandy, sure am satisfied.

Mrs. Frank Beckwith, N. Y.—The Spireas I got from you 2 years ago are nice big bushes and bloomed last year. Will get all my bushes from you for our new home as you always send me such healthy plants.

SPIREA A. W.

VIBURNUM

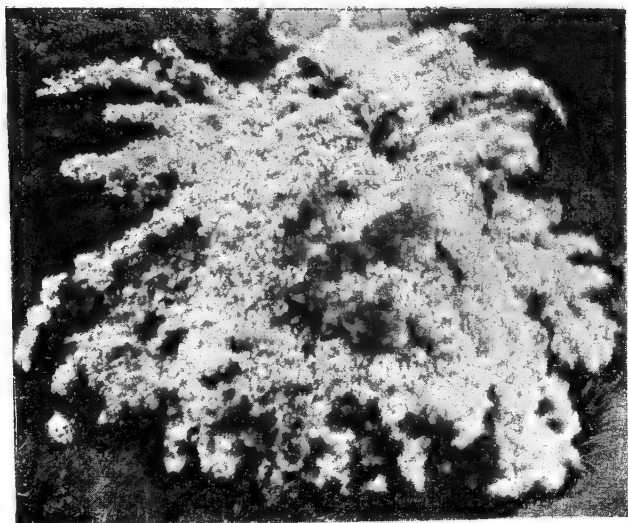

TAMARIX

Mrs. Garfield Bond, Idaho—
I have been very well satisfied with shrubs and seeds from your firm.

HONEYSUCKLE

Fireball Bush Honeysuckle

A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. **Select 2 yr. plants: Each 30c.; 3 for 75c.; doz. \$2.50.**

BEAUTY BUSH

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. **Strong 2-yr. field grown plants: Each 45c.; 3 for \$1.25.**

GIANT BRIDAL WREATH

Giant Bridal Wreath

The finest of all Spireas. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. **Select 2-yr. Plants: Each 35c.; 3 for 95c.**

New Lilac

CANADA GEM—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. **Strong 2 yr. plants: Each 60c.; 3 for \$1.50.**

Tamarix

This is the hardiest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery-blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. **Strong 18-24 in. plants: Each 35c.; 3 for 90c.**

U. H. Hostetler, Kans.—Received my plants yesterday, all looked swell, so much nicer than any I have ever received before.

CAN. GEM LILAC

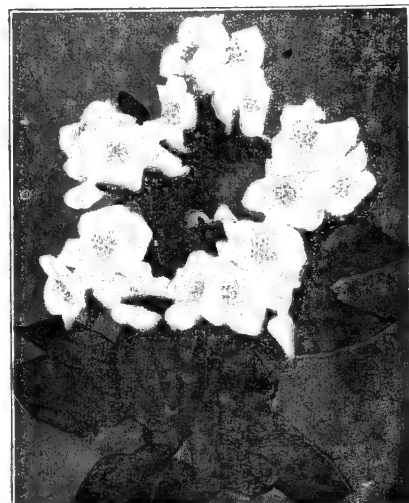

HYDRANGEA PAN. GRANDIFLORA

Pan. Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. **We offer only 2 yr. field grown plants of the true Giant Flowered type. Each 40c.; 3 for \$1.10; doz. \$4.00.**

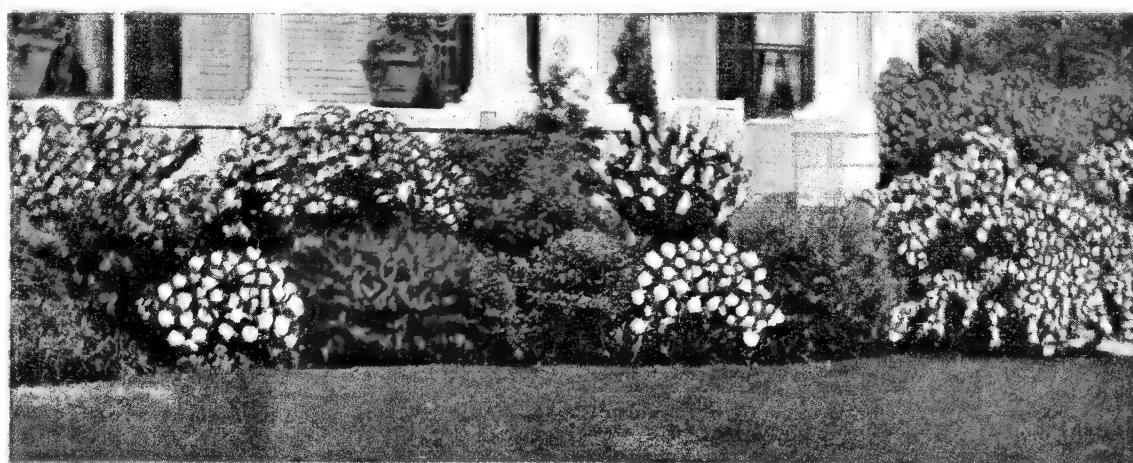

PHILADELPHUS SNOWDRIFT

New Mock Orange

PHILADELPHUS SNOWDRIFT

One of the hardiest and most profuse blooming shrubs. Grow a shapely bush 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A fine shrub for planting either as a specimen, mixing with plantings or used as a hedge. **Strong field grown plants: Each 39c.; 3 for 85c.; 12 for \$3.00.**

Robt. E. Maltby, Ohio
—I am very well pleased with the plants I received from you.

These are all strong 2 yr. old field grown shrubs and vines. At catalog prices they would cost \$6.75 but as a special offer they will be sent to you all charges prepaid for only \$4.75.

Rev. E. A. Austin, Mich. — Your shrubs are great, am happy to tell others.

WISTERIA

SILVER LACE VINE

TRUMPET VINE

CLEMATIS

Hardy Climbers

Wisteria

HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2 yr. old plants: Each 35c.; 3 for \$1.00.**

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during Aug. and Sept. the vines are a fleecy cloud of bloom of white color. **Select 2 yr. plants: Each 35c.; 3 for \$1.00.**

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remain in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants: Each 30c.; 3 for 85c.**

Engelman's Ivy

A very desirable variety as it is much hardier than Boston Ivy withstanding heat and severe cold much better. It is a type of Ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. **Each 30c.; 3 for 85c.; 12 for \$3.00.**

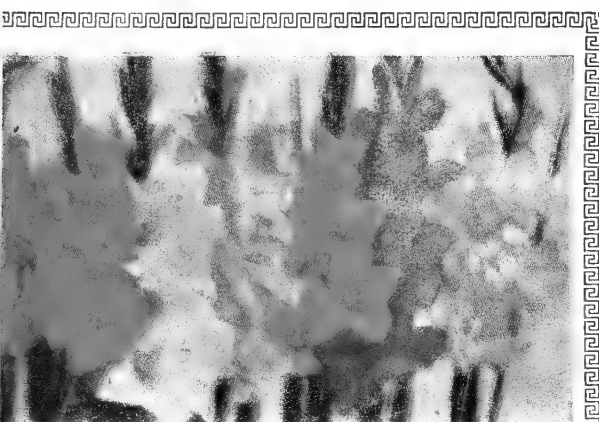

ENGELSMAN'S IVY

Clematis-Jackmanni

One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2-yr. field grown plants: Each 60c.; 3 for \$1.50.**

M. F. Smith, Wis.—Bulbs, Berry plants, Shrubs and Seeds from you proved very good the Grootendorst rose has never failed to bloom way into October after freezing, also have lots of Iris, Lilies and roses.

JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "glads". Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. **Large Select Bulbs: 6 for 45c.; 12 for 85c.; 20 for \$3.25, postpaid.**

Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. **3 for \$1.00; 6 for \$1.85; 12 for \$3.25.**

Jung's Select Peonies

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall. The plants we offer are strong divisions and should not be compared with light plants that are often offered at low prices. Planting instructions are sent with all plants.

1—EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. **Each 45c.; 3 for \$1.25.**

2—FESTIVA MAXIMA—This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. **Each 50c.; 3 for \$1.35.**

3—KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. **Each 50c.; 3 for \$1.40.**

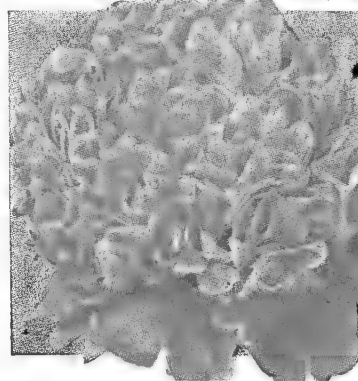

4—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. **Each 50c.; 3 for \$1.40.**

5—THERESA—One of the highest rated Peonies and considered the world's best pink. Flowers of enormous size, rich satiny pink, rose type, with a delightful fragrance. Equally fine for landscape or show, a regal beauty sure to please. **Each 60c.; 3 for \$1.50.**

Special Peony Offer

One strong plant of each of these 5 Superb Peonies for only \$2.25.

Iris and Peonies can be planted in the fall also. We can fill orders from August to November.

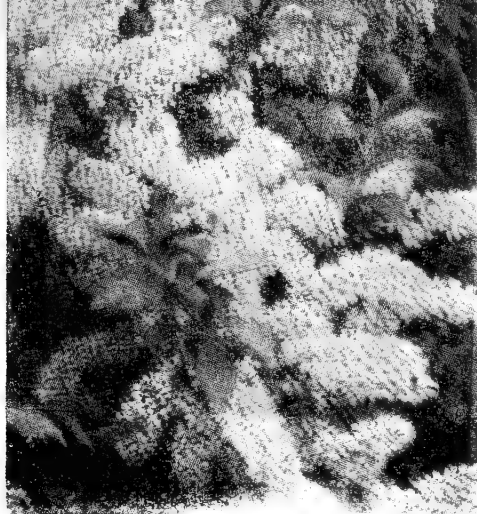

FESTIVA MAXIMA

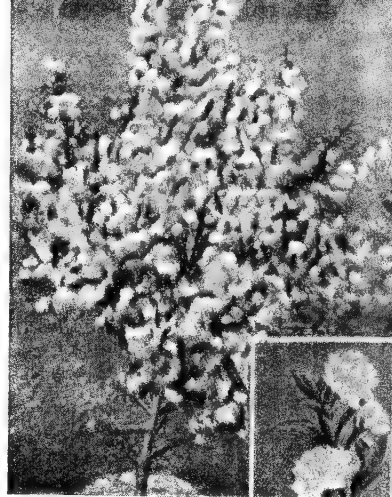

MONS JULES ELIE

EDULIS SUPERBA

KARL ROSENFELD

MAY DAY TREE

CHINA ROSE TREE

FRENCH LILAC

RED LEAVED PLUM

Beautiful Flowering Trees

May Day Tree

A flowering tree of superb beauty useful for either the lawns or boulevard as it will grow to a good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees a massive bouquet of loveliness. One of the first trees to leaf out in the spring. **Select 2-3 ft. trees: Each 50c.; 3 for \$1.35.**

China Rose Tree

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft., and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It bears a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. **Strong 2 to 3 ft. trees: Each 50c.; 3 for \$1.25.**

French Lilac

The French Lilacs have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of the fine Lilac. **Extra Strong Plants. Each 45c.; 3 for \$1.25.**

Red Leaved Plum

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest color. Perfectly hardy and will grow 6 to 8 ft. tall. **Strong 2-3 ft. plants: Each 50c.; 3 for \$1.25.**

The Glorious "Hopa Crab"

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. The fruit is also used for jelly. **Strong 3-4 ft. trees: Each 50c.; 3 for \$1.25.**

Special Offer No. 87

One select 2-3 ft. plant of each of these five Shrubs and Trees for only \$2.25.

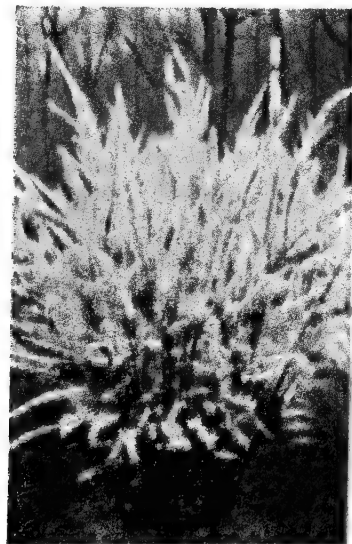

HOPA CRAB

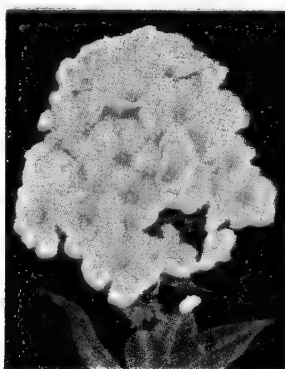

LYTHRUM

Moretons Lythrum

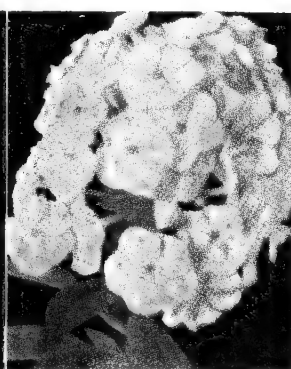

Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. **Strong field grown blooming size plants: Each 30c.; 3 for 75c.**

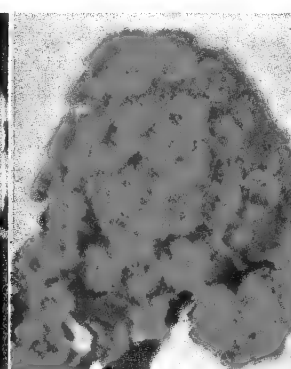

WHITE GLORY SPIREA

BORDER QUEEN

MRS. JENKINS

FIREBRAND

White Glory Spirea

A Jewel Among Shrubs

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong bushy plants: Each 35c.; 3 for \$1.00.**

Hattie Fisher, Ala.—I was really pleased with my shrubs and seeds ordered from you last year.

Hardy Phlox

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow, and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

BORDER QUEEN—The best pure deep pink. Flower heads of mammoth size and a profuse bloomer. The best pink.

DAILY SKETCH—Immense flowers of light salmon pink with carmine eye. No other hardy phlox produces florets so large.

FIREBRAND—Bright vivid scarlet, large and showy. One of the best.

MRS. JENKINS—A favorite variety as it is pure white and blooms for a long period.

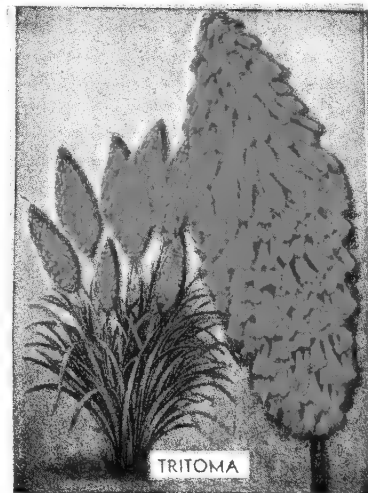

Any of the above: 30c each; 3 for 75c.; doz. \$2.25.

Mixed colors: 3 for 50c.; doz. \$1.75.

Tritoma

PFITZERI or RED HOT POKER

— Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from Aug. to Oct. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. **Extra strong plants: 3 for 60c.; 6 for \$1.00; doz. \$1.90.**

TRITOMA

Jung's Select Gladioli

It's Easy to Grow Fine "Glads"

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

The grand new Gladioli listed below are some of the very best of the new introductions and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

BARCAROLE—Gorgeous large heavily ruffled flowers of rich, clear orange. A superb beauty.

BLACK OPAL—Large black-red flowers produced on long spikes. Sure to attract attention.

GOLDEN CHIMES—A grand large flowered canary yellow, strong grower, heavily ruffled.

INSPIRATION—A rare beauty, deep shrimp pink, heavily ruffled and fluted. A new type sure to please.

IRAK—Something new and different. Large flowers of rich grey color produced on long sturdy spikes.

KING LEAR—One of the best purple "glads." Large ruffled flowers, very rich and velvety.

LAVENDER RUFFLES—A rare combination of grace, beauty and charm. Clear live lavender-pink rivaling orchids for beauty.

RED GIANT—Immense deep scarlet red flowers produced on long straight spikes. A sure winner.

CHAMONY—Large flowers of a live snappy rose-pink color. The most beautiful deep pink.

SNOW PRINCESS—One of the best whites. Very large ivory-white flowers well placed on long straight spikes.

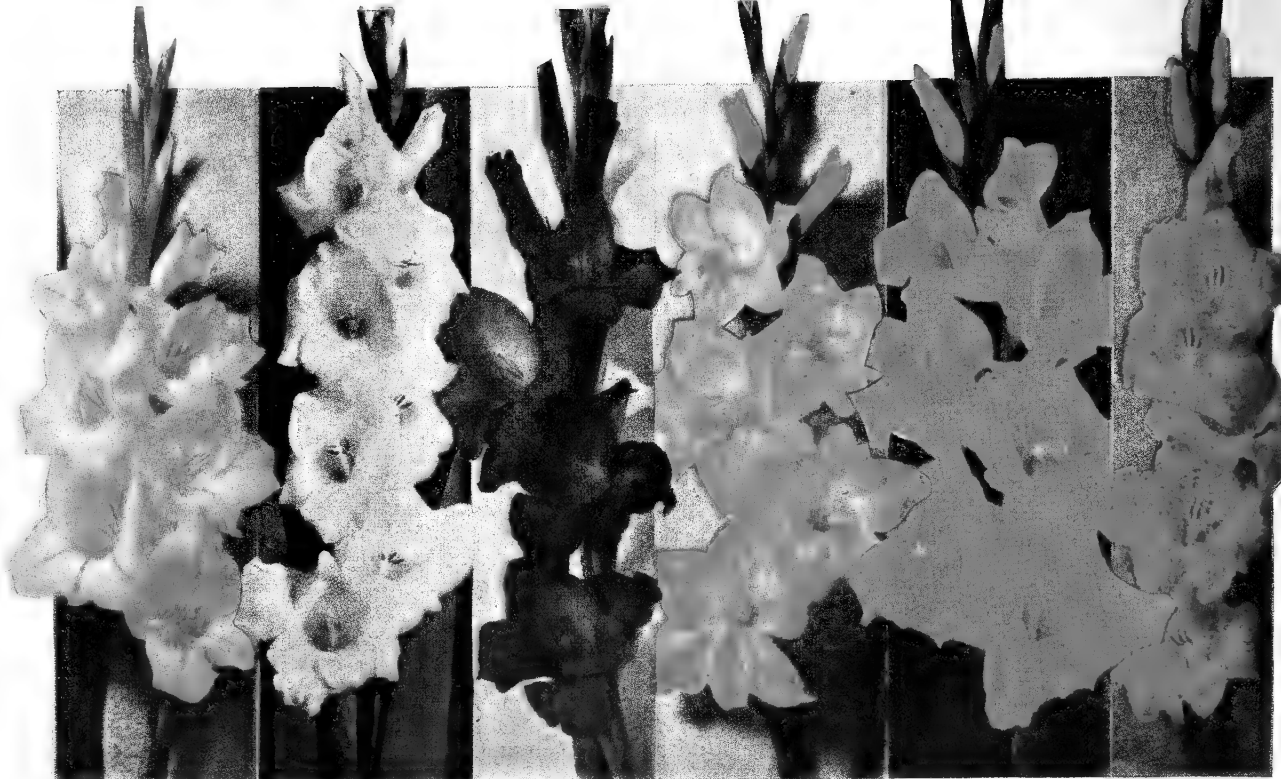

VISTA BONITA—Huge blooms of a clear deep rose-pink color. You will be delighted with this one.

WINGS OF SONG—One of the grandest and best deep rich pinks. Unexcelled for size and beauty.

Price of above select bulbs: 3 for 40c.; 12 for \$1.50; 100 for \$9.50.

Special Gladioli Collection No. 1

One select bulb of each of the above 12 grand new Gladioli for \$1.45; 5 of each for \$7.00.

WINGS OF SONG SNOW PRINCESS

KING LEAR

BARCAROLE

G. CHIMES

RED GIANT

12 Super New Gladioli

If you want a real surprise for yourself and friends plant some of these splendid new "glads" listed below. They will produce flowers that for size and rare beauty are unexcelled.

BEACON—Clear light rose scarlet with large orange throat. Strong grower, immense flowers.

BEACON—Clear light rose scarlet with large orange throat. Strong grower, immense flowers.

BLUE ADMIRAL—One of the best deep violet-blues. Large flowers borne on strong straight spikes. Highly recommended.

CONQUEST—Dainty and beautiful, light salmon pink with cream throat. Large ruffled flowers.

DREAM OF BEAUTY—Strong grower, bright and showy. Color like American Beauty Rose.

FLAMING METEOR—Giant flame red, flowers borne on spikes 4 to 5 ft. tall, simply a gorgeous "red".

MILFORD—A lovely clear light blue. Flowers very large, well placed on strong sturdy spikes.

IMPROVED MINUET—Deep rich orchid pink. Large flowers well placed on tall, straight and sturdy spikes.

PEGGY LOU—A perfect mate to Picardy except that the color is a bright rosy pink. You will like "Peggy Lou".

RUFFLED BEAUTY—Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spike.

SHIRLEY TEMPLE—As charming and beautiful as the lovely actress after whom it was named. Immense ruffled creamy white flowers. Strong vigorous grower.

VAGABOND PRINCE—One of our richest colored glads, being a bronze red. A strong grower, straight spiked and 8 to 10 flowers open at once.

Price of above Gladioli: 3 for 35c.; 12 for \$1.20.

Gladioli Collection No. 3

One large select bulb of these 12 fine new Gladioli for \$1.10; 5 of each for \$5.00

How To Grow "Glads"

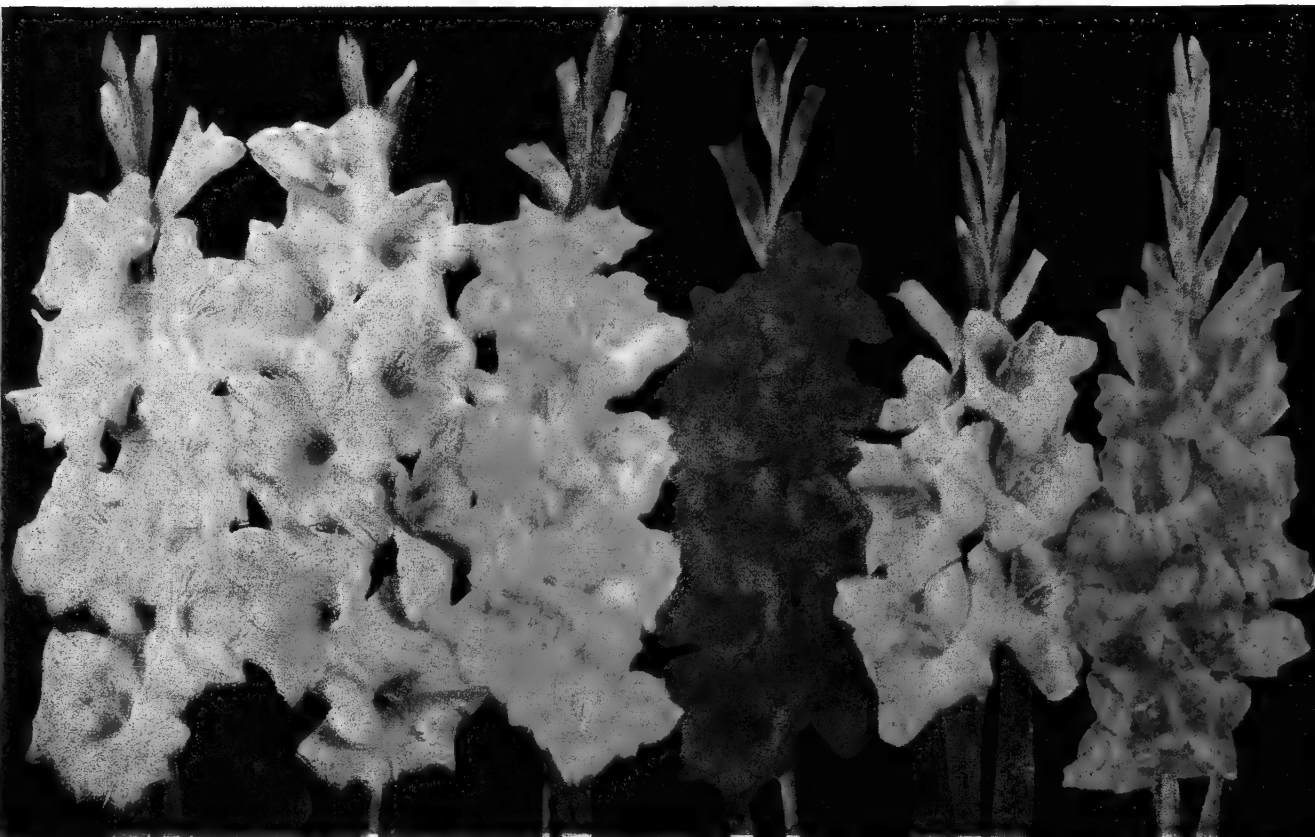

Full instructions on treating gladioli bulbs and fighting thrips are sent free with all orders for bulbs.

Elizabeth Powell, Iowa—The "glads" from you last year were wonderful.

Mrs. R. W. Flagg, N. Y.—We had a wonderful garden from your seeds last year and the glads were wonderful.

Mrs. Len Nickerman, Minn.—I order all JUNG'S SEEDS and can't begin to tell you how well satisfied I am with both vegetables and flowers; my Gladioli were the talk of the neighborhood.

Mrs. J. A. Bowers, Oregon—I received the Iris. They were fine. I surely enjoy such nice plants.

Order Your Iris Now

NOTE—Iris do best when planted during Aug. or Sept. Orders for plants may be placed now and plants will be sent in Aug.

Blue and Purple Gladioli

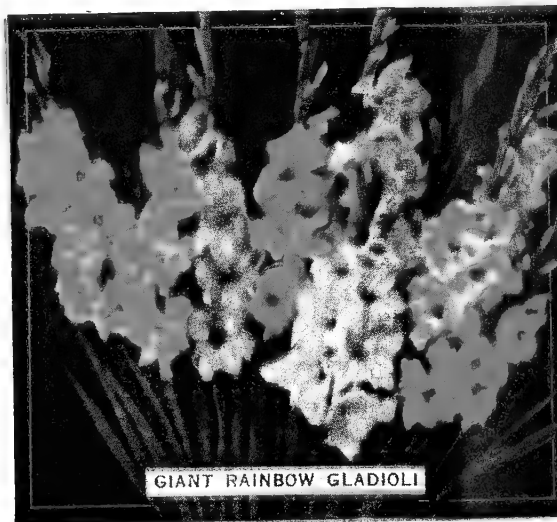

There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. **Select bulbs: 6 for 50c.; doz. 90c.** Order early as our supply is limited.

GIANT FANCY IRIS

Jung's Giant Fancy Iris

This assortment of Iris is made up for those who want something really good at a low cost. It is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. Whether you order three or a dozen no two will be alike. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time. **Strong select plants: 3 for 35c.; 6 for 65c.; doz. \$1.25; 25 for \$2.00.**

GIANT RAINBOW GLADIOLI

12 New Giant Flowered Iris

Wonderful improvements have been made in Iris in recent years. The varieties listed below will give you a truly grand collection of the newer varieties. Only a few years ago many of these sold for \$5.00 to \$10.00 each.

- 1—BLACK WINGS**—Intense deep blue, almost black. Giant flowers, very fragrant, a real beauty.
- 2—CLARA NOYES**—A fine blend of apricot, orange and peach. Something new and beautiful.
- 3—DORE**—A new and beautiful color combination, standards light yellow, falls pure white.
- 4—EROS**—A new color in Iris, being a solid salmon pink throughout. Large, lovely flowers.
- 5—FRIEDA MOHR**—A deep lilac and pink of giant size flowers, 6 to 7 in. across. The most fragrant of all Iris.
- 6—GRACE STURTEVANT**—Strikingly showy, standard rich maroon, falls deep velvety red. Strong grower, large flowers.
- 7—HEAVENLY BLUE**—Gigantic flowers of solid delphinium blue. An iris of beauty and charm.
- 8—HAPPY DAYS**—Colossal in size and each stalk will carry 5 to 6 massive blooms. Bright clear yellow. **Each 35c.; 3 for \$1.00.**
- 9—KING JUDA**—A robust grower and prodigious bloomer. Large flowers, standard yellow, falls garnet red.
- 10—PINK SATIN**—A large lovely pink with delightful ruffling. Orange beard gives added charm.
- 11—RED RADIANCE**—A tall grower and one of the better "reds." You will like it. **Each 30c.; 3 for 75c.**
- 12—GIANT WHITE**—An excellent clear snow white. Immense flowers of good substance Very free bloomer.

PRICE OF ABOVE IRIS—Except where noted each 25c.; 3 for 65c.; 6 for \$1.25.

Special Iris Offer No. 1

One select plant of each of the above 12 Grand New Iris for only \$2.25. The greatest bargain ever made.

E. B. WILLIAMSON

E. B. Williamson (The Best Red Iris)

A Gold Medal Winner and considered one of the best in its color class. A glowing coppery red with falls deeper in color than standards. Large flowers of silky texture borne on 2 to 3 ft. stems. A truly grand showy Iris. **Each 60c.; 3 for \$1.50.**

Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. **6 for 25c.; 12 for 45c.; 50 for \$1.50.**

Two years ago we bought 21 of your Iris and I was certainly surprised to find them 100% better than your description. They were breath takingly beautiful.—H. D. McCicar, Minn.

Sewell Massey Sr., Utah—Am delighted with your seeds and bulbs. The "Glads" were especially beautiful.

PINK SATIN

ORDER YOUR IRIS NOW
Plants will be sent at best time for planting which is Aug. or Sept.

Everblooming Iris

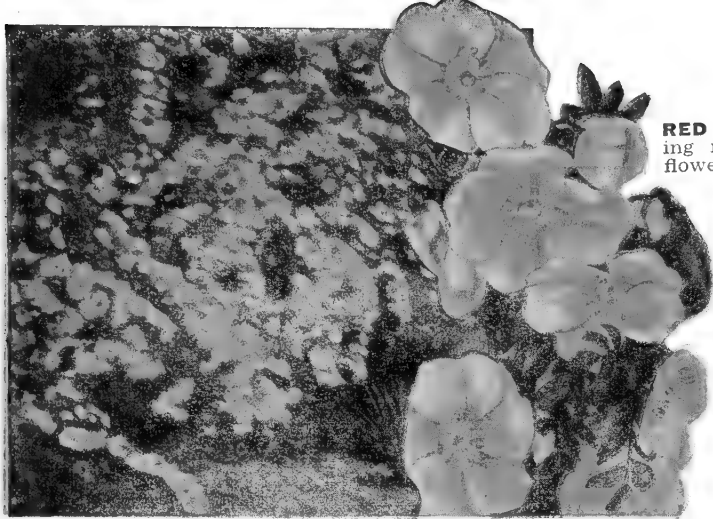

These fine Iris bloom not only in the Spring but usually flower again in the fall.

BLACK MAGIC—The most profuse fall bloomer. Deep blue violet with a rich velvety lustre.

FROST QUEEN—Free bloomer, large flowers of pure frosty white.

JEAN SIRET—The best everblooming yellow. Medium height, plants are a mass of color when in bloom.

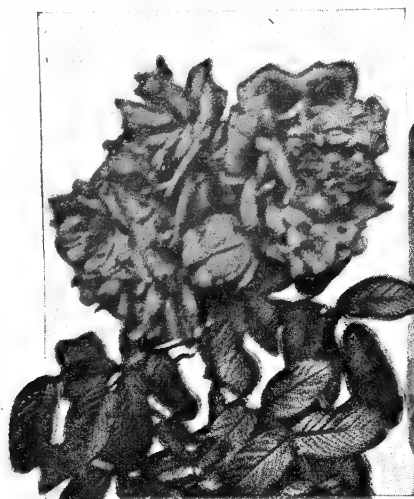

OCTOBER BLAZE—One of the most attractive fall bloomers. Large flowers of reddish purple. **Price of above Iris: Each 30c.; 1 select plant of each for 95c.**

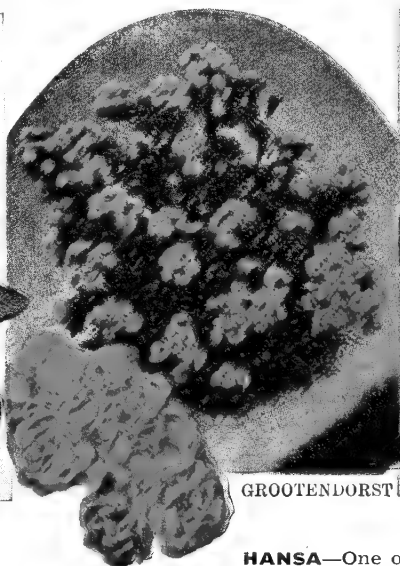

GOLDEN ROSE OF CHINA

PLEASE NOTICE

When comparing prices please bear in mind that we sell only 2 yr. strong field grown Rose Bushes. We do not offer small 1 yr. grafts such as are often offered at low prices.

HANSA

GROOTENDORST

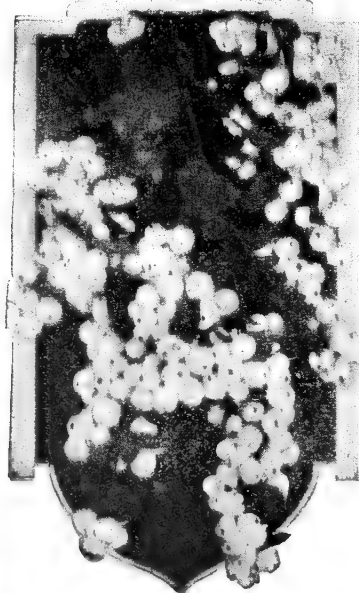

BELLE POITEVIN

Hardy Rugosa Roses

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double ever-blooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses. Once planted they are permanent, about all they require is to keep the soil worked around the bushes and occasionally a little well rotted manure well spaded in. They grow dense heavy bushes, 3 to 5 ft. tall and are well supplied with heavy shiny foliage.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. **Strong Plants: Each 45c.; 3 for \$1.25; 12 for \$4.25.**

SNOWBERRY

A Shrub For Shady Places Snowberry

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 ft. high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. **Strong bushy plants: Each 25c.; 3 for 70c.; 12 for \$2.25.**

French Pussy Willow

A highly improved variety that has created a sensation wherever shown. Branches of it have been selling during winter months for \$1.50 per doz. You can grow them on your lawn or backyard very easily, excellent for screens or backgrounds. Cut off the ends of the branches in Feb. or Mar. place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. **Select 18-24 in. plants: Each 35c.; 3 for \$1.00.**

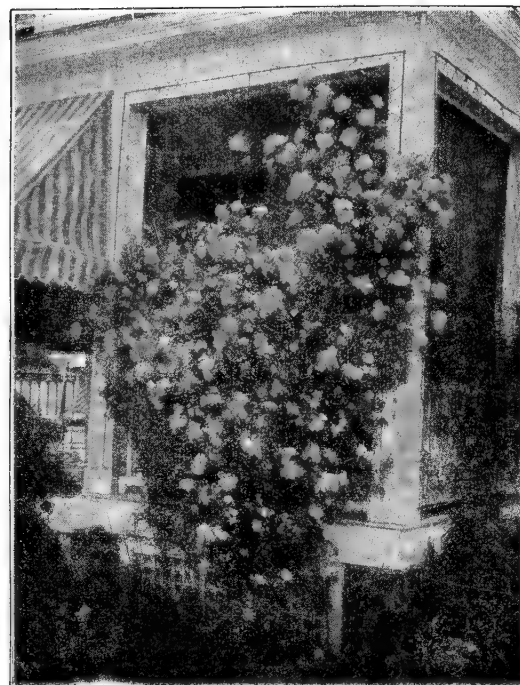

PUSSY WILLOW

Climbing Rose

RED DOROTHY PERKINS—A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. **Select 2 yr. Plants: Each 40c.; 3 for \$1.10.**

Golden Rose of China

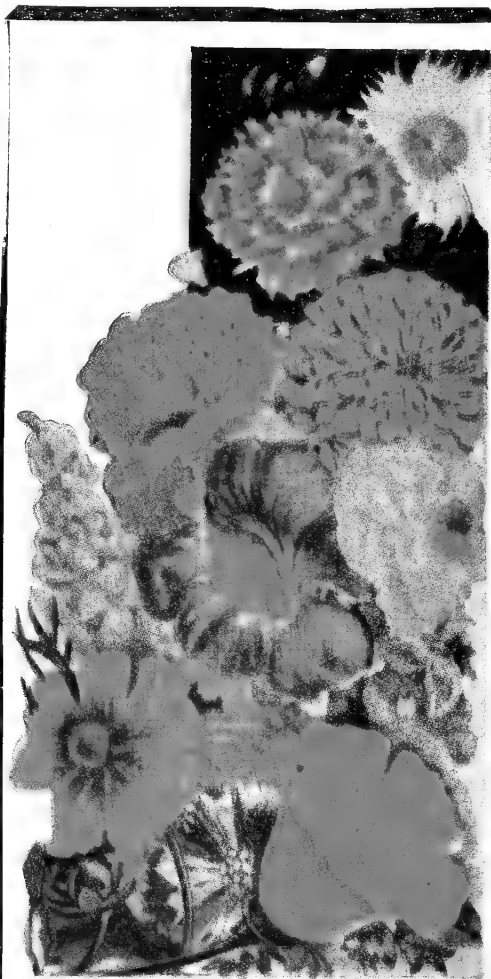

"HUGONIS"—A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. **Strong 2 yr. plants: Each 35c.; 3 for \$1.00; doz. \$3.25.**

RED DOROTHY PERKINS

Mrs. Emil Hansen, Mont.—I bought seeds and vines from you last year and was very pleased with all of them.

Mrs. P. J. Sullivan, Wis.—Our Clematis was very fine, it grew almost 4 ft. and had 11 giant blossoms the first year.

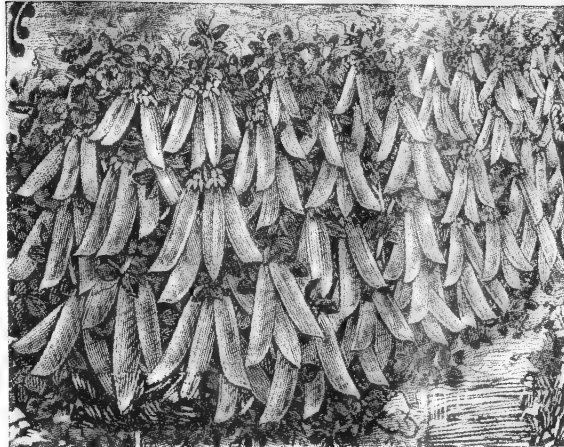

Rainbow Flower Garden

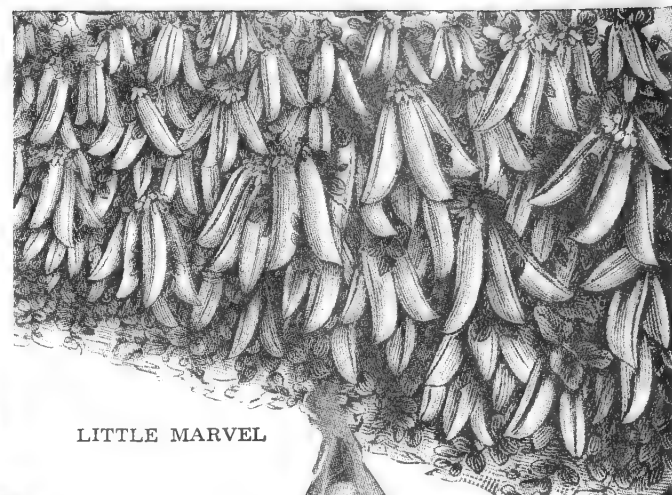

Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. Only seeds of the highest quality are used in this mixture and the grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. **Pkt. 10c.; 3 pkts. 25c.**

LITTLE GEM

GIANT PODDED EARLY

LITTLE MARVEL

Sweet Luscious Peas

EXTRA EARLY LITTLE MARVEL—The vines are of dark even growth averaging fifteen inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about four inches in length, are square at the bottom and well filled with six to seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. **Pkt. 8c.; ½ pt. 22c.; pt. 38c.; qt. 65c.**

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem." **Pkt. 7c.; ½pt. 20c.; pt. 35c.; qt. 60c.**

JUNG'S HONEY SWEET—One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. **Pkt. 10c.; ½ pt. 22c.; pt. 38c.; qt. 65c.**

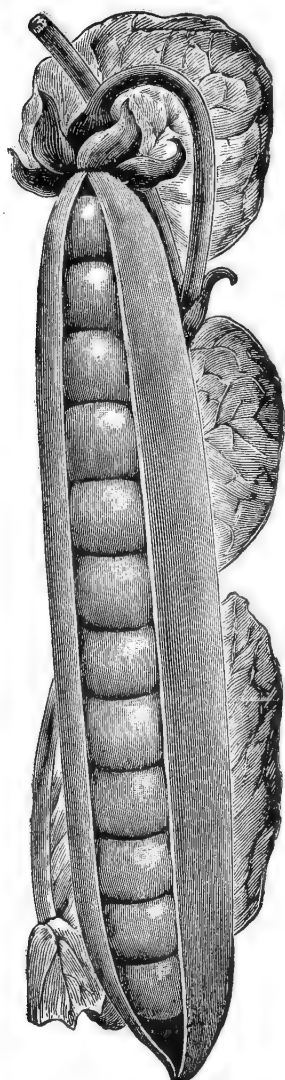

EDIBLE PODDED PEAS

MAMMOTH MELTING SUGAR—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure five inches long and are so tender and brittle that they snap like glass; they have no strings. **Pkt. 10c.; ½ pt. 30c.; pt. 45c.; qt. 85c.**

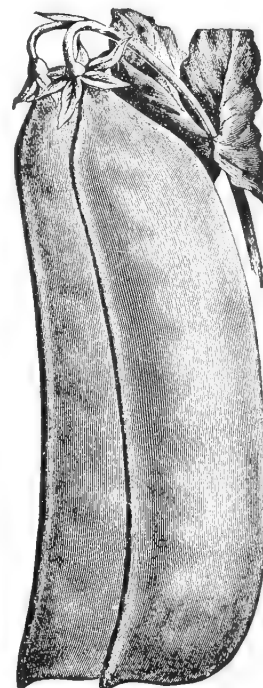

Grow More and Better Peas by Using Nod-O-Gen. See Page 1.

Harry J. Young, N. H.—The seeds from you were very satisfactory in every way, the Little Marvel Peas were certainly little marvels, we had peas the 22nd of June.

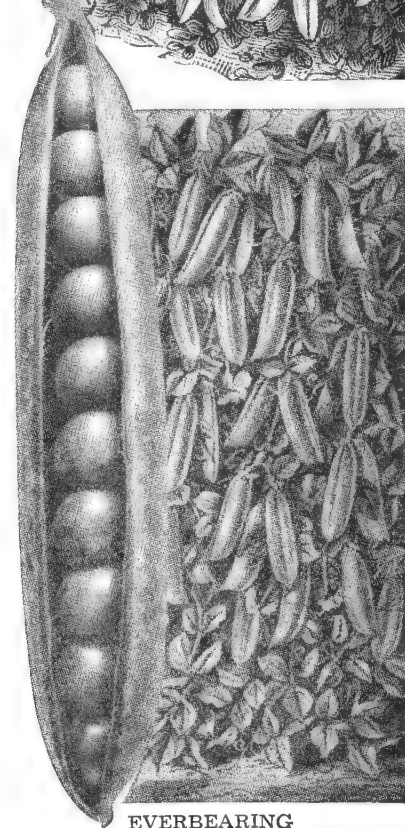

Harry N. Ahlgren, Ill.—Received my order and want to compliment you on the high quality of the stock and especially on your careful packing.

HONEY SWEET

MAM. MELTING SUGAR

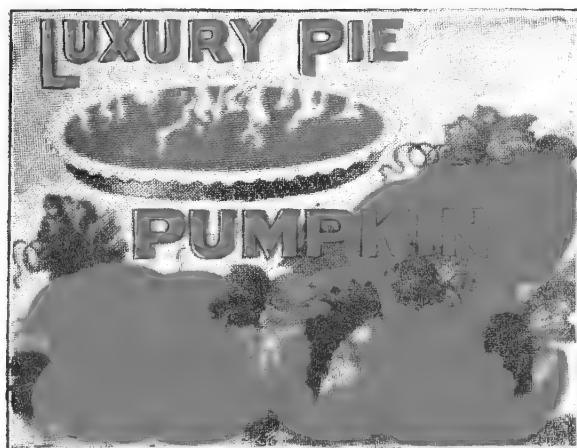

EVERBEARING

Special Offer No. 7

To have a supply of fresh tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

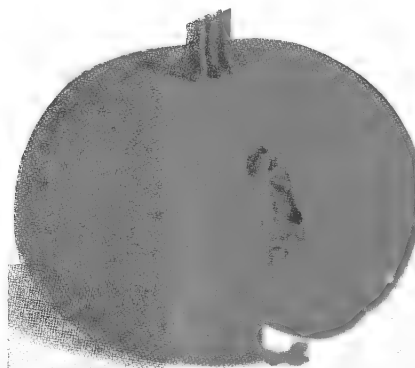

Giant Podded Early	Little Gem
Blue Bantam	Everbearing
Jung's Honey Sweet	
1 Pkt. of each for 35c. 1 Pt. of each for \$1.85.	
½ pt. of each for \$1.10. 1 Qt. of each for \$3.25.	

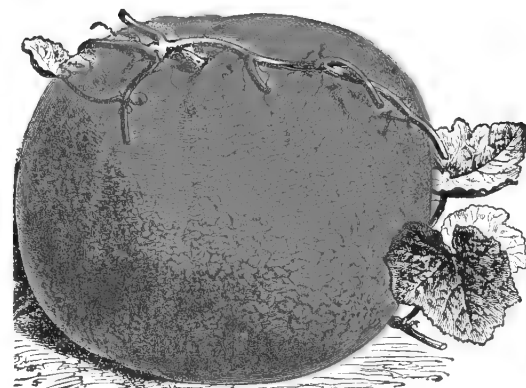

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. **If you want some delicious pies for Thanksgiving day plant LUXURY PIE. Pkt. 8c.; oz. 20c.; ¼ lb. 50c.**

Pumpkins

BUSH PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies. **Pkt. 7c.; oz. 15c.; ¼ lb. 45c.**

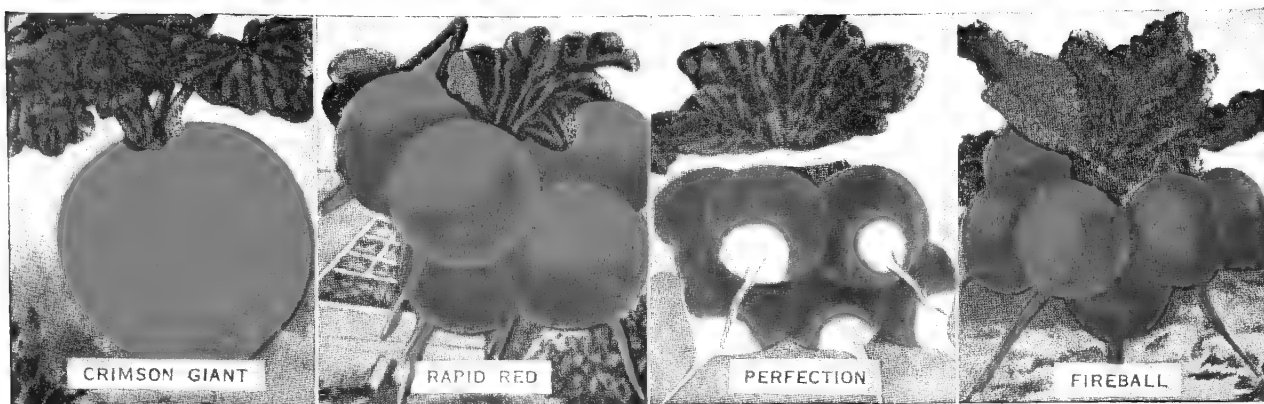

BUSH PUMPKIN

TRUE MAMMOTH

TRUE MAMMOTH—This is a true Mammoth Pumpkin. Fruits grow to enormous size specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick, bright yellow and fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. **Pkt. 8c.; oz. 20c.; ¼ lb. 65c.; lb. \$2.00.**

BIG TOM FIELD PUMPKIN—Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 inches in diameter, round or oval in form. It is the hardest of all pumpkins and is good for pies. **Pkt. 7c.; oz. 12c.; ¼lb. 30c.; lb. \$1.10.**

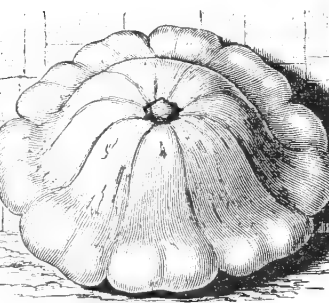

SELECT WHITE ICICLE

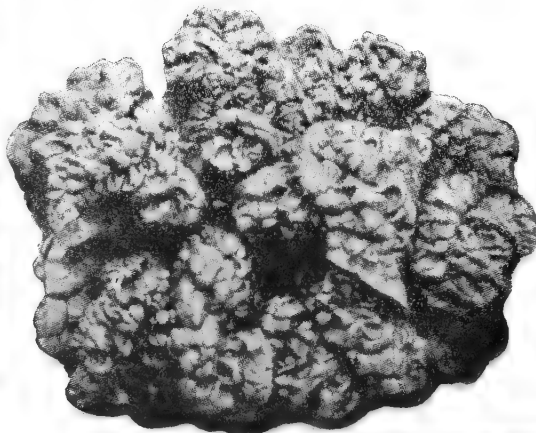

FRENCH BREAKFAST

WOOD'S EARLY FRAME

MAM. WHITE BUSH

KING OF DENMARK

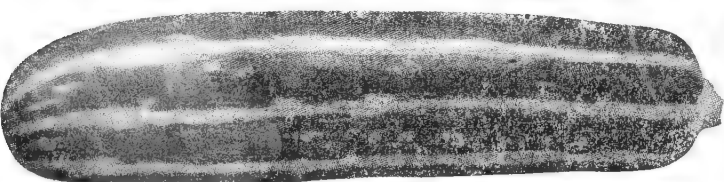

SUMMER SQUASH

MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. **Pkt. 5c.; oz. 15c.; 1/4 lb. 35c.**

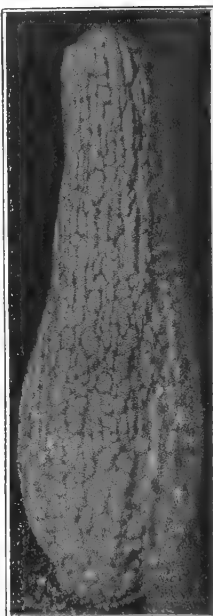

GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck. The neck is heavier and gives more edible squash and is easier to prepare for the table. **Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.**

COCOZELLE—The most delicate and finest flavored Summer squash. Of compact bush growth, the vines yield heavily of fruit averaging 14 inches long and 5 inches in diameter, dark green in color with the yellow and green stripings. Used when 10 in. long and perfectly green. **Pkt. 7c.; oz. 15c.; 1/4 lb. 40c.**

FIGHT SQUASH BUGS WITH HITOX - SEE PAGE 1

COCOZELLE

STRAIGHTNECK

Tender Crisp Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

JUNG'S RAPID RED—This we find to be the quickest maturing of them all, Radishes having been grown in the short period of 18 days. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED." **Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.**

FIREBALL SCARLET GLOBE—A fine bright red radish of quick growth, especially fine for bunching; often ready for market in 20 days. The radishes are globe shaped, deep red and have but few leaves. Flesh white, firm and crisp and of mild flavor. Free from hollow and pithy center. **Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.**

CRIMSON GIANT GLOBE—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe in shape and 1 1/2 inches in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. **Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.**

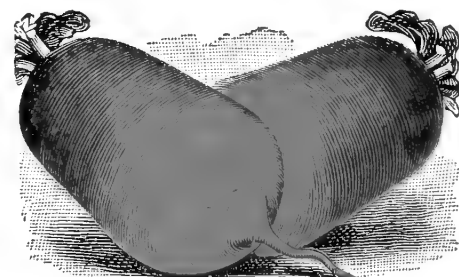

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 inches long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. **Pkt. 7c.; oz. 15c.; 1/4 lb. 30c.**

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. **Pkt. 6c.; oz. 12c.; 1/4 lb. 30c.**

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. **Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.**

Winter Radish

CHINESE ROSE—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. **Pkt. 5c.; oz. 10c.; 1/4 lb. 35c.**

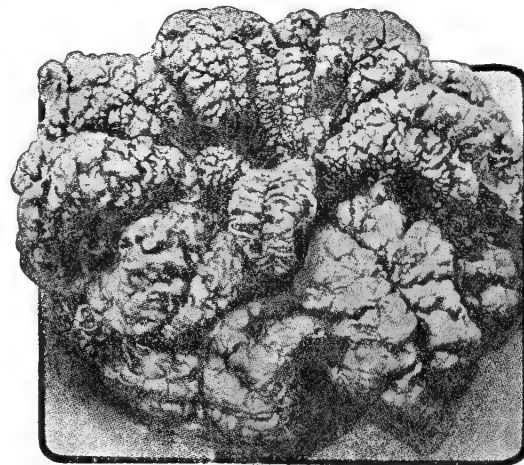

CHINA ROSE WINTER

SPINACH

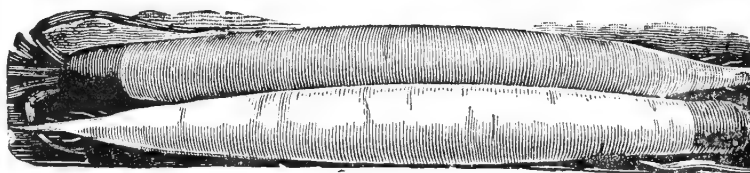

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. **Pkt. 8c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.10.**

LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. **Pkt. 7c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.10.**

Have always had splendid results with your seed.—J. C. Mun-
sil, Ill.

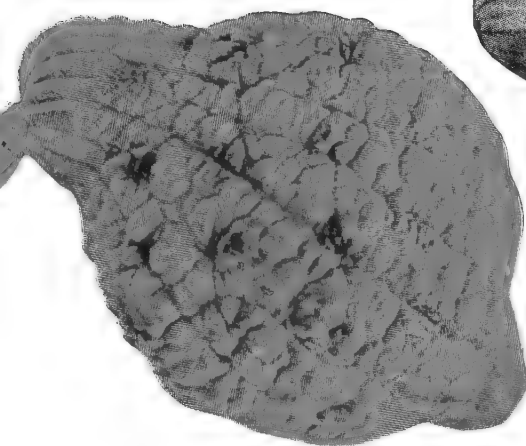

LONG STANDING BLOOMSDALE

SALSIFY

Mammoth Sandwich Island Salsify

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. **Pkt. 7c.; oz. 20c.; 1/4 lb. 75c.; lb. \$2.50.**

GOLDEN HUBBARD

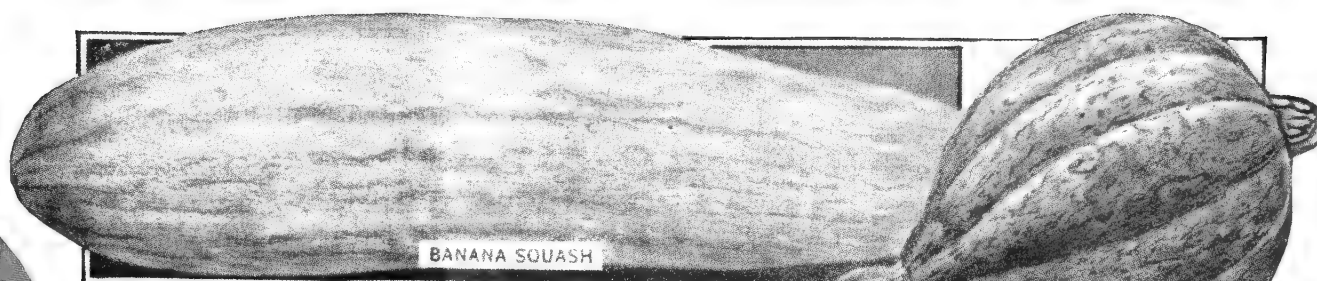

GIANT EVERBEARING

MARGLOBE or CORELESS

MARGLOBE OR CORELESS — We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet, globe-shaped tomato, fruits are very smooth, free from core and often weigh one pound each. We offer select seed of our own growing. Pkt. 8c.; ½ oz. 30c.; oz. 50c.; ¼ lb. \$1.50.

SUPER SELECT MARGLOBE OR CORELESS — This seed has been saved only from the first or crown-set fruits. The plants were especially selected for producing large early ripening tomatoes. Pkt. 15c.; ½ oz. 65c.; oz. \$1.00; ¼ lb. \$3.00.

BANANA SQUASH

Superb Winter Squash

THE GREAT BANANA SQUASH—This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish green, shell soft so that it can be cut with a knife. It grows from 18 to 30 inches long, and 6 to 8 inches in diameter. It is very prolific and a shy seeder which accounts for the high price of seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. Pkt. 8c.; oz. 18c.; ¼ lb. 50c.

TABLE QUEEN—A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. Pkt. 8c.; oz. 18c.; ¼ lb. 50c.

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 7c.; oz. 12c.; ¼ lb. 35c.

NEW DELICIOUS—For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping until late in the Spring. Fruits are of medium size, weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh is dark orange, very fine grained and thick. Pkt. 8c.; oz. 25c.; ¼ lb. 60c.

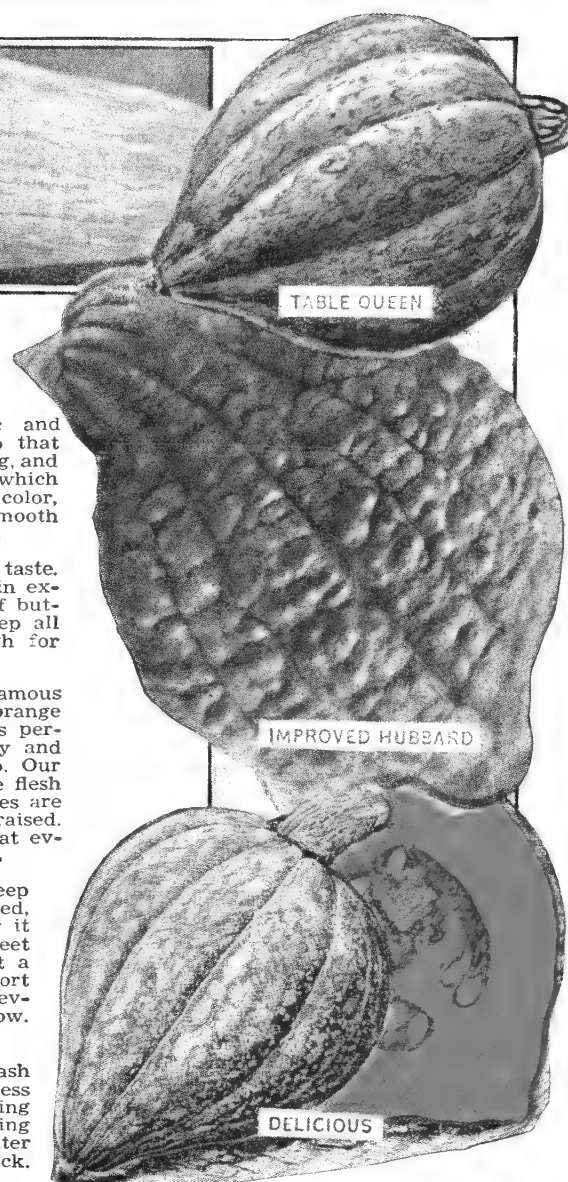

TABLE QUEEN

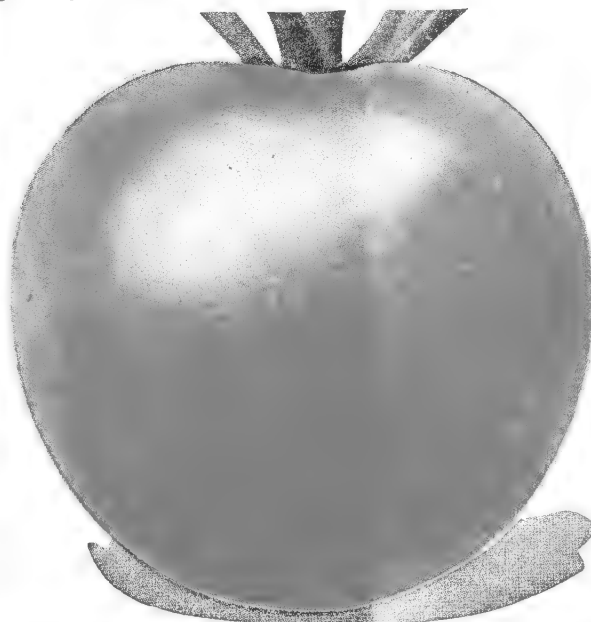

IMPROVED HUBBARD

DELICIOUS

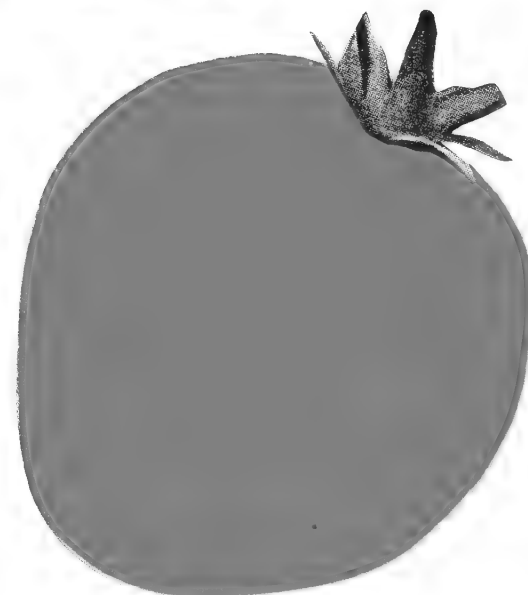

Jung's Northern Grown Tomato Seed

We take special pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solider fruit and healthier plants than seed grown further south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

GIANT EVERBEARING—A wonderful tomato that commences to ripen early and continues to bear throughout the season, the latter fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce surprisingly large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contain few seeds and are of exceptionally fine flavor. Choice seed of our own growing: Pkt. 8c.; ½ oz. 30c.; oz. 50c.; ¼ lb. \$1.50.

TRUCKER'S FAVORITE

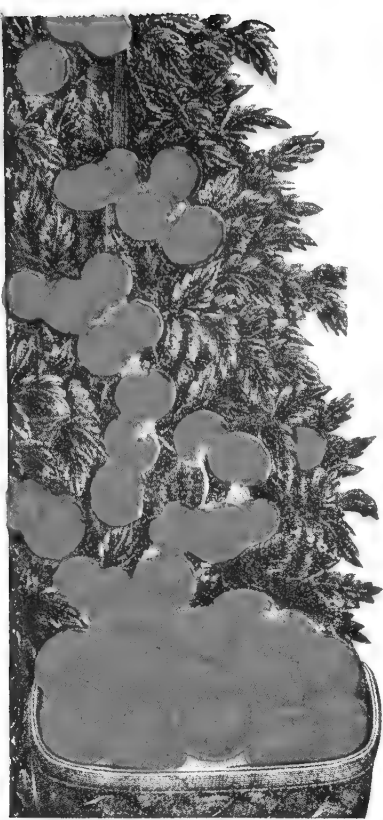

GIANT OXHEART

New Giant Oxheart Tomato

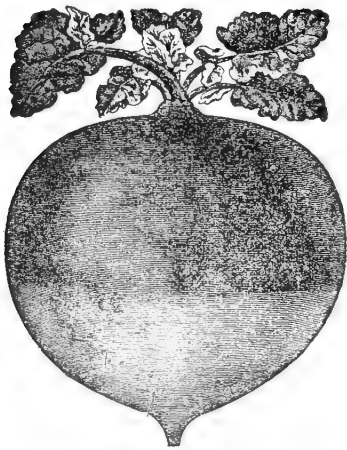

THE LARGEST OF ALL TOMATOES. Superb in Quality. Firm, Solid Flesh. — If you wish to surprise your friends with truly large tomatoes plant Oxheart, single fruits have been grown weighing 2 lbs. each. The fruits are oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 12c.; ½ oz. 60c.; oz. \$1.00.

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato Trucker's Favorite cannot be beaten. Pkt. 8c.; ½ oz. 25c.; oz. 45c.; ¼ lb. \$1.40.

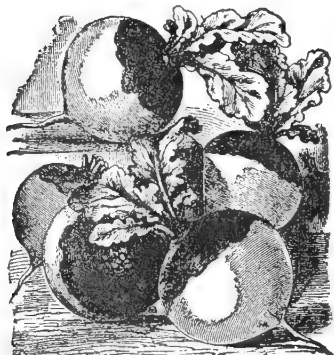

CLIMBING TOMATO

Mrs. A. Wilson, Mich.—Everything we have bought from JUNG'S has grown.

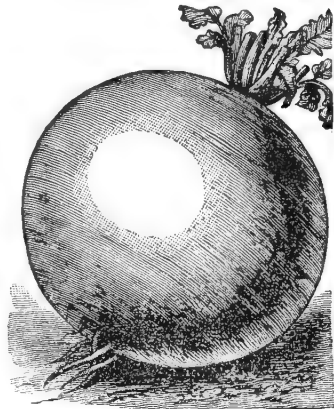

PERFECT MODEL

PURPLE TOP WHITE GLOBE

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.; lb. \$1.10.

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.10.

GOLDEN BALL

TURNIPS

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure six inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c.; oz. 10c.; 1/4 lb. 25c.; lb. 95c.

Jung's Super Select "John Baer" Tomato

This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruit in great quantities. **Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown further south.**

For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest or crown-set fruits. Sure to please. Pkt. 15c.; 1/2 oz. 65c.; oz. \$1.00; 1/4 lb. \$3.00.

JUNG'S GIANT CLIMBING—Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. **Select Seed of our own growing; Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.**

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c.; 2 pkts. 15c.

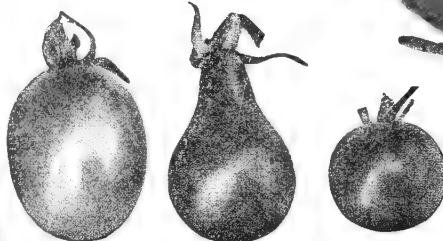

GOLDEN DWARF CHAMPION

RUTA BAGAS

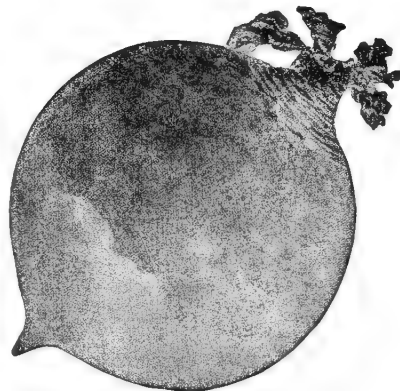

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.; lb. \$1.10.

PERFECT MODEL—A highly improved Ruta Baga that is giving satisfaction wherever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.20.

FANCY MIXED PRESERVING

GOLDEN DRAWF CHAMPION—The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.

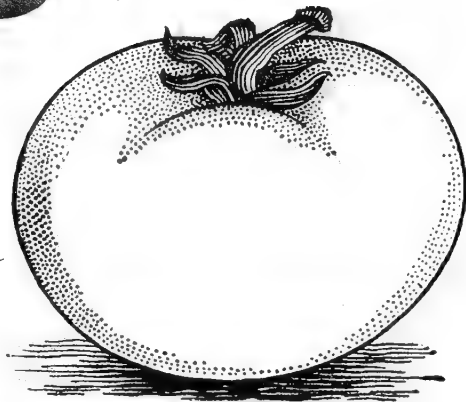

IMP. PURPLE TOP YELLOW

JOHN BAER

Jesse H. Lively, Mich.—Have grown Super John Baer Tomato exclusively now for years it is as early as any, larger than any other early kind and does not rot on the vine.

WHITE WONDER

WHITE WONDER—A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seed of our own growing. Pkt. 8c.; 3 pkts. 20c.

Northern
Grown

POTATO EYES

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from select potatoes, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. **We can supply our select hand cut eyes of the varieties listed below as follows: 100 for \$1.35; 200 for \$2.10; 500 for \$4.25, postpaid. No less than 100 eyes of any one variety. State when you wish same shipped.**

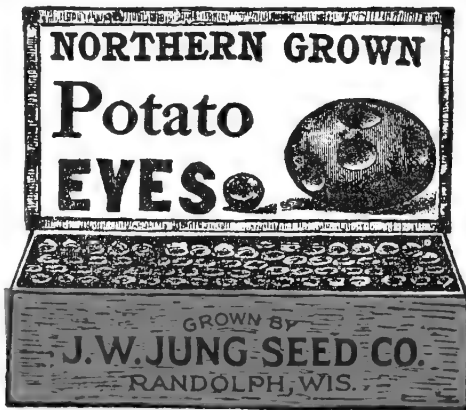

RED RIVER EARLY OHIO—The most popular and widely grown extra early potato. Skin light pink in color, flesh is pure white and of the best cooking quality.

CHIPPEWA—A new main crop potato developed by the U. S. Dept. of Agriculture. One of the heaviest yielding main-crop varieties, earlier than Rural New Yorker and of better quality. Oval shaped, skin is velvety white, eyes very shallow.

Mrs. P. Wilde, Wis.—Received my Potato Eyes, they look fine and healthy, am well pleased.

CHIPPEWA

Jung's Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

JUNG'S SCARLET GEM

Aster

JUNG'S SCARLET GEM—The most attractive of all Asters, being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. **Pkt. 10c.; ¼ oz. 50c.**

RUFFLED GIANTS

Jung's Ruffled Giant Aster

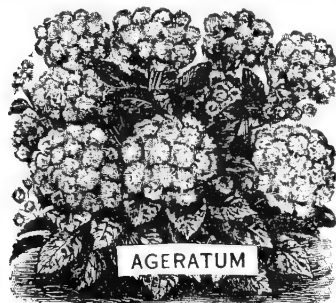

Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. **White, Rosy Red, Salmon, Violet, and Mixed. Pkt. 10c; 1 Pkt. of each color for 35c.**

YELLOW CHRYSANTHEMUM

Yellow Chrysanthemum Aster

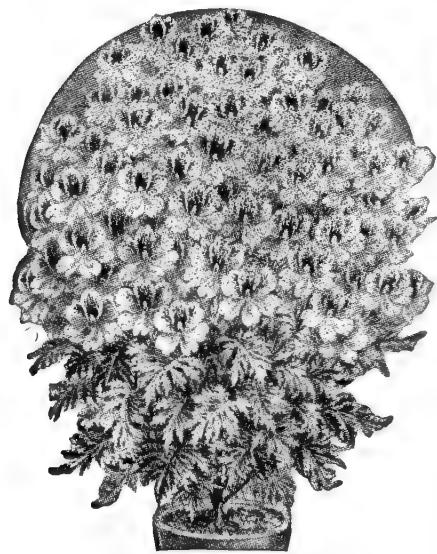

The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. **Pkt. 10c.; 3 pkts. 25c.**

AGERATUM

Ageratum

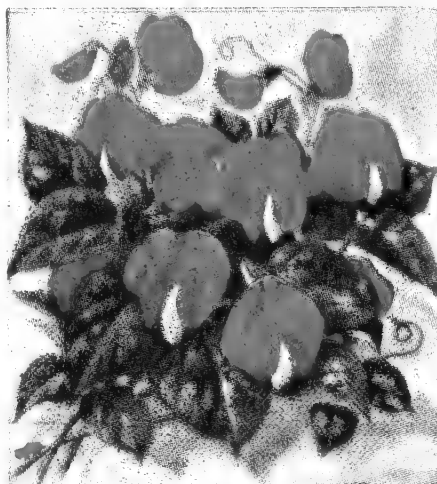

DWARF BLUE PERFECTION—One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. **Pkt. 3c.; ½ oz. 20c.**

BUTTERFLY PLANT

Butterfly Plant

GIANT FLOWERED MIXED—Wonderful showy plants having leaves like fern and blossoms like an orchid. The plants grow 1½ to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. **Pkt. 12c.; 2 pkts. 20c.**

SCARLET RUNNER BEAN

Scarlet Runner Bean

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. **Large Pkt. 7c.; oz. 15c.**

Candytuft

FANCY MIXED—These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. **Pkt. 7c.; ½ oz. 15c.**

Cockscomb

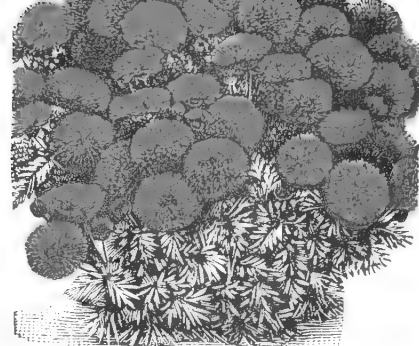

GIANT PRIZE MIXED—Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. **Pkt. 8c.; ½ oz. 25c.**

FANCY MIXED CANDYTUFT

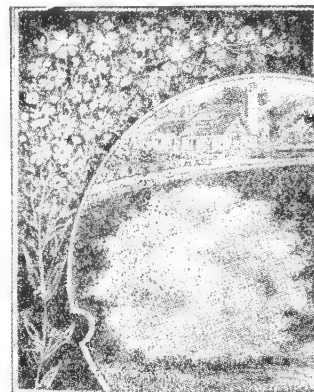

COCKSCOMB

BABY GOLDEN GLOW

Baby Golden Glow

A most charming annual growing about 15 to 18 inches high, bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground, affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. **Pkt. 8c.**

BABY'S BREATH

Baby's Breath

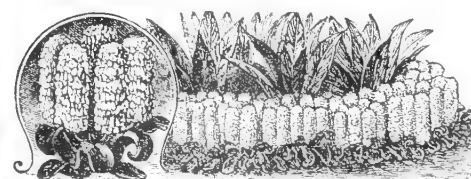

GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white starlike flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season. **Pkt. 5c.; ¼ oz. 15c.**

BALSAM

Balsam

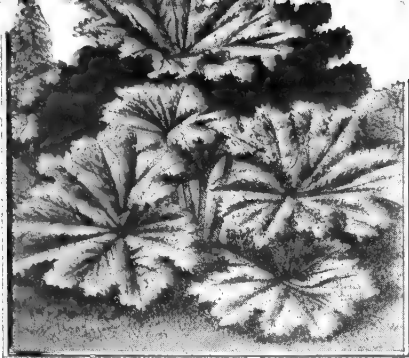

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about two feet high. The branches are well covered with beautiful double flowers. The colors include white, rose, scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. **Pkt. 7c.; ½ oz. 15c.**

LITTLE PRINCE

Candytuft

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. **Pkt. 7c.; ½ oz. 20c.**

CASTOR OIL BEAN

Castor Oil Bean

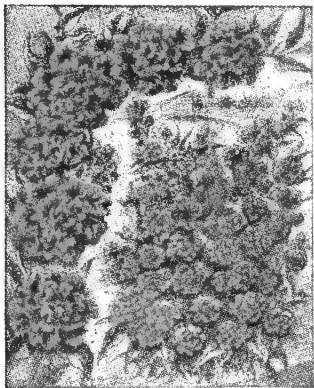

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. **Large Pkt. 7c.; oz. 20c.**

DAHLIAS

Dahlias

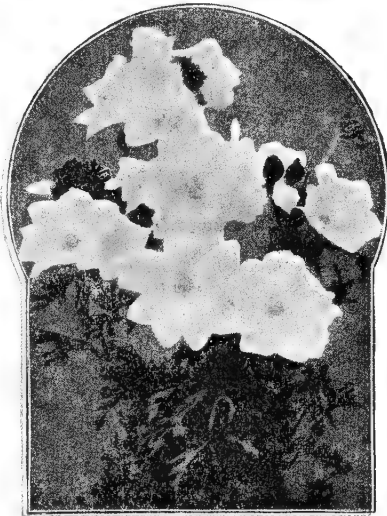

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king" of all outdoor autumn flowers and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. **Pkt. 10c.; 3 pkts 20c.**

CLARKIA

Clarkia

GIANT FANCY MIXED—For rare gracefulness and beauty few annuals will surpass Clarkias, suitable for either the border or bouquets. They grow erect to a height of 2 feet and the branches for their entire length are covered with double flowers resembling carnations or rosettes. **Pkt. 7c.; 1/8 oz. 15c.**

LAVATERA

Lavatera

ROSY MORN — These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. **Pkt. 5c.; 1/8 oz. 15c.**

MOLTEN FIRE

Molten Fire

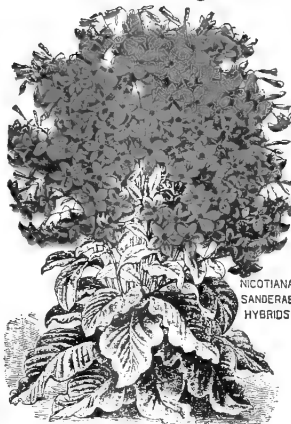

TRICOLOR—A wonderfully fine ornamental plant that is sure to attract attention wherever grown on account of its brilliant color. Plants grow rapidly and have bronze colored foliage until the plants attain a height of about 2 ft. when the tips of the branches open up like gigantic poinsettias taking on a bright scarlet and gold color. **Pkt. 10c.; 3 pkts. 20c.**

Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or brush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 ft. tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. **Pkt. 5c.; 1/2 oz. 10c.; oz. 15c.**

Nicotiana

CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. **Pkt. 10c.; 3 pkts. 25c.**

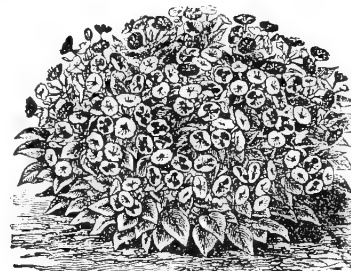

CRIMSON BEDDER

CANNAS

Cannas

CROZY'S HYBRIDS—Very showy bedding plants with their tropical foliage and immense flowers borne on stalks three to seven feet high in all brilliant colors. Cannas are easily grown from seed. For best results pierce the seed and soak in warm water, then sow in a warm place or hotbed. Seeds sown in March or April produce a brilliant bed by July. **Pkt. 8c.; 3 pkts. 20c.**

FOUR O'CLOCK

Four O'Clock

FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rival the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. **Pkt. 8c.; 1/4 oz. 15c.**

GARDEN PINKS

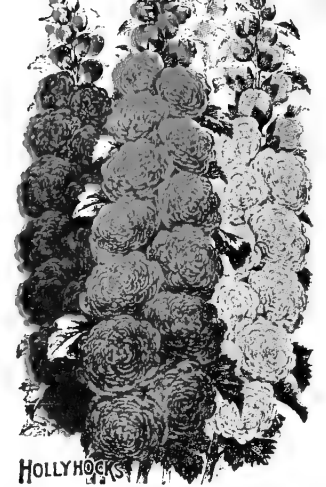

Garden Pinks

FAIRFIELD FINEST MIXED—These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. **Pkt. 7c.; 1/8 oz. 20c.**

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. **Pkt. 8c.; 2 pkts. 15c.**

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. **Pkt. 7c.; 1/8 oz. 15c.**

Annual Hollyhock

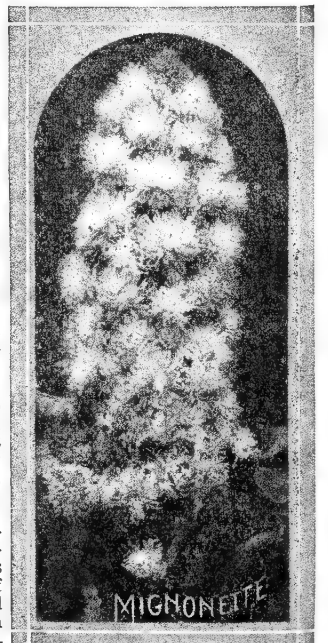

INDIAN SPRING — Semi-double fringed flowers from delicate pink to rosy carmine, are freely produced on 4 to 5 ft. stalks the first season. Seeds sown in March will bloom in August. Plants will live over winter and flower again the following year. **Pkt. 10c.; 2 pkts. 15c.**

EVERBLOOMING LILY

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. **Pkt. 10c.; 3 pkts. 25c.; 2 yr. Blooming Size Bulbs: Each 35c.; 3 for 90c.; doz, \$3.00.**

MIGNONETTE

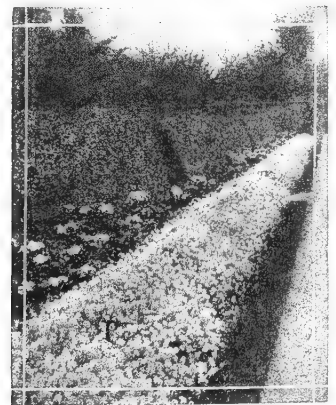

GIANT FANCY PANSIES

DEFIANCE PETUNIAS

Petunias

DEFIANCE MIXED—This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure five inches across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. **Pkt. 25c.; 3 pkts. 65c.**

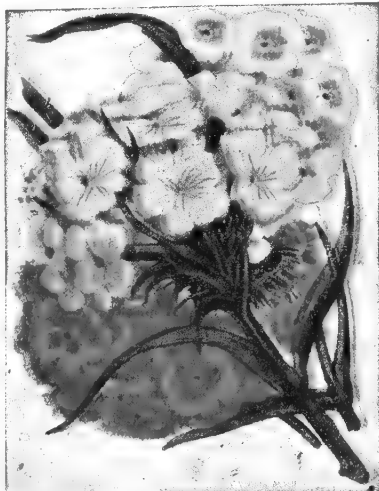

SWEET ALYSSUM

Sweet Alyssum

LITTLE GEM—Free flowering, handsome annuals for beds, edgings, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders or edgings; try it once and you will always want it. **Pkt. 7c.; 1/8 oz. 20c.**

Sweet William

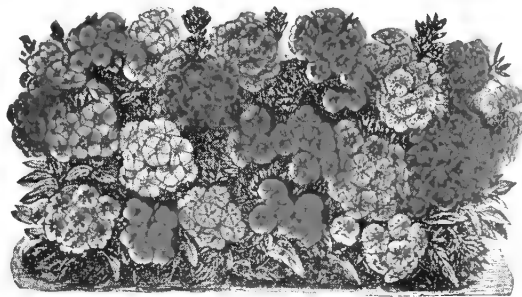

HARDY ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. **Pkt. 10c.; 1/8 oz. 25c.**

ANNUAL SWEET WILLIAM

Pansies

JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. **Pkt. 25c.; 1/8 oz. \$1.25.**

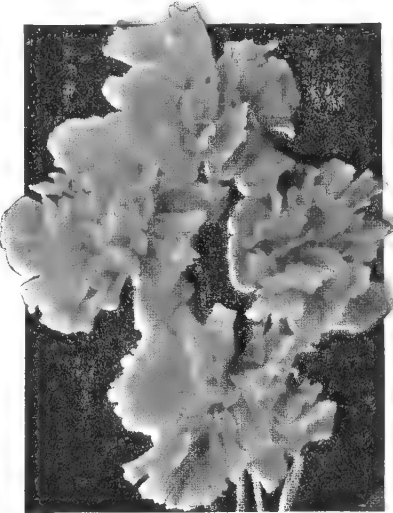

DWARF PHLOX

Dwarf Phlox

NANA COMPACTA MIXED—This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. **Pkt. 10c.; 1/8 oz. 40c.**

Phlox Drummondii

GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. **Pkt. 8c.; 1/8 oz. 35c.**

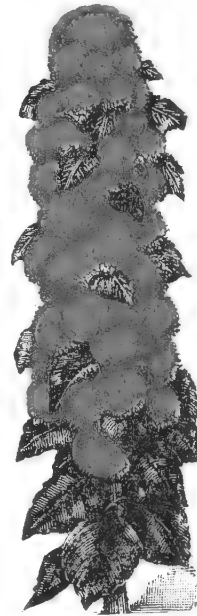

SATIN FLOWER

Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. **Pkt. 8c.; 2 pkts. 15c.**

Sunflower

SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. **Pkt. 10c. 3 pkts 20c.**

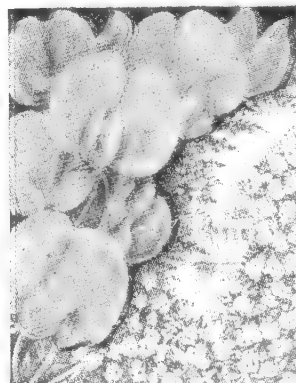

SUNFLOWER

Hardy Sweet Pea

JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweet-pea like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. **Pkt. 8c.; 3 pkts. 20c.**

You will find Jung's Flower Seeds to be of the highest quality. Utmost care is used to insure that you will get seeds that will grow and produce flowers of rare beauty. Ask for our booklet on Growing Flowers, it will be sent free with your order.

Mrs. Chas. O. Kelly, Ind. — Have used your seeds several years and find they grow better than others.

HARDY SWEET PEA

Brilliant Salvia

BONFIRE—One of the finest Salvias and the grandest bedding plant known; single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they begin to flower the plants are a continuous blaze of color until killed by frost. We know no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a pkt. of our seed. **Pkt. 12c.; 1/8 oz. 50c.**

SALVIA BONFIRE

"GROWING FLOWERS" fully described in our instruction booklet which is sent free, if requested, with every order of 25c or more.

Nigella—Love-in-a-Mist

Love-in-the-Mist

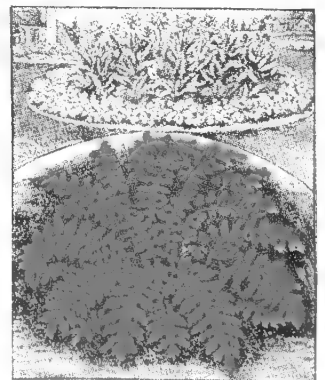

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed of flowers may be had by sowing these and California Poppies in the same bed. **Pkt. 7c.; 1/4 oz. 15c.**

ICELAND POPPIES

Poppies

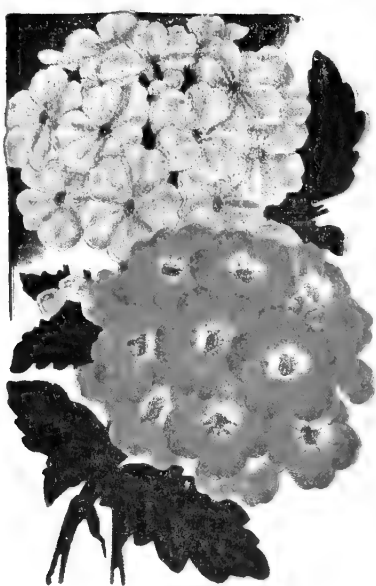

ICELAND MIXED—Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 2 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. **Pkt. 10c.; 3 pkts. 25c.**

PYRETHRUM

Pyrethrum

AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliaged plants. **Pkt. 8c.; 1/8 oz. 15c.**

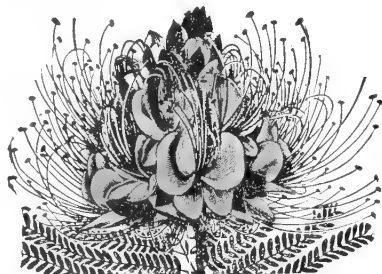

VERBENA

Verbena

FAIRFIELD FAMOUS MIXED—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. **Pkt. 8c.; 1/2 oz. 35c.**

Summer Poinsettia

An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. **Pkt. 8c.; 3 pkts. 20c.**

SPIDER PLANT

SUMMER POINSETTIA

Spider Plant

ROSE QUEEN—Plants grow to a height of 3 1/2 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty room. **Pkt. 8c.; 2 pkts. 15c.**

YELLOW CALLA

Yellow Calla Lily

The most satisfactory Calla to grow either in pots or in the garden as they are easy to grow and sure to bloom. Flowers are large in size and a rich deep yellow color. Foliage deep green with creamy white spots. **Blooming size bulbs: Each 30c.; 3 for 75c.; doz. \$2.75. Mammoth size bulbs: Each 40c.; 3 for \$1.00.**

The Wonder "Glad"

ALADDIN—Bright salmon with large cream throat, immense beautifully ruffled flowers, simply gorgeous.

HARVEST MOON—Tall grower, straight spikes and 15 to 20 buds on a spike. The largest good yellow.

MARGARET BEATON—Heavily ruffled snow-white with small scarlet blotch in throat. One of the best "glads" to be had.

CORONA—Creamy white with wide rose edge on all petals. Very distinctive and beautiful. Tall strong grower.

PINK RADIANCE—Rich deep pink with a silvery sheen. Opens 6 to 8 large 4 1/2 in. flowers on tall straight spikes.

PURPLE BEAUTY—Very large clear deep purple; you will be delighted with its size and beauty.

RED WONDER—Mammoth flowers of solid deep red. Tall grower and profuse bloomer.

ROSA VAN LIMA—One of the better "pinks", a bright snappy color. As many as 8 large flowers on a spike open at a time.

Price of above: Each 25c.; 3 for 60c.; 12 for \$1.75.

GLADIOLI OFFER NO. 5—One select bulb of each of the above for \$1.25.

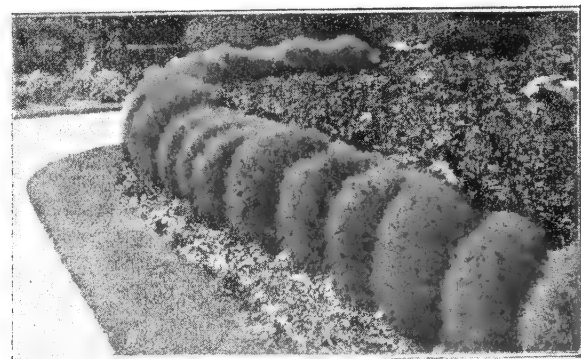

SENSATION "The Wonder Glad"—Bright soft rose, 6 to 9 massive heavily ruffled flowers on a spike, often grows 5 to 6 ft. tall, truly a wonderful "glad." **Each 35c.; 3 for \$1.00.**

John C. White, Ohio—The Gladioli purchased from you last year were wonderful, none better even in florists' shops.

Nina Potter, Maine—I planted some of your Giant Gladioli last year and never expected to grow such lovely flowers.

MARGARET BEATON

CHRISTMAS KOCHIA

Christmas Kochia

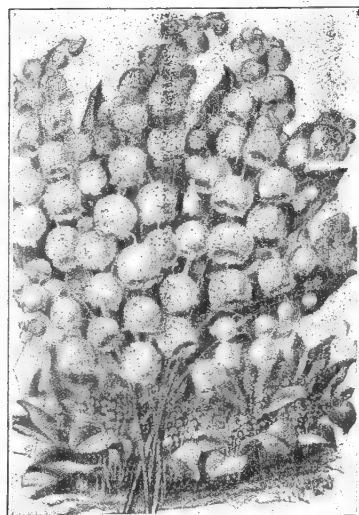

A great improvement on the old variety as the bushes are a mass of dense live green in summer while frost it turns to rosy claret red and is highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. **Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 15c.**

Chinese Woolflower

The plants average 2 feet in height and branch freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decoration. **Pkt. 8c.; 3 pkts. 20c.**

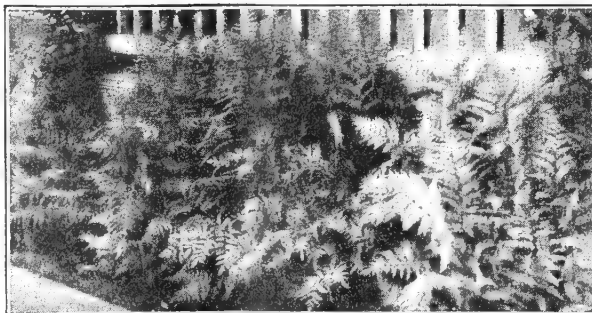

CHINESE WOOLFLOWER

LILY OF THE VALLEY

Lily of the Valley

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. **6 for 40c.; 12 for 75c.; 50 for \$3.**

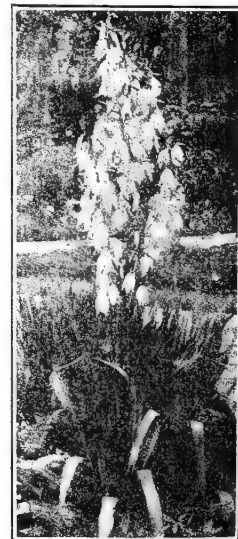

HARDY FERNS

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. **Extra Large Plants: 3 for 60c.; 6 for \$1.00; doz. \$1.75, postpaid.**

Yucca

A tropical looking plant with long, narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk 4 to 5 ft. tall from which hang beautiful creamy-white bell shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor, dry soil. **Each 25c.; 3 for 60c.**

YUCCA

Jung's Glorious Flowers

Make Your Flower Garden a Joy All Summer

Asters

JUNG'S GIANT FANCY WILT RESISTANT—This is a well balanced mixture of the very finest Asters of wilt resistant strains. Regardless of what price you pay better seed cannot be had. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. **Pkt. 10c.; 3 pkts. 20c.; 1/8 oz. 30c.**

Carnations

GIANT EVERBLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. **Pkt. 10c.; 3 pkts. 25c.**

Centaurea

JUBILEE GEM—A new type of the popular "cornflower" or bachelor button. Grows only 8 to 10 in. tall and the deep blue flowers fairly cover the bushes. Unexcelled for borders as they commence to flower very early and continue in bloom for weeks. **Pkt. 7c.; 1/8 oz. 15c.**

California Poppy

GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to Oct. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. **Pkt. 8c.; 2 pkts. 15c.**

R. B. Lenker, Pa. — My Asters were so beautiful last year that I will not be without Jung's Asters again.

Annual Daisies

FANCY MIXED—Plants of very near branching habit, grow about twelve to fifteen inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. **Pkt. 7c.**

Cosmos

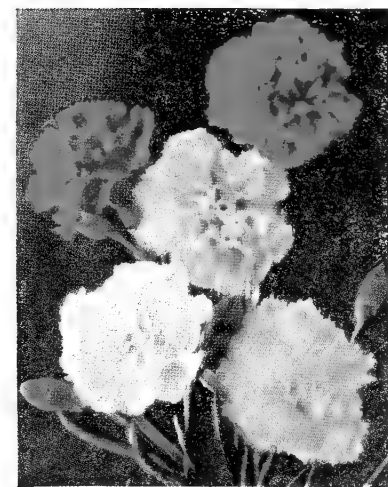

JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties like Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 in. across and are borne on long stems; grand for bouquets. **Pkt. 8c.; 1/8 oz. 15c.**

Tulip Poppy

A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. **Pkt. 8c.; 2 pkts. 15c.**

Edw. Marsh, Wis. — Have used your seeds last year and was more than pleased with them all.

Jennie Stuart, Wis. — We had the loveliest Zinnias we ever saw from the seed we purchased from you.

CARNATIONS

Bachelor's Button or Centaurea

JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft., and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. **Pkt. 7c.; 1/8 oz. 15c.**

CENTAUREA OR BACHELOR BUTTON

Annual Painted Daisies

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 in. apart each way. **Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.**

Annual Canterbury Bells

ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. **Pkt. 8c.; 2 pkts. 15c.**

TULIP POPPY

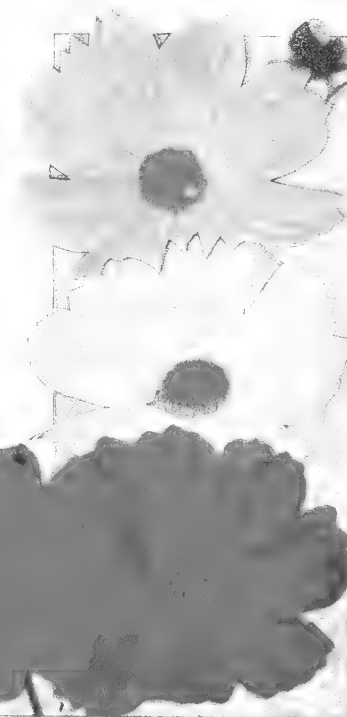

ANNUAL DAISIES

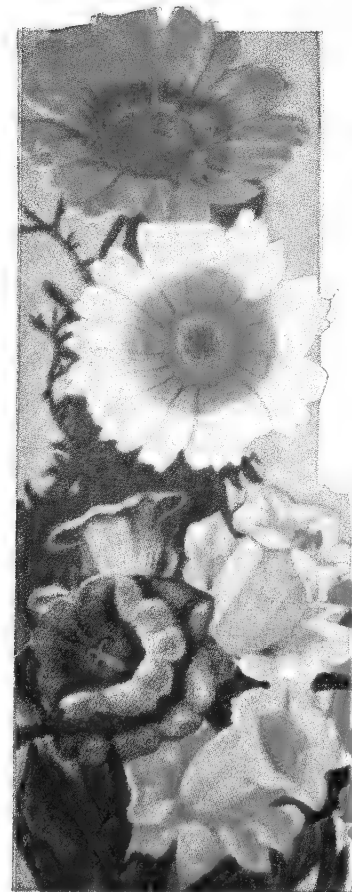

Annual Daisies

FANCY MIXED—Plants of very near branching habit, grow about twelve to fifteen inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. **Pkt. 7c.**

JUNG'S SUPERB COSMOS

AN. CANTERBURY BELLS
TOP—AN. PAINTED DAISIES

Calendula

FANCY MIXED—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture, blooming freely in winter. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. **Pkt. 7c.; 1/8 oz. 15c.**

EVERLASTING FLOWERS

CALENDULA

DWARF MARIGOLD

Everlasting Flowers

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. **Pkt. 8c.; 2 pkts. 15c.**

Dwarf Marigolds

FANCY MIXED—There are few, if any, of the low growing annuals that produce such a profusion of flowers for a long period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. **Pkt. 8c.; 1/8 oz. 15c.**

New Giant Double Larkspur

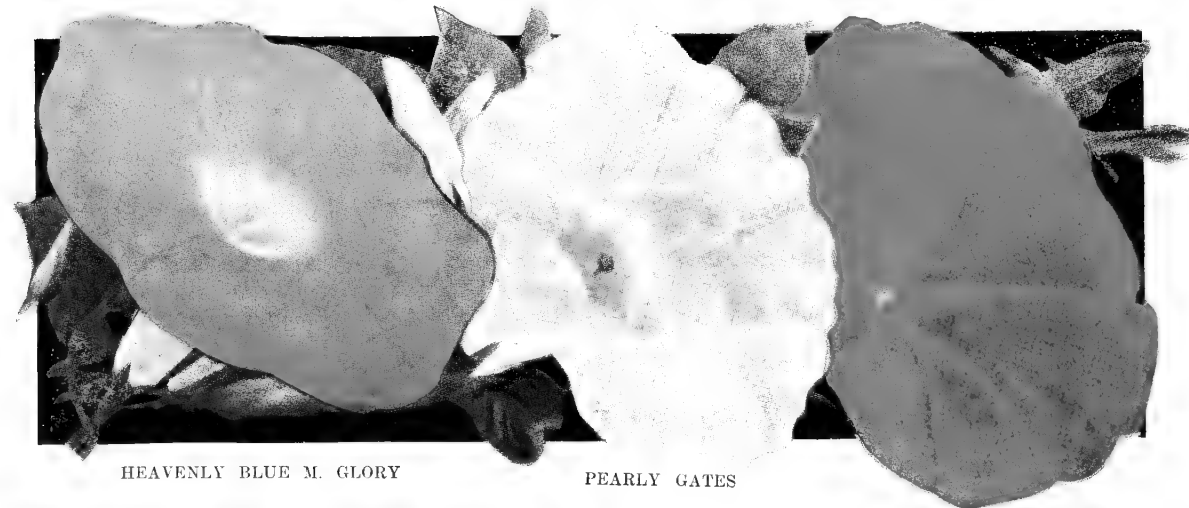

EXQUISITE MIXED—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. **Pkt. 8c.; 1/8 oz. 15c.**

LARKSPUR

"Quality First"

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

HEAVENLY BLUE M. GLORY

PEARLY GATES

SCARLET O'HARA

Grand New Morning Glories

SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3½ in. across and of a soft velvety scarlet. **Pkt. 12c.; 1/4 oz. 35c.**

HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3½ to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. **Pkt. 8c.; 2 pkts. 15c.; 1/4 oz. 25c.**

PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and blooms for a long time. **Pkt. 8c.; 2 pkts. 15c.**

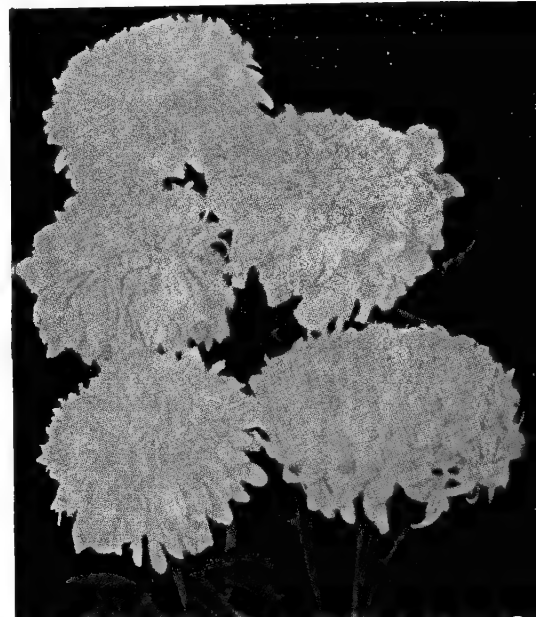

GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. **Pkt. 8c.; 1/4 oz. 20c.**

Double Hybrid Nasturtiums

DWARF MIXED—Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. **Pkt. 8c.; 1/2 oz. 15c.; 1/4 oz. 20c.**

Have had a home garden for about 30 years and I never had as good seeds as the ones furnished by you last year. They were most satisfactory.—H. E. Demarest, Virginia.

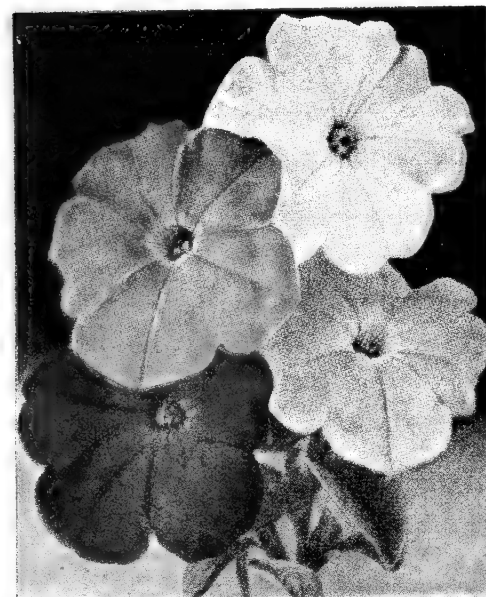

I had a wonderful garden. I find your seeds the best I have ever used.—Mrs. Clara P. Brown, Mich.

GIANT FANCY MARIGOLDS

Giant Fancy Marigolds

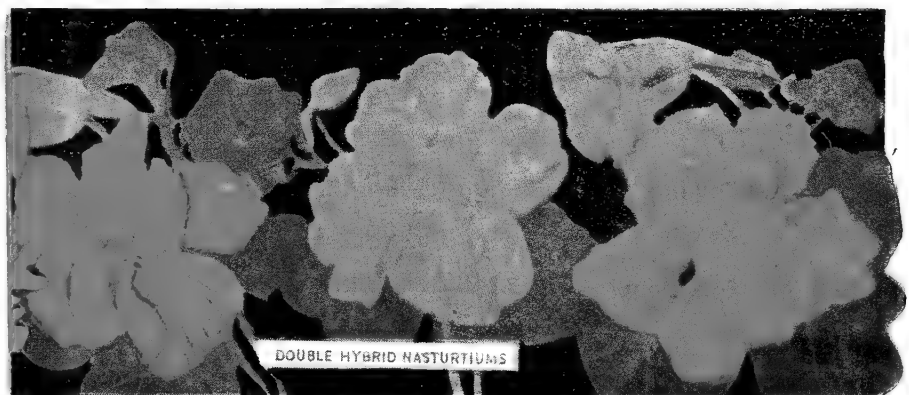

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. **Pkt. 8c.; 2 pkts. 15c.; 1/8 oz. 20c.**

BRILLIANT BEAUTIES

Beautiful Bedding Petunias

BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive in heat and dry weather plant some of these grand Petunias. **Pkt. 8c.; 2 pkts. 15c.; 1/4 oz. 35c.**

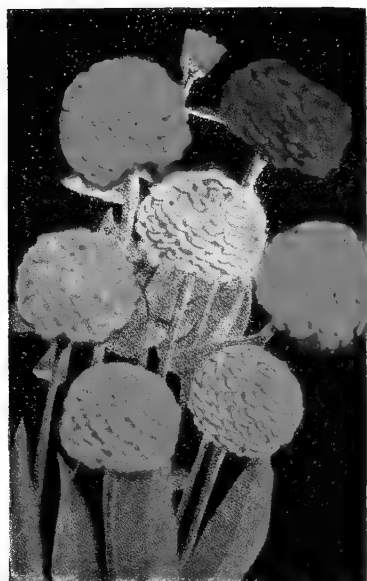

DOUBLE HYBRID NASTURTIIUMS

EVERBLOOMING SWEET PEAS

Inoculating your Sweet Peas will produce larger and finer flowers. See page 1.

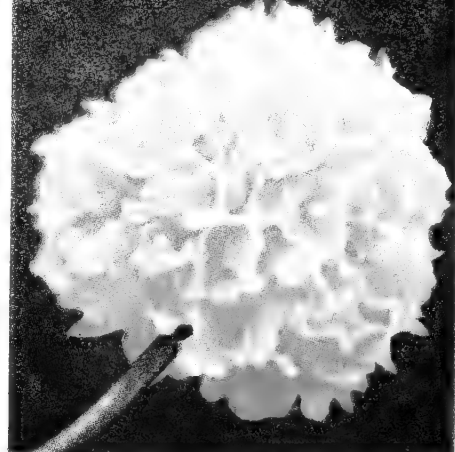

POMPOM ZINNIAS

JUNG'S SUPER GIANT ZINNIAS

Scabiosa

BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. **Pkt. 10c.; 2 pkts. 15c.; 1/2 oz. 25c.**

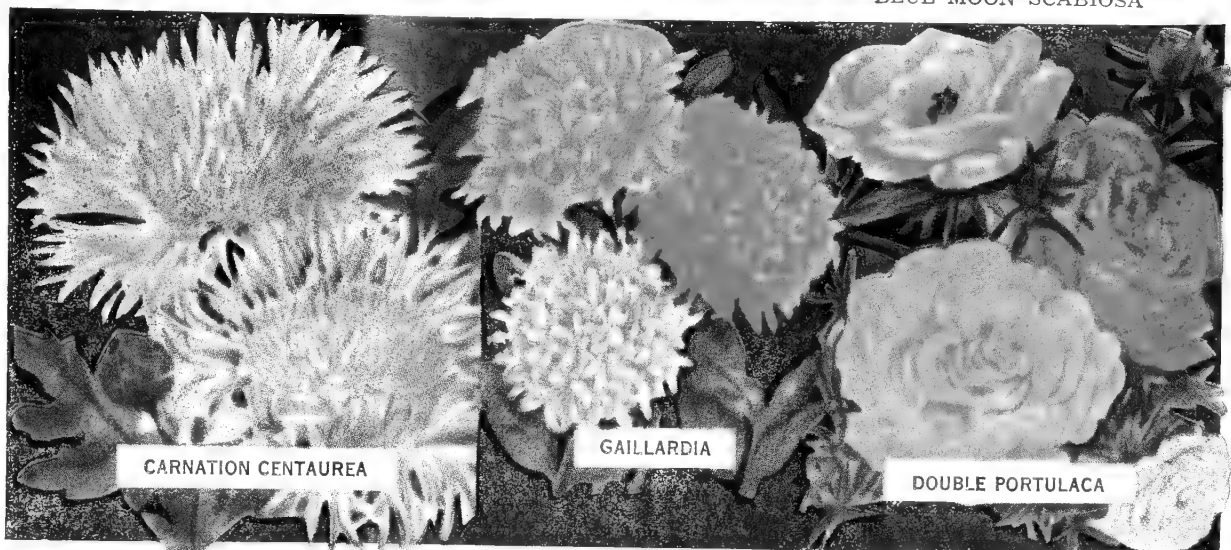

BLUE MOON SCABIOSA

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. **Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 45c.**

I have planted your seed for years and have never been disappointed.—Mrs. John A. Schneck, Ohio.

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Carnation Centaurea

GIANT FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. **Pkt. 8c.; 2 pkts. 15c.**

Fancy Pompom Zinnias

SUPRE MIXED—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnias has been greatly improved and is becoming very popular. **Pkt. 8c.; 2 pkts. 15c.**

Double Portulaca

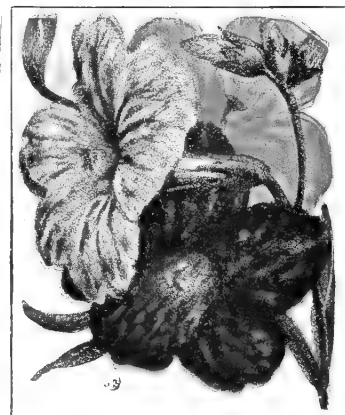

GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. **Pkt. 12c.; 2 pkts. 20c.**

Velvet Flower

GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in ever garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. **Pkt. 8c.; 2 pkts. 15c.**

Annual Gaillardia

FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. **Pkt. 7c.;**

VELVET FLOWER

Jung's Super Giant Zinnias

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—Graceful flowers of rich canary yellow. **Pkt. 10c.**

DREAM—Large attractive flowers. Lavender changing to purple. **Pkt. 10c.**

EXQUISITE—One of the most pleasing as regards form and size. Light rose with deep rose center. **Pkt. 10c.**

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. **Pkt. 10c.**

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. **Pkt. 10c.**

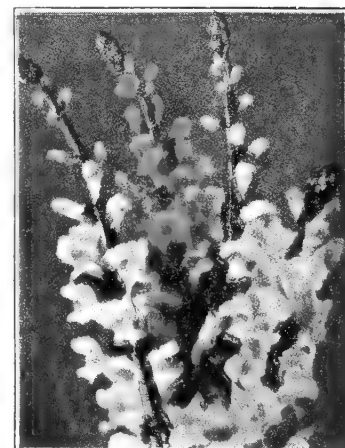

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. **Pkt. 10c.**

SPECIAL ZINNIA OFFER

1 Pkt. of each of above 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

This is one of the finest Mixtures of Zinnia to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your house from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. **Pkt. 8c.; 3 pkts. 20c.; 1/4oz. 40c.**

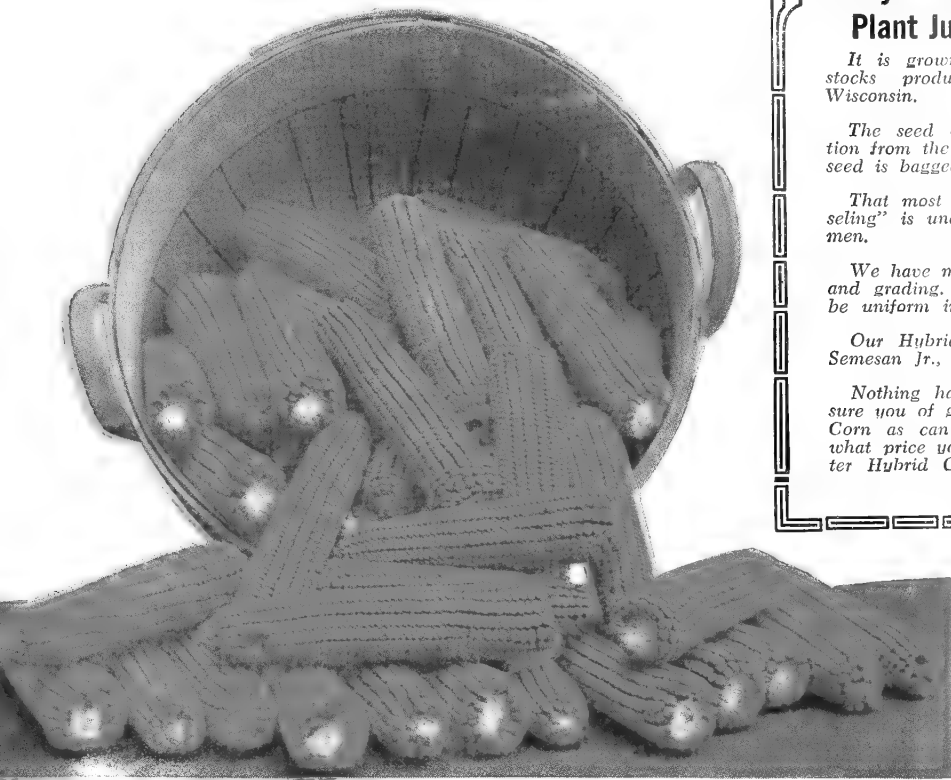

Mastodon Snapdragons

Snapdragon

MASTADON MIXED—These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1 1/2 in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers all through the summer and fall. **Pkt. 8c.; 3 pkts. 20c.**

Hybrid Corn (left) and ordinary corn (right). Note difference in yield and how Hybrid Corn stands up. Photo courtesy Wis. College of Agr.

WIS. HYBRID 455

Jung's Wisconsin Hybrid Corn

It is no longer necessary to tell about the many advantages to be gained from planting good Hybrid Seed Corn but be sure you have a variety suitable for your section and that has been properly grown and cared for.

We specialize in growing Hybrid Seed Corn on our own farms here in Wisconsin. This work is under the care of men who have spent many years in this work; no expense is spared to insure that our

customers receive seed that is properly grown, detasseled, graded and above all to be of high germination.

When you order from us you are dealing direct with the grower and you save several dollars per bu. which is the reason our prices are lower. The fact that more people, every year, are planting Jung's Hybrid Corn is the best evidence that it is giving satisfaction. Plant some of Jung's Hybrid this year, and you will be convinced of its superior quality.

Why Hundreds of Farmers Plant Jung's Hybrid Corn

It is grown from approved crossing stocks produced by the University of Wisconsin.

The seed crop receives expert attention from the time it is planted until the seed is bagged and sealed.

That most important operation "detasseling" is under the care of experienced men.

We have modern equipment for drying and grading. You will find our seed to be uniform in size and shape.

Our Hybrid Corn is all treated with Semesan Jr., ready for planting.

Nothing has been left undone to assure you of getting as good Hybrid Seed Corn as can be produced. No matter what price you pay you cannot buy better Hybrid Corn.

Ernst Gassman, Minn. — We have been raising your Wis. Hybrid 525 for three years and have raised the best crop of any hybrid corn planted near here.

WIS. HYBRID 570

WIS. HYBRID 645

We Offer these Excellent Wisconsin Hybrids

WIS. HYBRID 330 - 90 DAY—Although this is the earliest maturing Hybrid Corn it is a high yielding strain. In comparison to early strains of open pollinated varieties, over a three-year period, it outyielded them by over 25 per cent. Grows a good strong, medium height stalk and "stands up." Ears 7 to 8 in. long and contain 14 to 16 rows of deep yellow kernels. A remarkable early yellow dent corn.

WIS. HYBRID 355 - 90 DAY — Here is another unusually fine Wis. Hybrid suited for sections that must have an early maturing corn, or in many cases there are fields where for some reason planting is delayed until late in the season an early variety must be used. It is one of the best early maturing hybrids, ears are deep yellow, fine in appearance and remarkably large for so early a corn. Stalks grow 7 to 8 ft. tall, are very leafy and like all good hybrids stand up straight.

WIS. HYBRID 460 - 100 Day—One of the newer Wis. 100 day Hybrids that is highly recommended for an early corn. We grew it on one of our farms this past year and regard it very highly for yield and quality.

WIS. HYBRID 455 - 100 DAY—This Hybrid is about the same maturity as early strains of Golden Glow and is especially suited for central Wis., Minn., and similar latitudes. If you wish to shred your corn you will find this variety will mature early and the stalks will cure out properly. Even though it ripens early it is a remarkably heavy yielder. Ears are 7½ to 8½ in. long, deep golden color and have 14 to 16 rows of deep kernels. It grows a strong vigorous stalk, 8 to 9 ft. tall, well supplied with foliage and has a strong root system; it will stand up and produce a fine crop even in hot dry seasons.

WIS. HYBRID 525 - 105 DAY (In color on front cover)—This remarkably fine yellow dent will ripen at the same time as regular Golden Glow. Ears are fully as large as Golden Glow, symmetrical in shape, uniform and handsome in appearance. Stalks grow 8-9 ft. tall, stand up straight and practically every stalk bears a large ear. This is the most popular and widely used Hybrid for central Wis. and Minn. Many of our customers have had yields of 80 to 90 bu per acre. We sell more of this than any other Hybrid.

WIS. HYBRID 570 - 110 DAY—An excellent 110 day Hybrid suitable for Southern Wis., Southern Minn., Northern Ill., Iowa and similar latitudes. Produces large long ears well filled with deep yellow kernels, in fact one of our most beautiful Hybrid Corns. The heavy yield of large handsome and symmetrical ears will delight every farmer who plants this corn. Grows a strong heavily leaved stalk 8 to 10 ft. tall and always stands up. This seed was grown on our own farms.

WIS. HYBRID 645 - 115 DAY—This is our largest and heaviest yielding Hybrid. It grows a strong tall stalk, 9 to 10 ft. high, well supplied with heavy leaves. Each stalk will produce a large handsome ear and it does not take many of them to fill a bushel basket. Especially suitable for southern Wis., Minn., and all parts of Ill., Iowa and similar latitudes. This seed was grown on our farms here in Wis., and made a yield of 65 bu. per acre.

Jung's 1945 Hybrid Corn Prices

Good Hybrid Seed Corn, especially early varieties, are in short supply. We advise ordering early and naming your second choice on your order.

PRICES FOR 330, 355, 455 and 460

	Pk.	Bu.		Pk.	Bu.
Large Flats	\$2.25	\$8.00	Med. Rounds	\$1.75	\$6.25
Med. Flats	\$2.20	\$7.90	Large Rounds	\$1.50	\$4.50

PRICES FOR 525, 570 and 645

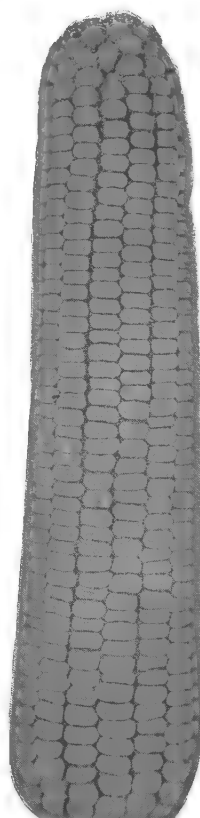

Large Flats	\$2.00	\$7.75	Med. Rounds	\$1.75	\$6.00
Med. Flats	\$1.95	\$7.65	Large Rounds	\$1.40	\$4.25

BY PARCEL POST PREPAID: Lb. 45c.; 3 lbs. \$1.00; 7 lbs. (enough for 1 acre) \$1.85. All prices subject to change.

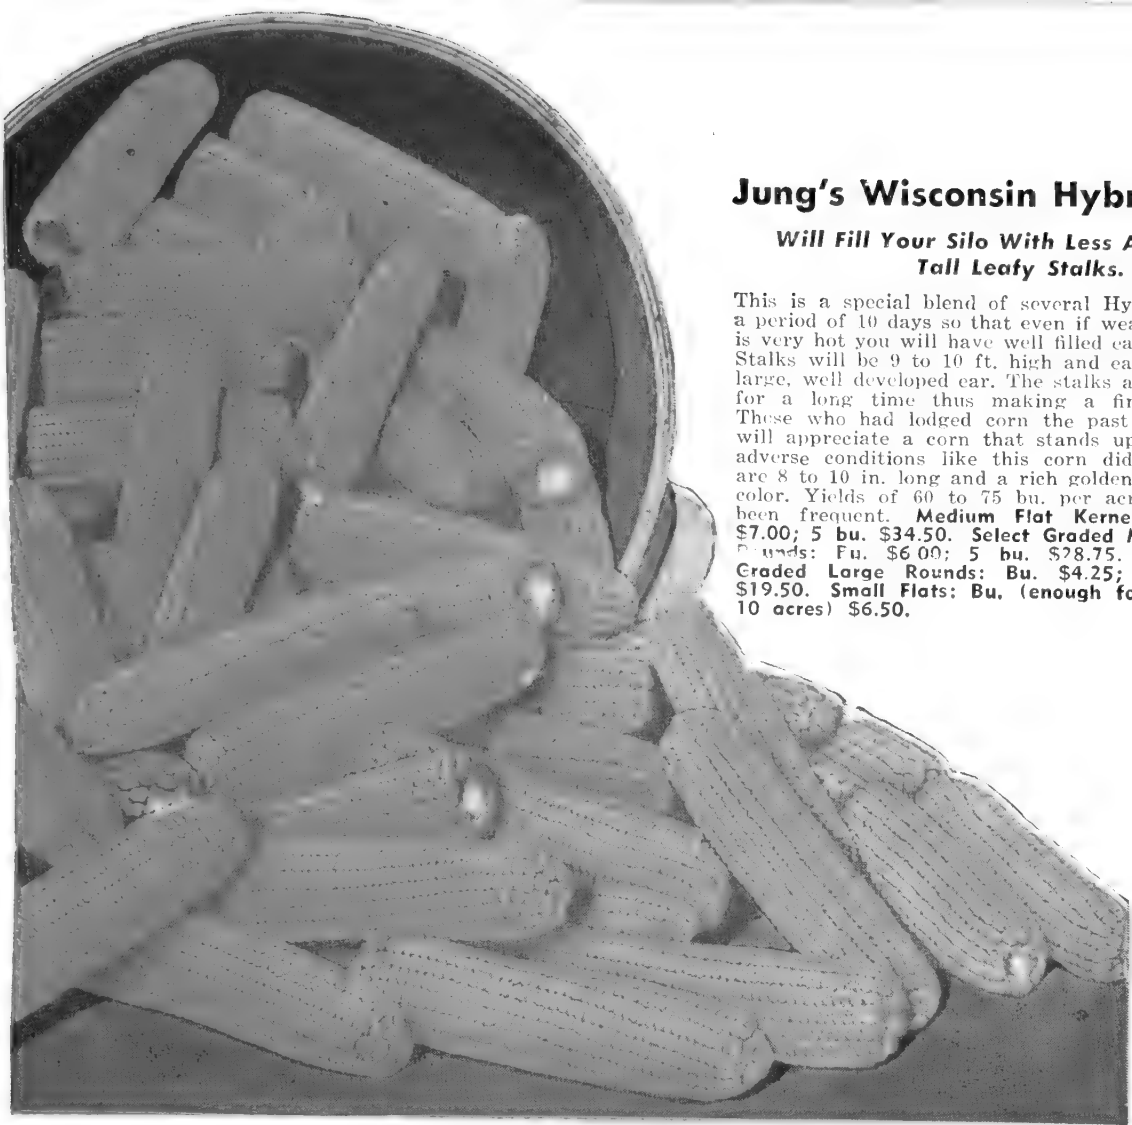

Do not make the mistake of planting Hybrid Corn too thick. You will get larger ears and more bu. per acre if planted 3 kernels in a hill.

WIS. HYBRID 330

WIS. HYBRID 355

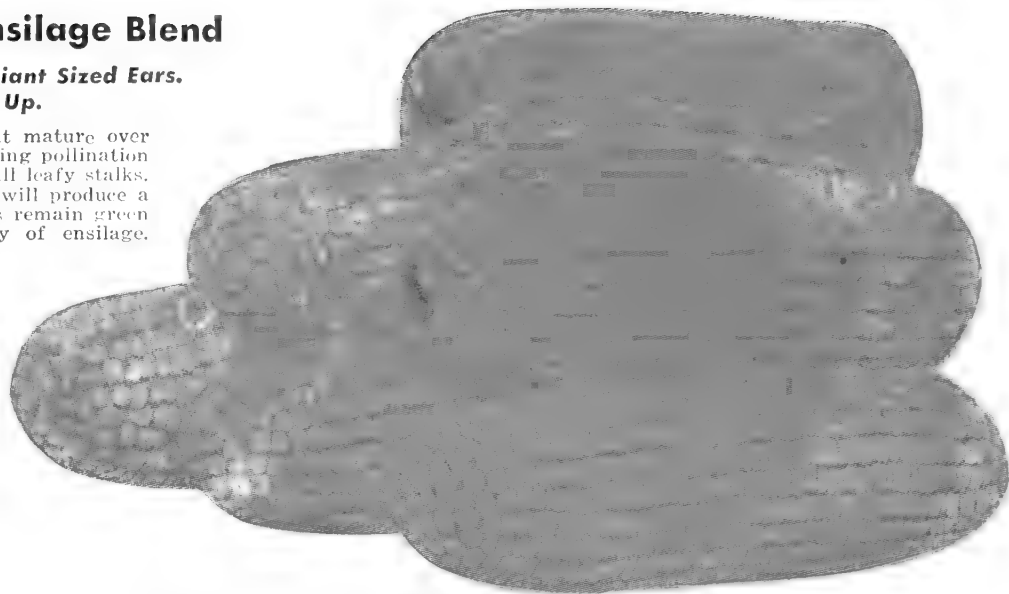

"ALL WEATHER" WISCONSIN HYBRID

Jung's Wisconsin Hybrid Ensilage Blend

Will Fill Your Silo With Less Acres. Giant Sized Ears.
Tall Leafy Stalks. Stands Up.

This is a special blend of several Hybrids that mature over a period of 10 days so that even if weather during pollination is very hot you will have well filled ears and tall leafy stalks. Stalks will be 9 to 10 ft. high and each stalk will produce a large, well developed ear. The stalks and leaves remain green for a long time thus making a fine quality of ensilage. Those who had lodged corn the past season will appreciate a corn that stands up under adverse conditions like this corn did. Ears are 8 to 10 in. long and a rich golden yellow color. Yields of 60 to 75 bu. per acre have been frequent. **Medium Flat Kernels:** Bu. \$7.00; 5 bu. \$34.50. **Select Graded Medium Rounds:** Bu. \$6.00; 5 bu. \$28.75. **Select Graded Large Rounds:** Bu. \$4.25; 5 bu. \$19.50. **Small Flats:** Bu. (enough for 9 to 10 acres) \$6.50.

TYPICAL EARS OF HYBRID ENSILAGE BLEND

"All Weather" Wisconsin Hybrid Corn

A considerable lot of experimental work has been done in planting Hybrid Corn of slightly different maturities in the same field and with uniformly good results. The principal advantage is that you will have pollination over a longer period and usually even better filled ears than if only one variety was planted. The demand for these well mated hybrids is steadily increasing and to meet this demand we have put up this special blend made up of 100 and 105 day Hybrids and we feel confident that you will be highly pleased with the fine crop you will grow from this seed. **Medium Flats:** Bu. \$7.25; 5 bu. \$35.25. **Large Rounds:** Bu. \$4.50; 5 bu. \$21.00.

NOTE: Large "rounds" will come up the strongest of any grade as there is so much plant food in each kernel and by using proper plates they can be dropped as accurate as any grade. Practically all manufacturers make plates for their planters that will handle large rounds perfectly.

New Wisconsin Wheat "Henry"

Resistant to Rust and Smut. Heavy Yields. Large Plump Kernels.

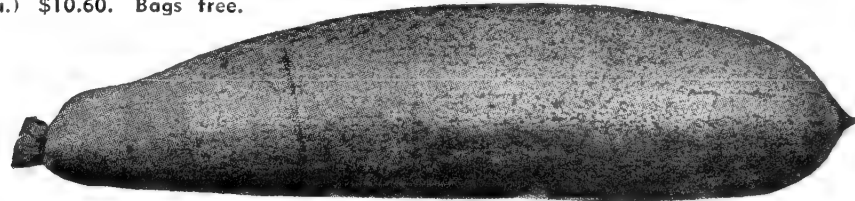

This remarkably fine new wheat developed at the Wis. Experiment Station will probably become as famous in wheat as "Vicland" is with oats. Its principal advantages are its resistance to smut and rust and its high yields, in tests covering several years it has greatly outyielded the older varieties and it will probably be one of the mostly widely sown spring wheats here in the north central states.

It grows a strong stiff straw, stands up well and matures about 5 to 7 days after Vicland Oats. The kernels are much larger than most spring wheats and have good milling and baking qualities.

The seed we offer was grown here on our own seed farms and is Blue Tag Certified seed and we have but a limited supply. Limit is 2½ bu. to a customer and sold only if other seeds are ordered at the same time. **Bu. \$4.50; bag (2½ bu.) \$10.60. Bags free.**

HENRY WHEAT

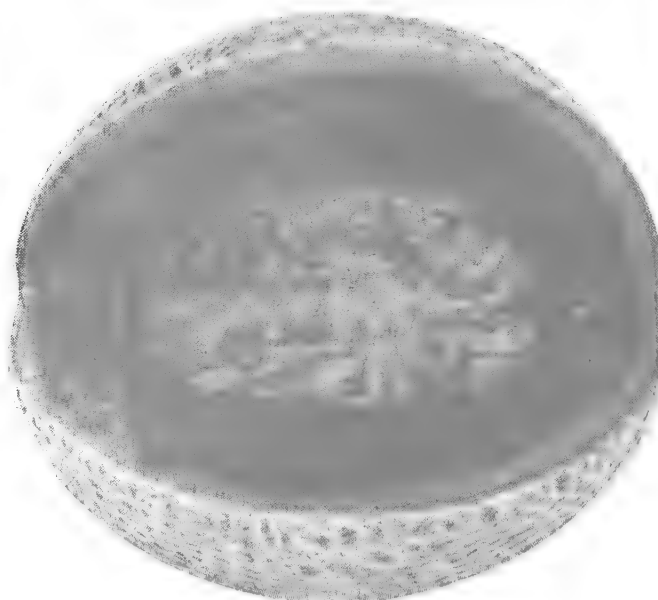

BANANA SQUASH

The Great Banana Squash

Strong Vigorous Vines. Resistant to Squash Bugs.

A very desirable fall and winter squash. It ripens early, is a good keeper and bears heavily. The fruits grow 20 to 30 in. long, 6 to 8 in. in diameter and contain few seeds. Flesh is a deep orange color, entirely free from strings and fibre; cooks up perfectly smooth, sweet and of the most delicious flavor. **Pkt. 8c; oz. 18c; ¼ lb. 50c.**

PRIDE OF WISCONSIN

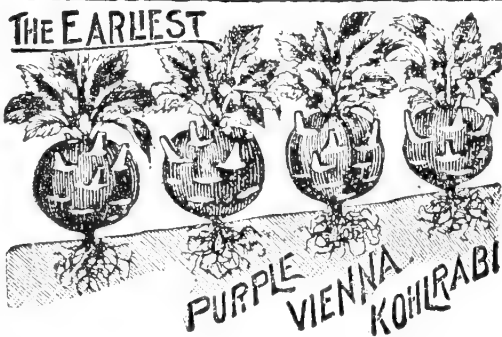

Pride of Wisconsin Musk Melon

Heavy Yields. Handsome Appearance. Wonderful Quality.

A grand Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold. The melons are oval in shape, weighing 4 to 5 lbs. Rind is very hard and tough, of a pearl gray color and heavily covered with a distinct netting. Flesh is unusually thick, deep orange in color, fine grained and remarkably sweet and sugary. A grand melon for either the home garden or market. **Extra Select Seed: Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. \$2.50.**

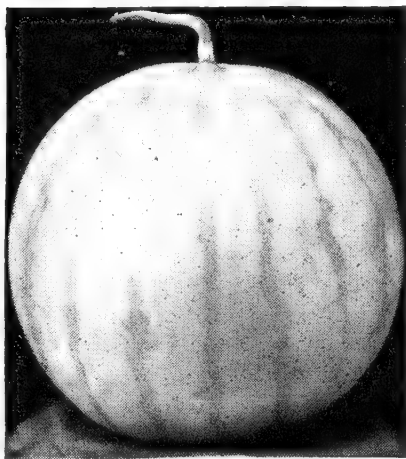

VINE PEACH

Grows on a vine the same as a melon. The fruits have the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles, may also be sliced and fried like egg plant. Fruit will keep a long time after picking. **Pkt. 7c.**

CITRON

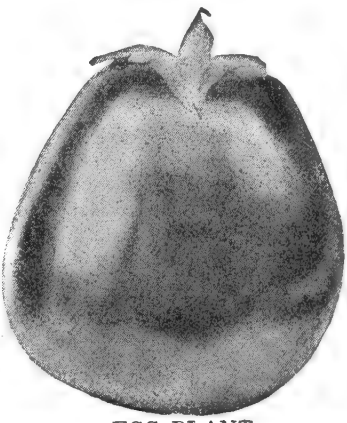

COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. **Pkt. 5c; oz. 15c; ¼ lb. 45c.**

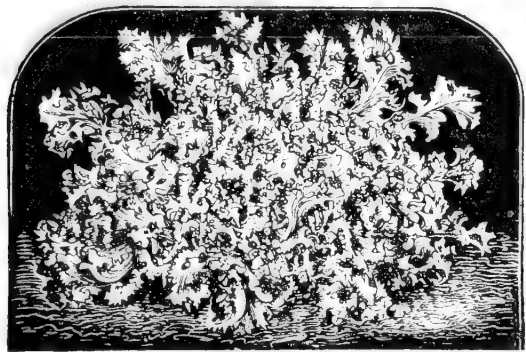

CITRON

GOURDS

FANCY MIXED—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or out-buildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. **Pkt. 7c; ¼ oz. 15c.**

EGG PLANT

ENDIVE

ENDIVE

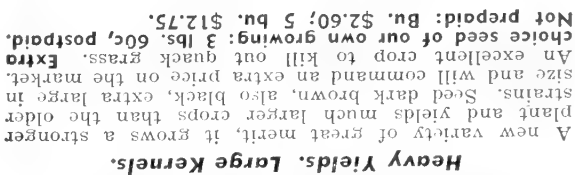

GREEN CURLED—Mostly sown in June or July for fall use, plant in rows about one foot apart, thin out to 8 in. apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. **Pkt. 7c; oz. 15c; ¼ lb. 50c.**

FANCY GOURDS

BLACK BEAUTY EGG PLANT

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits which weigh from one to three pounds each, close to the stem. The Calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear eight to ten immense fruits before being killed by frost. **Pkt. 8c; ½ oz. 25c; oz. 40c.**

Heavy Yields. Large Kernels.

choice seed of our own growing: 3 lbs. 6
Not prepaid: Bu. \$2.60; 5 bu. \$12.75.

Extra Early. Enormously Produc-

Long, 15 inches. This variety was developed improved Wisconsin Agricultural Association. It is more prolific than any other fine corn and also has a stronger stalk than any other Wisconsin conditions. The ears are long, often 14 in., and have eight rows of large kernels which shade to deep towards the tip. The stalks grow 6 to 7 ft. tall and make excellent corn to plant for "hogfeed" as it matures so early. We have an excellent lot of seed of our own growing. Lb. 30c; 3 lbs. 75c. Not prepaid. Pk. \$1.60; bu. \$5.50.

THATCHER SPRING WHEAT

We have tried out many different varieties of Spring Wheat on our farms and have had the best results with Thatcher. It was originated by the Minn. Exp. Station and has given the best yields of any variety. It is seedless, early maturing and stands up well. Tests have proved it to be the equal to Marquis for milling and baking qualities. Sow not over 1 1/2 bu. per acre as it stools out heavily. I was grown on our own farms and made a yield of 41 bu. per acre. State Inspected Seed: Lb. 35¢, 3 lbs. 80¢, postpaid. Not prepaid: Bu. \$2.75; 5 bu. \$13.00. Bags free.

REED CANARY GRASS

ROX ORANGE

HANSEN WHITE PROSO

The Great Emergency Grain Crop. Matures in 60-70 Days. Excellent Poultry & Hog Feed. This is a great improvement over the common hog millets as it yields a larger kernel, is whiter in color and yields more. Makes an unusually good poultry feed and is equal to grain for hogs and live stock. Well suited for dry areas where barley and oats will not succeed; here in the middle west it can be sown at the end of June and still mature a crop. The seed we offer was grown here on our own farms and yielded 48 bu. per acre. 1b. 30¢; 3 lbs. 90¢. Not prepaid; 25 lbs. \$1.60; 50 lbs. \$3.00; 100 lbs. \$5.75. Bags free.

Inoculate Soy Beans — See Page 34

May Beans are rapidly becoming one of our favorite crops as they can be used in so many ways. They are grown for hay, silage, and for stock that can be grown on acid soil and will up the fertility. Prices subject to market changes.

WIS. MANCHU No. 3—A selection of Manchus made by the Wis. Exp. Station. It is earlier and has even heavier yield than the old variety. It ranks as the best variety for southern Wis., Minn., and similar latitudes. Fancy Wis. grown seed: Lb. 25c; 5 lbs. 60c, postpaid. Not prepared: Bu. \$3.00; 10 bu. \$29.50. Bags free.

WIS. MANCHU No. 606—An extra early variety developed at the Wis. Exp. Station and Spooner, Wis. Especially suited for Wis. and Minn. where other varieties are too early. Grows a sturdy bush and is a remarkably good yielder. Blue Tag State Certified seed grown on our own seed farms. Lb. 35c; 5 lbs. 80c, postpaid. Not prepared: Bu. \$3.50; 10 bu. \$32.50. Bags free.

WIS. No. 38 BARLEY

Resistant to Rust and Smut. Stiff Straw. Immense Yields.

Another season has added to the fame of Vicland Oats as they produced large yields and heavy oats where other varieties were only fair and often poor in quality, yields of 100 bu. per acre were nothing unusual. Vicland Oats were originated at the Wis. Experiment Station and have proved to be one of the best varieties ever sent out. It has a short straw and is especially suited for rich soils where other varieties lodge; it is resistant to both rust and smut. The kernels are medium in size, yellow in color, have a thin hull and usually weigh 36 to 38 lbs. per measured bushel. It will stand in the shock for a long time without sprouting, a distinct advantage in rainy weather such as we had the past year. Do not sow too thick, 7 to 8 pks. per acre is enough for a good crop. As usual, "Vicland" has again produced a wonderful crop and we have a very fine lot of this seed grown here on our own seed farms. Certified Blue Tag, Lb. 35c.; 3 lbs. 80c., postpaid. Not prepaid: 8 bu. (1 bag) \$6.00; 5 bags or more at \$5.85 per bag. Fancy State tested seed (grown from certified seed): 3 bu. (1 bag) \$4.25; 5 bags or more at \$4.00 per bag. No charge for bags.

Heavy Yields. Resistant to Rust. Grows a Tall Straw.

Another fine rust-resistant
Wieland might be too short.
It was developed at the Iowa Agr. Station
and has made fine
yields where ordinary oats were failures.
Kernels are white, slightly
larger than Wieland and have a thin hull.
We have some nice clean seed
grown on our own farms. Lb. 30¢;
3 lbs. 60¢, postpaid. Not prepaid: Bu. \$1.45; 3 bu. \$4.25; 10 bu. \$13.00.
Bags free.

The Coming Barley. Smooth Beards. Easy to Handle as Oats. Large Plump Kernels. Heavy Yields. Why Grow the Old Bearded Barley Any Longer?

This New Barley is Pleasant to Handle and Yields More. The ordinary barley and for this reason the beards are smooth and will not cling like the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wis. Experiment Station over a period of 4 years the "Wis. 38" average yield was 54.6 bu. per acre. We have seed to offer this year that was grown on our own farms; is high in germination and free from foul weeds. Blue Tag Certified Seed. Lb. 55c; 3 bu. 75c, postpaid. Not prepaid. Bu. \$2.45; 2 1/2 bu. \$5.85; 5 bu. \$10.90. Bags free.

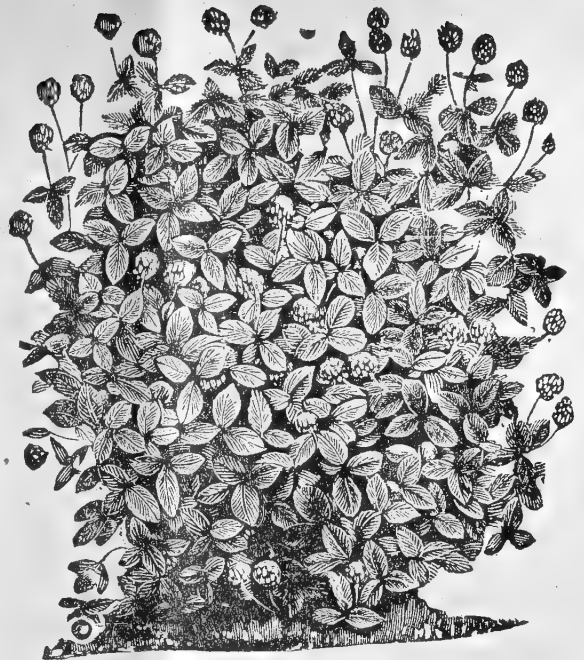

JUNG'S NORTHERN GROWN FARM SEEDS

Jung's Fancy Recleaned Clover Seed

Clover is without any question the most popular and widely grown crop for hay, pasture and also for building up or enriching the soil. This season the price of the seed is very reasonable and every farmer should sow clover liberally. In sowing clover nothing is more important than that the seed be pure and free from foul weeds.

FANCY MEDIUM OR RED CLOVER

We have an unusually fine stock of Medium Clover Seed. It is bright, pure, of high germination and free from foul weeds. This is the standard Red Clover and a dependable all-around variety for farmers and stockmen. It makes two crops a year. The first is usually cut when in bloom for hay; the second crop may be cut for hay, harvested for seed or plowed under to add fertility to the soil. It pays always to buy the best grade of CLOVER SEED that can be obtained. Even though the first crop cost is more than the cheaper grade, it will be found in the long run that inferior seed is the most expensive, not only on account of less hay or seed produced from it but from the fact that one's land is liable to become infested with weed seeds. Sow **GOOD CLOVER SEED** and plenty of it. Fancy Seed: Lb. 65c; 3 lbs. \$1.75, postpaid; not prepaid: Pk. \$7.00; bu. \$27.20; 2½ bu. \$67.50.

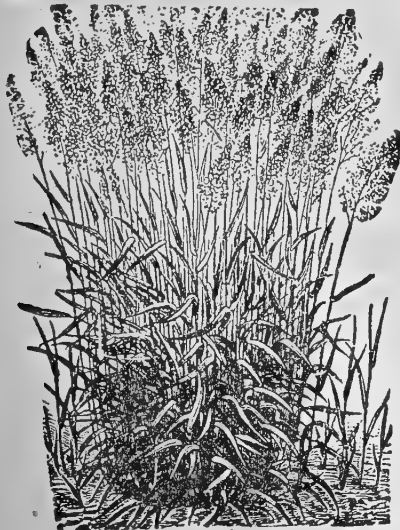

MEDIUM OR RED CLOVER

ALSIKE CLOVER

The advantage of Alsike over Red Clover is its true perennial character and great hardness. It will adapt itself to extremes of either wet or drought and will flourish on soils where red clover would not grow. It is also more leafy and does not have heavy stalks and for this reason makes a finer hay especially when sown with Timothy. Also excellent for pasture as it is very hardy and seldom winter-kills. Alsike is the only clover that will thrive and not kill out on low places. Fancy Seed: Lb. 65c; 3 lbs. \$1.75, postpaid. Not prepaid: Pk. \$6.75; bu. \$27.20.

MAMMOTH CLOVER

This is well known for its enormous yield and is largely used as a fertilizer to plow under green. It is very hardy and hardly ever freezes out. Also excellent for pasture as it produces so much forage. It produces very large crops of hay, 3 to 5 tons per acre. As a fertilizer to plow under green it has no equal; also excellent to sow with small grain for fall pasture, using from 4 to 6 lbs. per acre. Lb. 65c; 3 lbs. \$1.75, postpaid; not prepaid: Pk. \$7.00; bu. \$27.20. Bags free.

KENTUCKY BLUE GRASS

FANCY KENTUCKY BLUE GRASS

Also known as June Grass. A very valuable grass for sowing down pastures and also the standard grass for lawns. We offer fancy heavy seed and price is very reasonable this year. Lb. 50c; 3 lbs. \$1.40, postpaid; not prepaid: 10 lbs. \$3.60; 25 lbs. \$8.75; 100 lbs. \$34.50.

TIMOTHY

Fancy Recleaned TIMOTHY

As a crop for hay TIMOTHY is probably unsurpassed by any other grass. It is highly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is not suited for a permanent pasture as it will run out in the course of a few years. The largest crops of hay are raised on rich land. It is not suited for light, sandy soil so well as some other grasses. The most important point in the growing of TIMOTHY is the selection of **GOOD SEED, POOR SEED, besides containing weed seed WILL NOT ALL GROW.** Extra Fancy Seed: Lb. 30c; 3 lbs. 80c, postpaid; not prepaid: Pkt. \$1.30; bu. \$4.00; 2½ bu. \$9.85. Bags free.

FANCY HULLED RED TOP

A suitable grass for moist, rich soils where it thrives most luxuriantly. It is a good variety to sow with Timothy or clover for meadow or pasture and is more permanent than either of the other two. Lb. 45c; 3 lbs. \$1.25, postpaid; not prepaid: 10 lbs. \$2.60; 25 lbs. \$6.25; 100 lbs. \$24.50.

SUDAN GRASS

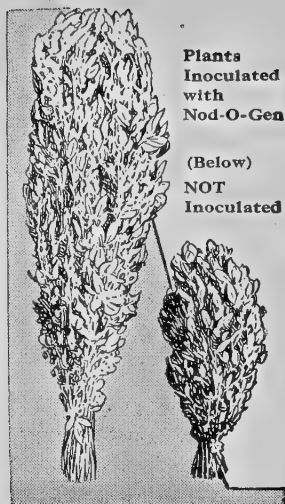

Sudan Grass, although comparatively a new plant is becoming very popular. It is far more valuable for hay than millet or any of the sorghums as it is just as easy to grow, and will produce more and better hay. It makes a heavy yield, 3 to 5 tons of cured hay per acre, usually two cuttings per season can be made for it will grow again like alfalfa. The hay is of excellent quality and all kinds of stock eat it readily. An excellent crop to sow after peas as it can be sown as late as July 10th and still make a crop. Sow broadcast like oats, 20 to 25 lbs. per acre, any time from May 20th to July 10th. Try some, we know you will like it. Lb. 30c; 3 lbs. 75c, postpaid. Not prepaid: 25 lbs. \$2.90; 100 lbs. \$10.50. Prices subject to change.

BROME GRASS

A vigorous growing grass well suited for dry soils as it roots deeper than most grasses. Well suited for hay or pasture, often used with alfalfa. Sow 18 to 25 lbs. per acre. Lb. 45c; 3 lbs. \$1.25, postpaid. Not prepaid: 25 lbs. \$5.75; 100 lbs. \$21.00.

« THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED »

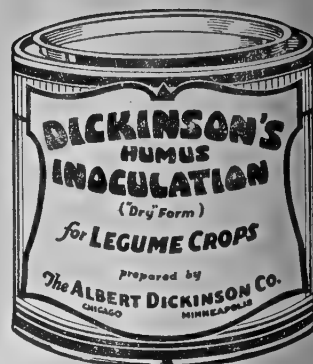

Dickinson's Humus Inoculation

Now you inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodules bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

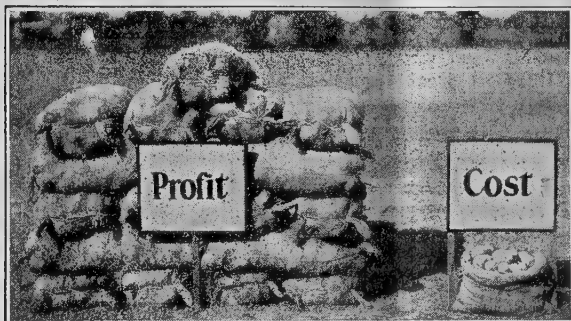

Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

No. 1—Alfalfa and Sweet Clover. Bu. 50c; 2½ bu. \$1.00
No. 2—Clovers of all kinds. Bu. 50c; 2½ bu. \$1.00.

Only 0.4 of a bushel of the average yield increase of 35.4 bushels was required to pay for the Improved Semesan Bel, leaving a return on money invested of 9830 per cent. Easy to Apply. Costs only 2c per Bu. Prevents Scab and Rot.

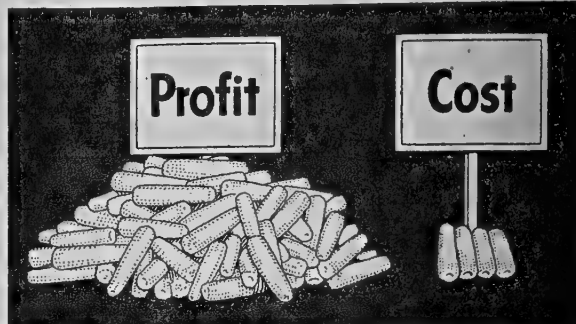

Treat Your Potatoes With NEW IMPROVED SEMESAN BEL

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1½ to 3 cents per bushel. Full instructions on every can. 2 oz. pkg. 25c; 1 lb. can \$1.65; 5 lb. can \$7.25.

NEW IMPROVED CERESAN Will Increase Your Grain Yields

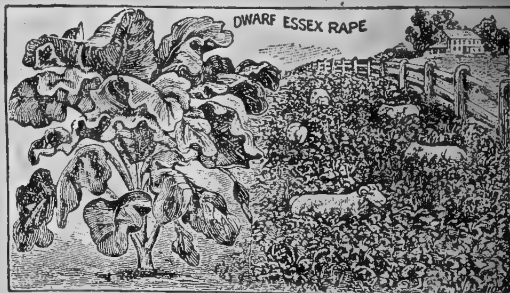

PREVENTS SMUT. INCREASE YIELD. LOW COST. Why grow smutty grain, which greatly reduces your yield, when for 2 to 3 cents per bu. you can treat your seed and prevent a loss. Very effective in preventing bunt or stinking smut on wheat, covered smut and stripe disease on barley and smut on oats. Also improves the stand and will increase your yield from 3 to 5 bu. per acre. Easily and quickly applied, requires no water, and will not bother in sowing after it is treated. A pound can will treat 30 bu. of seed grain. Full instructions on every can. 1 lb. can 80c; 5 lb. can \$3.50.

New Improved Semesan Jr. increased the yield on the average 3.55 bushels per acre. Only 4 ears, or 3½ pounds of corn required to pay for this increase in yield.

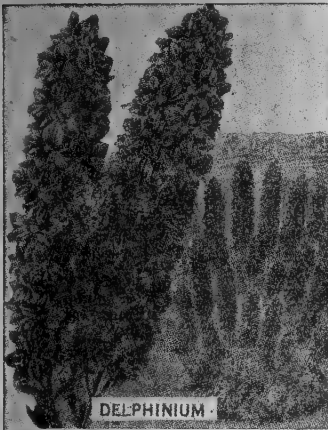

Treat Your Seed Corn With NEW IMPROVED SEMESAN JR.

Diseases of corn, such as Ear, Root and Stalk Rots, that attack corn cause millions of dollars loss every year to the American farmer. Semesan Jr., not only holds these diseases in control but it also increases the yields from 5 to 10 per cent. We have found it extremely valuable for treating all of the corn we plant, especially when the soil is wet and cold, as it will prevent rotting of the seed. It is easy to apply to the seed by dusting, using 1½ oz. to a bushel of seed. It only costs 3 to 5 cents per acre to treat your seed corn and we believe is one of the best paying investments any farmer can make. Ask for booklet on Treating Corn with Semesan Jr. 1½ oz. pkt. 15c, 2 for 25c; 12 oz. can 65c; 6¼ lb. can \$3.75.

DWARF ESSEX RAPE

It is ideal for sheep pasture and is now largely sown for cattle and hogs. It furnishes an immense amount of green feed on a small area. Under favorable conditions it is ready for pasturing in 6 weeks from the time of sowing and furnishes excellent feed throughout the summer and fall. Dwarf Essex Rape thrives best on good soil, rich in vegetable matter. We handle the VERY BEST SEED which is always sure to give satisfaction. Lb. 35c; 3 lbs. \$1.00, postpaid. Not prepaid: 10 lbs. \$2.50; 25 lbs. \$6.00; 100 lbs. \$23.50.

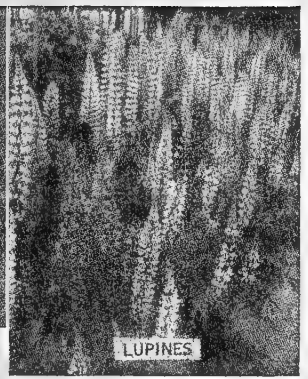

DELPHINIUM

GAILLARDIA

STOKESIA

LUPINES

Hardy Perennials

We offer a list of the most popular perennials, varieties that are easy to grow and sure to please.

SHASTA DAISY

DELPHINIUMS—Fancy Blue Hybrids—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plant that should have a place in every border or garden. They are grand for cutting and very graceful for bouquets.

SHASTA DAISY—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

HOLLYHOCKS — Double Rose Flowered Mixed—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 7 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

FANCY HARDY LUPINE—These beautiful hardy plants produce handsome bushes of green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

HARDY BLUE STOKESIA—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

COREOPSIS—Grandiflora Mixed—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

CANTERBURY BELLS — Giant Flowered Mixed—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bellshaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

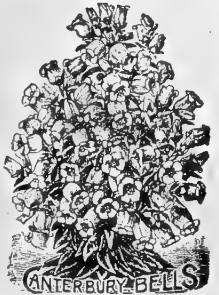

FOX GLOVE—Mammoth Flowered Mixed—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

GAILLARDIAS—Giant Fancy Hardy—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until fall. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets.

POPPIES—Iceland Mixed—Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 2 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. Pkt. 10c; 3 pkts. 20c.

PLATYCODON — Grandiflora Mixed—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bellshaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

SWEET WILLIAM—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce large heads or clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

Jung's Wholesale Prices on Garden Seeds

As is the customer with most seedsmen we make special prices to market gardeners or those planters requiring seeds in large quantities. These seeds are of the highest quality being grown by us or growers who have made a specialty of producing high grade pedigreed seeds. Quality considered we believe you will find our prices very reasonable. Remember it costs more to produce good seeds but they are also worth more when the resulting crop is taken into consideration.

Without good seed the best land and cultivation cannot yield you a profitable crop.

Please Notice At the prices quoted on this page we do not pay shipping charges, please state on your order whether we should ship by freight or express.

We cannot fill any orders at these prices unless it amounts to \$5.00 or more. All prices are subject to change.

NOTE—Half bushels may be ordered at bushel rates, half lbs. at lb. rates.

RED IRIS

Beautiful Red Toned Iris

Not many people are aware of the wonderful progress that has been made with Iris in recent years especially in red shades. So that you may have a fine assortment of the red-toned varieties we will send you a collection of

5 RED IRIS FOR \$1.25

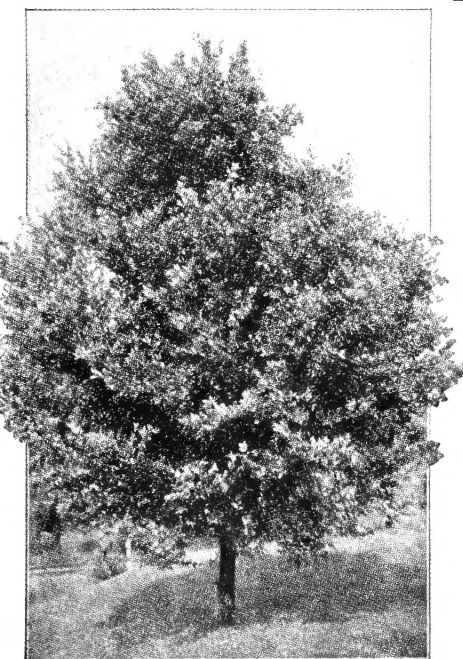

These are large select plants, many of them sold for \$2.00 each only a few years ago. Each plant labeled.

Iris plants shipped during July and August.

NOTICE

Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to 75c or more.

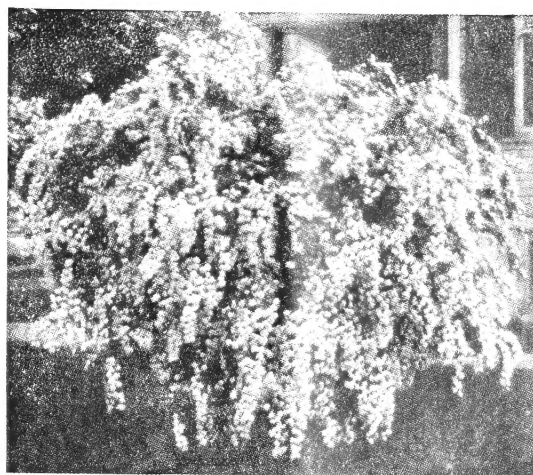

With every order we include free a booklet of Instructions on how to plant and care for Bulbs, Plants, and Shrubs.

CHINESE ELM

Giant Bleeding Heart

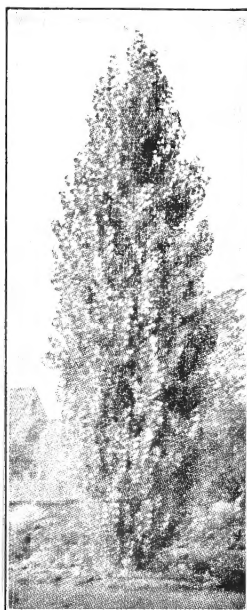

An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery, also used quite extensively for cutting or bouquets. Does equally well in sun or shade. **Each 35c.; 3 for 90c.**

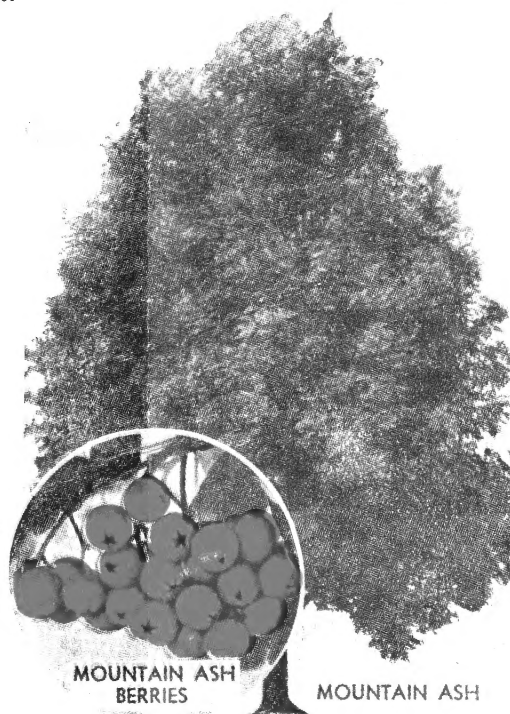

SPIREA V. H.

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from Insects and Disease—One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. **Extra Strong Plants: Each 30c.; 3 for 70c.; 6 for \$1.35; doz. \$2.50.**

LOMBARDY POPLAR

MOUNTAIN ASH
BERRIES

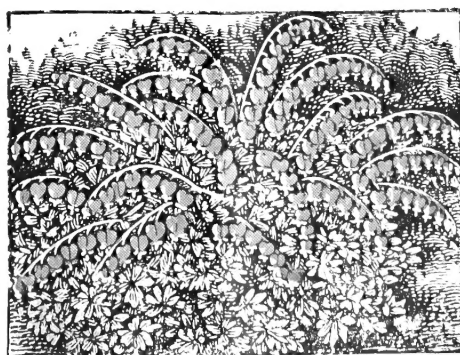

MOUNTAIN ASH

Ornamental and Shade Trees

MOUNTAIN ASH—A hardy, medium-sized tree of unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright, showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. **3-4 ft. trees 60c each; 3 for \$1.45.**

LOMBARDY POPLAR—A widely used slender growing tree suitable for planting along drives and boundary lines, also useful for wind-breaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. **4-5ft. trees, 40c each; 3 for \$1.10; 12 for \$4.00.**

CHINESE ELM—A new elm which is becoming very popular as it is one of the rapid growing shade trees. It is a fine shaped tree, extremely hardy and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted, with plenty roots, sturdy trees, no spindly seedlings as are often offered at low prices. **Strong transplanted 4 to 5 ft. trees. Each 45c.; 3 for \$1.25; 12 for \$4.50.**

BLEEDING HEART

JUNG'S GIANT RED PEONY

Jung's Giant Red Peony

If you can have but one Peony plant let it be this grand variety. Flowers are very large, fully double and a bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. **Strong 3 to 5 eye plants. Each 45c.; 3 for \$1.25.**

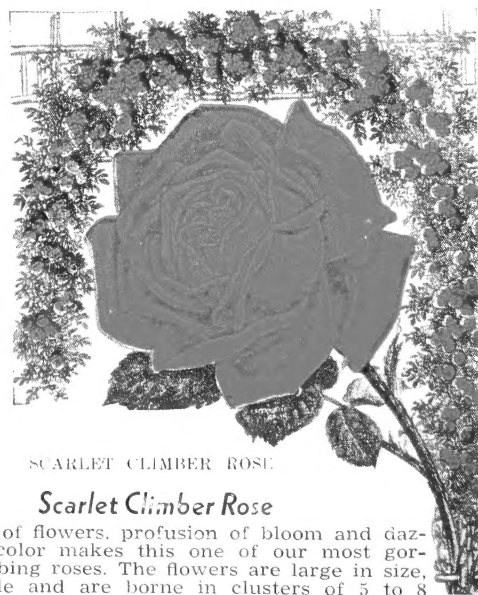

DWARF IRIS

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris, flower beds; also desirable for rock gardens. They come into bloom very early and spread freely soon forming a solid mass of color.

DR. POTTER—Deep purple, free flowering.
BETTY PRESBY—Light yellow, profuse bloomer.

Price of above: 6 for 45c.; doz. 80c.; 25 for \$1.50. Plants shipped in July and August.

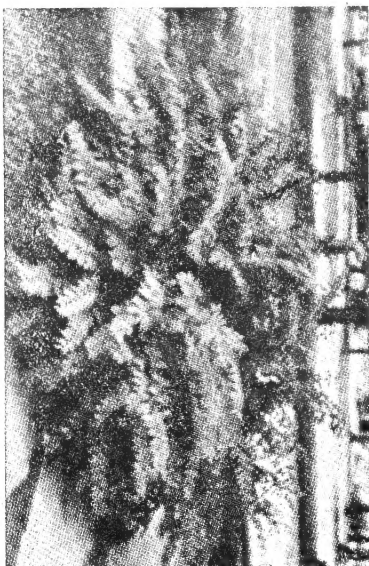

SCARLET CLIMBER ROSE

Scarlet Climber Rose

The size of flowers, profusion of bloom and dazzling red color makes this one of our most gorgeous climbing roses. The flowers are large in size, very double and are borne in clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2 yr. field grown plants: Each 50c.; 3 for \$1.40.**

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings, can be pruned or sheared to suit your fancy, the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. **We offer strong, 2 yr. transplanted plants of our own growing, 3 for 45c.; 12 for \$1.50; 50 for \$5.50; 100 for \$11.50.**

REGEL PRIVET

AMOUR RIVER PRIVET

Regel or Fern Privet

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. **Strong 2 yr. plants: Each 30c.; 3 for 85c.; 12 for \$3.00.**

Hansen Bush CHERRY

A Beautiful and Useful Hardy Ornamental Shrub

A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies or jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. **Strong 2 yr. field grown plants: Each 35c.; 3 for 95c.; doz. \$3.25.**

Except where noted we pay postage. Please remember this when comparing prices.

ORDER EARLY

BUSH CHERRY

New Peony

"Solange" The Regal Beauty

Its high rating of 9.7 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rosette and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the rarest "yellow" Peony to be had. **Strong Plants: Each 65c.; 3 for \$1.75.**

SOLANGE

Jung's Giant Red Gladioli

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red." **Large Select Bulbs: 6 for 50c.; 12 for 95c.**

LAWN GRASS

Jung's Fairfield Special Mixture: ALWAYS GROWS, ALWAYS THRIVES, HARDY DEEP VELVET GREEN, SURE TO PLEASE

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting deep green at all seasons. **The seed used is PURE AND HEAVY, and is especially cleaned.** This mixture weighs from 25 to 27 pounds per bushel. It is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. 60c.; 5 lbs. \$2.80. portaid. Not prepaid: 25 lbs. \$12.00; 50 lbs. \$23.00; 100 lbs. \$42.50.**

Shady Spot Lawn Grass

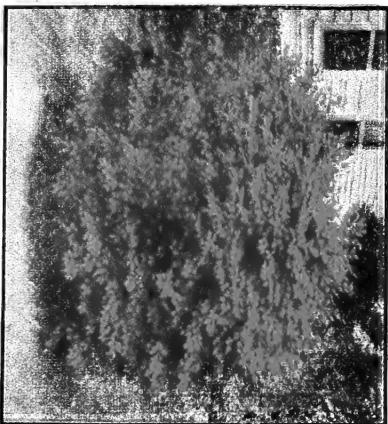

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. 70c.; 5 lbs. \$3.25, postpaid.**

Fancy Wisconsin White Clover

For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed: 1/4 lb. 35c.; 1/2 lb. 65c.; 1 lb. \$1.20; 5 lbs. \$5.75, postpaid.**

The Showy Fire Bush

(Euonymus alatus) An unusually handsome shrub, growing to a height of 5 to 6 ft., most regular in outline and well suited for planting with other shrubs or as specimen plants on the lawn. The bright glossy green leaves change in the fall to a deep rose color, particularly handsome in fall with its brilliant foliage and scarlet berries. **Select 3-yr. plants: Each 50c.; 3 for \$1.25.**

FINE BUSH
